

**Learning Disabilities Teacher Consultant
STANDARD CERTIFICATE (ENDORSEMENT CODE: 3300)**

Please print this page before you apply.

This endorsement authorizes the holder to serve as a learning disabilities teacher-consultant in public schools in grades preschool through grade 12.

OPTION 1

To be eligible for the Learning Disabilities Teacher Consultant Standard, **shall hold the appropriate master's degree, send in documentation of the appropriate teaching experience outlined in Option #2, and complete ONE of the following:**

1. An appropriate NCATE-approved educational services program at an out-of-State college or university. **Please send in official transcripts with degree conferral and documentation that you completed an NCATE-approved program.**

2. Out-of-state candidates who have three years of successful full-time experience in the appropriate field in another state under that state's standard certificate authorizing such service may be eligible for the standard NJ certificate. The candidate shall hold a currently valid standard certificate from that state in the appropriate field. The experience shall occur in the seven years immediately prior to the application for the New Jersey educational services certificate. **Please send in official transcripts, a copy of the out-of-state license, and an official letter on school letterhead from a school official validating 3 years of a fulltime experience under a valid out-of-State license. The letter should include dates of employment, assignment, and full-time or part-time status.**

OPTION 2

If you do NOT meet one of the requirements listed above in Option #1, you must complete all the requirements below.

To be eligible for the Learning Disabilities Teacher Consultant Standard, you must complete the following:

- Master's or higher degree from a regionally accredited college or university. **Please submit official transcripts.**

- Standard New Jersey or out-of-State instructional certificate. **Please submit a copy of your certificate.**

- An original letter from a school official documenting three years of full-time teaching experience. **Please have a school official write an**

official letter on school letterhead documenting at least 3 years of full-time teaching experience.

Complete at least **24** Graduate credits in **all** the areas of study listed below:

(1) Education of students with disabilities including study in history of the development of educational services for children in each area of exceptionality; study of present services, research and professional ethics dealing with the characteristics of children who differ from the norm intellectually, physically, socially and emotionally; evaluation of present practices in the education of students with disabilities; study of the relationship of educational practices and their environmental settings; and cultural and linguistic diversity;

(2) Learning theory including study in motivation and its effect on learning; study of leading theories of learning; study of rewards and incentives; and study in interests and climate for learning;

(3) Remediation of basic skills including study in research-based corrective methods and materials as related to specific diagnostic findings, the requirements of the CCCS, and the school and classroom environment;

(4) Physiological bases for learning including study of the neurological development and physical readiness of the normal child for learning; study of abnormal conditions of health that contribute to educational disability and study of metabolic and infectious disorders which affect learning;

(5) Orientation in psychological testing including study of an overview of tests applicable to educational psychology; interpretation of psychological reports as applied to tests administered; the appropriate use of tests and the potential misuse of test results; and test construction theory;

(6) Diagnosis of learning problems including study of the nature and cause of learning problems; formulating an evaluation plan for educational assessments; administering and interpreting technically sound and culturally responsive standardized instruments and functional assessment procedures to determine educational levels, underlying deficits, and learning style; methods of arriving at a diagnosis based on

evidence available from each child study team (CST) member; and ways of reporting diagnostic findings;

(7) Accommodations and modifications as a method of providing service to children with learning problems (*Correction of learning problems*) including utilization of validated methods for adapting instruction for diverse learning needs; technology for students with disabilities; understanding of accommodations and modifications in curriculum, materials, methods, classroom structures, assessment; utilization of the individualized education program (IEP) and the CCCS accommodation and modification; methods to enhance social relationships and positive behavior methods; focus on the inclusive classroom environment; legal issues related to the responsibilities of the CST including the requirements of a free appropriate public education, least restrictive environment, the determination of eligibility, and the development of the IEP;

(8) Collaboration theory and practice including theory and process of conducting collaborations; establishing collaborative partnerships between general and special educators, with parents and families, and with paraprofessionals; methods of co-teaching including in-class support, classroom consultation, and co-teaching; preparation for participating in a multidisciplinary child study team setting with opportunities for modeling and participation in team staffing and parent conferences; opportunities to observe, rehearse, and present results from evaluations in practice sessions;

(9) A college supervised consultant-level practicum in diagnosis and remediation of educational disabilities in school and clinical situations. The definition and nature of this practicum, and the courses in which it will be provided, should be clear in the program description. The practicum should provide for a minimum of 90 clock hours of college supervised experience. This may not be a student teaching experience; and

If Needed, Elective credits from any of the above areas of study (1-9) **or** from areas such as group dynamics; methods and materials for teaching students with disabilities; curriculum development in the teaching of students with disabilities; teaching of reading; assistive/adaptive technology; interviewing and counseling; educational psychology; and community resources.

NOTE: All courses must appear on a regionally accredited 4-year college/university transcript.

OTHER:

Please provide official course descriptions from all graduate coursework that covers the above required study areas.

Please contact a regionally accredited 4-year college/university to register for courses covering these required areas of study.
