INTRODUCTORY SECTION

**Interlaken Board of Education
100 Grassmere Avenue
Interlaken, N.J. 07712**

February 03, 2011

The Honorable President and Members
of the Board of Education of the Borough of Interlaken
100 Grassmere Avenue
Interlaken, N.J. 07712

Dear Board Members:

The comprehensive annual financial report of the Interlaken School District (District) for the fiscal year ended June 30, 2010 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Interlaken Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and federal and state financial assistance. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the general purpose financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is not required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget Circular A-133, "Audits of States and Local Governments and Non-Profit Organizations", and the New Jersey OMB's Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments." Information related to this audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations are included in the federal and state assistance section of this report.

1. REPORTING ENTITY AND ITS SERVICES:

Interlaken School District is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds and account groups of the District are included in this report. The Interlaken Board of Education, a non-operating district, constitutes the District's reporting entity.

The District offers a full range of educational services appropriate to grade levels K through 12 through its sending-receiving relationship with the Asbury Park Board of Education. Classes offered are regular, vocational, and special education for disabled youngsters. Vocational students are sent to the Monmouth County Vocational Technical School District. Academically or gifted students are enrolled at Monmouth County Vocational School's technical or specialized vocational high schools or are accepted into Red Bank Regional High School's specialized performing arts or financial programs. Asbury Park Board of Education's Child Study Team evaluates the students considered in need of special educational services. Handicapped students whose Individualized Educational Plans (IEPs) indicate the need for unique placements are sent to the most appropriate public or private schools where their needs can be met. The District completed the 2009-2010 school year with an enrollment of 7 special education students, 3 in private special education placements, 2 in Red Bank Regional High School, 1 in Colts Neck Township School and 1 in Asbury Park Preschool, no home instruction students, 3 vocational school students and 6 Red Bank Regional High School students. The latter two groups were accepted into specialized programs through competitive testing or performances and participation is consistent with code.

2. ECONOMIC CONDITIONS AND OUTLOOK:

Five blocks wide and seven blocks long, Interlaken was founded in 1895 as a haven for artists, and is the only exclusively residential community in New Jersey, with no schools, churches or businesses. Its April 2002 census population was determined to be 900 residents. The area is virtually fully developed. Residences continue to come on the real estate market and are quickly sold, frequently to families with young children who are attracted to the Borough's charm despite its lack of a Borough public school. Interlaken's well-maintained homes on tree-lined streets and proximity to metropolitan areas as well as excellent recreational opportunities and low taxes make it a very desirable residential community.

3. MAJOR INITIATIVES:

As a non-operating sending district to the Asbury Park School District, the Interlaken Board of Education is concerned about its students and has engaged a lawyer to assist it in developing policies on special education that are consistent with law and provide appropriate services to district students while being mindful of taxpayer concerns. Interlaken provides courtesy transportation to many students within Interlaken, again consistent with state pupil transportation law, and maintains the district's school bus in optimum condition. The Board approved entering into a joint venture with Red Bank Regional Board of Education and MOESC, enabling the district to offer subscription busing to students who would not otherwise receive transportation services to schools beyond the courtesy transportation distance. The Board is still monitoring the state's plan for the consolidation of school districts and the elimination of non-operating districts.

4. INTERNAL ACCOUNTING CONTROLS:

Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse, and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well to determine that the District has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS:

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund and the special revenue fund, the latter as necessary. The district does not have any debt service fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

As encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2010.

6. ACCOUNTING SYSTEM AND REPORTS:

The District's accounting records reflect generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.

7. DEBT ADMINISTRATION:

The District has no outstanding debt.

8. CASH MANAGEMENT:

The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institutions in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey where the funds are secured in accordance with the Act.

9. RISK MANAGEMENT:

The Board carries various forms of insurance, including but not limited to general liability, comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds. The Board worked with its insurance broker, New Jersey School Boards Association Insurance Group, to review insurance requirements in order to secure the most appropriate coverage at the least possible cost.

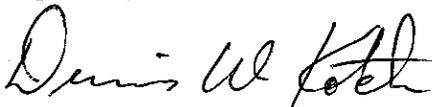

10. OTHER INFORMATION:

Independent Audit - State statues require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Alvino & Shechter L.L.C., CPA's was selected by the Board to provide this service. The auditor's report on the general purpose financial statements and combined and individual fund statements and schedules is included in the financial section of this report. The auditor's reports specifically related to the federal and state financial assistance are included in the federal and state assistance section of this report.

11. ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Interlaken Board of Education for their continued interest in providing fiscal accountability to the taxpayers and citizens of the Borough of Interlaken, thereby contributing their full support to the development and maintenance of the District's financial operation.

Respectfully submitted,

Dennis W. Kotch, CPA

INDEPENDENT AUDITOR'S REPORT

Honorable President and
Members of the Board of Education
Interlaken School District
County of Monmouth, New Jersey

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Interlaken School District in the County of Monmouth, State of New Jersey, as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Interlaken Board of Education's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, business-type activities, and each major fund, of the Interlaken Board of Education, in the County of Monmouth, State of New Jersey, as of June 30, 2010, and the respective changes in the financial position and cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated February 3, 2011 on our consideration of the Interlaken Board of Education's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management Discussion and Analysis and Budgetary Comparison Information on pages 9 through 14 and 32 through 34 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Interlaken Board of Education's basic financial statements. The accompanying introductory section, and other supplementary information such as the combining and individual fund financial statements and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements, and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid* respectively, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

REQUIRED SUPPLEMENTARY INFORMATION - PART I

**INTERLAKEN BOARD OF EDUCATION
INTERLAKEN, NEW JERSEY**

MONMOUTH COUNTY

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010
(Unaudited)**

Introduction

Interlaken School District is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds and account groups of the District are included in this report. The Interlaken Board of Education, a non-operating district, constitutes the District's reporting entity.

New Jersey has over 600 school districts, 23 of which are termed "non-operating" due to their lack of school facilities. In all other aspects, these districts function similar to operating districts. They have boards of education, hold public board meetings, develop and approve board policies, approve educational programs for students sent to other districts, provide transportation for regular and special education students, etc. From a business office perspective, non-operating districts are similar to operating districts inasmuch as they prepare budgets for public vote, issue purchase orders for goods and services, enter into contracts, have payrolls and pay bills. Standard state reports are submitted such as the Application for State School Aid dealing with student population statistics, the District Report of Transported Students assembling statistics on student transportation, reports on Debt Service requirements, and others.

While a non-operating district, the Interlaken Board of Education offers a full range of educational services appropriate to grade level K through 12 through its sending-receiving relationship with the Asbury Park Board of Education. Classes offered are regular and vocational, and special education for disabled youngsters. Academically or artistically gifted students are eligible to compete for positions in Monmouth County Vocational School's technical or specialized high schools and can be evaluated for inclusion in competitive performing arts and finance programs at Red Bank Regional High School if they are not available in the Asbury Park School District. Asbury Park Board of Education's Child Study Team evaluates the students considered in need of special educational services and enrolled through their district. Students with disabilities whose Individualized Educational Plans (IEPs) indicate the need for unique placements are sent to the most appropriate public or private schools where their needs can be met. The District completed the 2009-2010 school year with an enrollment of 7 special education students, 3 vocational students, 6 Red Bank Regional High School students. The latter two group were accepted into specialized programs through competitive testing or performances.

In recent years, the state has been attempting to reform education and consolidate school districts. Being a "non-operating" school district, the district has been faced with the possibility of its dissolution through legislative actions. The community remains committed to actively oppose any legislation that would promote dissolving the non-public school district.

Interlaken's school taxes were still the second lowest in Monmouth County and among the lowest in the state, and any change to the district's current operating mode would result in increased school taxes for the district's residents. As a partner in a sending-receiving relationship with the Asbury Park School District, Interlaken taxpayers costs would be considerably higher were Interlaken's students to attend Asbury schools. However, Asbury student achievement continues to fall below NCLB standards, with its students' test scores the lowest in the county, and this has contributed to the lack of attendance by Interlaken students over the past years.

In the 2009-2010 school year Interlaken did not have any exceptional expenses related to operations; however, during the course of the year questions regarding the Board's responsibilities for related special education services and child study team evaluations were raised with increasingly frequency. Residents also had questions regarding the courtesy transportation provided for the elementary schools within a two mile radius of the District, a practice which has been eliminated as of June 30, 2010.

**Interlaken Board of Education
Management Discussion and Analysis Report - Unaudited**

Basic Financial Statements

The annual reports consists of a series of financial statements and notes to those statements presented so the reader can gain an understanding of the Interlaken School District as a financial operating entity. The overview statements then proceed to provide an increasingly detailed look at specific financial activities. These statements provide a "report card" of sorts on the district's financial transactions, including data on all assets and liabilities using full accrual accounting in a manner similar to information presented by publicly held companies. All of these activities are intended to advance the district's mission as stated at the beginning of this analysis.

The financial statements previously presented in the district's Comprehensive Annual Financial Report remain unchanged: detailed and comparative exhibits of budgeted and actual revenue and expenses by General and Special Revenue funds as applicable. This disclosure has been expanded by the addition of the Statement of Net Assets and the Statement of Activities using full accrual accounting similar to the statements used in reporting corporate financial results. Another new feature will be supplementary information that includes a comparison of the original and final budgets to the final expenditures for the General and Special Revenue funds. As of June 30, 2010, the district did not have any Special Revenue funds.

The Statement of Net Assets presents the district's assets and liabilities in order of liquidity, except for liabilities with current and long-term elements that will be presented accordingly. Net assets represent the difference between assets and liabilities, and will be presented in three categories: invested in capital assets net of related debt, restricted assets and unrestricted assets. Using this methodology requires depreciation of capital assets. The district's only asset is its school bus and this has been fully-depreciated.

The Statement of Activities provides an overview of the cost of providing educational services by major categories of expense and revenue. These two statements report the district's net assets and how they have changed year to year, reflecting a variety of influences such as the current change in educational philosophy (resulting in increased purchases of new material, consultants, etc.), voter approval of tax levy, interest income, successful grant applications, etc. An additional factor influencing these results is the level of state funding received, as the flat funding over the past three years.

Financial Highlights

Key financial highlights for 2009-2010 are as follows:

The district ended fiscal year 2009-2010 with a fund balance of \$424,720. Under the S1701 legislation, the district can only maintain 2% of this in its reserve or a maximum of \$250,000.00 which ever is greater. Any amount over this must be allocated to tax relief in the 2011-2012 budget process. The district will have \$59,768 in excess fund balance to be allocated back to the taxpayers in the 2011-2012 budget process.

The budget for 2010-2011 was defeated by the district's voters in April 2010.

The School District had an original 2010-2011 General Fund budget of \$562,411 and completed June 30, 2010, with 506,583 in expenses and no outstanding encumbrances. There were no Special Revenue funds during this year.

The state contributed \$70,551 in transportation, stabilization, consolidated and other state aid to the General Fund, an increase of \$3,554 from the 2008-2009 state aid. The 2009-2010 tax levy was \$496,704, a decrease of \$7,330 over the prior year's taxes.

The state also continued its recent practice of deferring its final fiscal year June payments until the start of the next fiscal year in July.

Governmental Activities

Annually, on the third Tuesday in April, the voters of New Jersey get an opportunity to voice their pleasure or displeasure on all things economic and/or political as they are asked to vote on their local school district's annual tax levy developed as part of the annual school budget process. Voter displeasure and a defeated budget customarily results in fiscal reductions developed and voted on by the respective school district's municipal leadership.

In April 2010 the voters of the Borough of Interlaken defeated the 2010-2011 budget intended to fund the school's 2010-2011 operations. However, the Borough Council had the opportunity to examine said budget and determined that no further reduction was warranted.

The budget as approved is funded primarily by property taxes that make up 93 percent of revenues for governmental activities for the Interlaken Board of Education for fiscal year 2010-2011. The balancing being comprised of state aid and very modest interest income.

The Statement of Activities shows the cost of program services and the charges for services. Table 3 shows the total cost of services and the net cost of services, identifying the cost of these services supported by tax revenue and unrestricted State entitlements for the fiscal years 2010 and 2009.

Table 3

	Total Cost of Services 2010	Net Cost of Services 2010	Total Cost of Services 2009	Net Cost of Services 2009
Support Services:				
Tuition	337,447.00	337,447.00	350,306.00	350,306.00
Student & Instruction Related Services	.00	.00	.00	.00
General Administrative & Central Services	30,835.00	30,835.00	38,038.00	38,038.00
Pupil Transportation	<u>138,301.00</u>	<u>138,301.00</u>	<u>156,333.00</u>	<u>156,333.00</u>
Total Expenses	<u>\$506,583.00</u>	<u>506,583.00</u>	<u>\$544,677.00</u>	<u>\$544,677.00</u>

Instruction expenses are limited to tuition paid for out-of-district education: special education in appropriate private schools consistent with each student's Individualized Education Plan, Monmouth County Vocational schools and specialized or performing arts programs at Red Bank Regional High School that are not available in the Asbury Park School system.

As a non-operating district, Interlaken incurs no expense customarily associated with direct student instruction: teaching salaries, curriculum and staff development, guidance, school supplies, etc.

General administration and central services include the expenses of the treasurer, a part-time district employee and the school business administrator, a shared service agreement with Shore Regional High School. In addition, there are school district expenses required by legislative code: membership required by code in the New Jersey School Boards Association and costs of annual school elections (printing of ballots, election workers, payment of election officials, etc.).

Other expenses of general and central services include the costs of attorneys, auditors, communications, appropriate insurance coverage and office supplies.

With no facilities to maintain, Interlaken does not have any custodial or maintenance expenses.

**Interlaken Board of Education
Management Discussion and Analysis Report - Unaudited**

Pupil transportation includes courtesy transportation for all Interlaken students who live within two miles of their school (current destinations are Deal School and Pope John XXIII Regional Catholic School) as well as all out-of-district transportation for special education and vocational schools as prescribed in legislative code. Since Interlaken is not triggered by law to provide any other transportation (no students attend Asbury is the basic block, and then other code requirements would apply), it does not have to provide transportation to students attending schools not meeting these definitions. The courtesy transportation policy has been eliminated as of June 30, 2010.

The Board carries various forms of insurance, including but not limited to general liability, comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds. The Board worked with its insurance broker, New Jersey School Board Association Insurance Group, to review insurance requirements in order to secure the most appropriate coverage at least possible cost.

The School District's Funds

Information about the School District's major funds starts on page 17. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$570,768 and expenditures of \$506,583. The law requires governmental units to deposit public funds only in public depositories located in New Jersey where the funds are secured in accordance with the Act.

The unreserved, undesignated fund balance of the General Fund is the allowable maximum as established by the State and this represents approximately 44% of the general fund budget for 2009-2010. There is no fund balance for either state or federal special revenue funds. Any shortfall in state and/or federal funds would have to be made up with general fund monies from fund balance.

General Fund Budgeting Highlights

The School District's budget is prepared according to New Jersey Legislative code and Department of Education guidelines and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

The district manages its financial reporting of budgets and actual expenses using a real-time accounting system designed to provide comprehensive management and reporting tools.

The original General Fund budget estimated revenue was \$562,411 and the final budgeted General Fund estimated revenue was \$570,879.

Capital Assets

At the end of the fiscal year 2010, as a non-operating district Interlaken had no investments in land, buildings, or furniture and equipment. Its single school bus is fully depreciated.

Debt Administration

At June 30, 2010, the Interlaken Board of Education had not debt.

**Interlaken Board of Education
Management Discussion and Analysis Report - Unaudited**

Current Financial Issues and Concerns

The Interlaken School District is essentially financially stable, with surplus fully funded as of June 30, 2010. The School District is proud of its community support; however, new residents in the district are not familiar with the “non-operating district” concept and the reduced or non-existent services customarily expected in regular school districts are quite disconcerting, particularly as they pertain to remote transportation and special education services. Aid from the state is not expected to increase but many residents are willing to accept the challenge of living in a non-operating district in return for very low school taxes. The Board and administration continue to be extremely sensitive to the financial concerns of Interlaken taxpayers, particularly those on fixed incomes.

The Interlaken Board of Education has consistently committed itself to sound, conservative fiscal management, providing the most efficient and effective education possible, and there is no reason to believe that this commitment will not continue.

Contacting the School District’s Financial Management

The financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the School District’s finances and to show the School District’s accountability for the money it receives. If you have questions on this report or need additional financial information please contact Dennis W. Kotch, School Business Administrator/Board Secretary at Interlaken Borough Hall, 100 Grassmere Avenue, Interlaken, NJ 07712.

NOTES TO THE FINANCIAL STATEMENTS

INTERLAKEN SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2010

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of Education (Board) of the Interlaken School District (District) have been prepared in conformity with general accepted principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

A. Description of the District and Reporting Entity:

The Interlaken School District is a sending district located in the County of Monmouth, State of New Jersey. As a sending district, they have no operating schools and function independently through a Board of Education. The board is comprised of five members elected to three year-terms and is responsible for the fiscal control of the District.

In evaluating how to define the governmental reporting entity, the District follows the provisions of GASB Statement No. 14, *The Financial Reporting Entity*, under which the financial statements include all organizations, activities, functions, and components units for which the District is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board and either (1) the District's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the District. On this basis, the District's financial reporting entity has no component units.

In the fiscal year 2003/2004, the District implemented GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments* (GASB Statement No. 34), GASB Statement 37, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments: Omnibus* which provides additional guidance for the implementation of GASB Statement 34, and GASB Statement No. 38, *Certain Financial Statement Disclosures* which changes note disclosure requirements for governmental entities.

GASB Statement No. 34 established a new financial reporting model for state and local governments that included the addition of management's discussion and analysis, district-wide financial statements, required supplementary information and the elimination of the effects of internal service activities and the use of account groups to the already required fund financial statements and notes.

The GASB determined that fund accounting has and will continue to be essential in helping governments to achieve fiscal accountability and should, therefore, be retained. The GASB also determined that district-wide financial statements are needed to allow user's of financial reports to assess a government's operational accountability. The new GASB model integrates fund-based financial reporting and district-wide financial reporting as complementary components of a single comprehensive financial reporting model.

B. Basis of Presentation, Basis of Accounting:

The School District's basic financial statements consist of District-Wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Basis of Presentation

District-Wide Statements: The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activity of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

INTERLAKEN SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Basis of Presentation, Basis of Accounting (Cont'd):

The statement of net assets presents the financial condition of the governmental and business-type activity of the School District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the School District.

Fund Financial Statements: During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category - *governmental, and fiduciary* - are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

The District reports the following governmental funds:

General Fund: - The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles which are classified in the capital outlay subfund.

As required by the NJDOE, the District includes budgeted capital outlay in this fund. GAAP as it pertains to governmental entities states that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes, and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets. These resources can be transferred from and to Current Expense by Board resolution.

Special Revenue Fund: - The special revenue fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, debt service or the enterprise funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Additionally, the District reports the following fund type:

Fiduciary Funds: - The Fiduciary Funds are used to account for assets held by the District on behalf of others and includes the Unemployment Compensation Insurance Trust Fund.

Basic of Accounting:

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

INTERLAKEN SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Basis of Presentation, Basis of Accounting (Cont'd):

Basic of Accounting (Continued):

District-Wide and Fiduciary Fund Financial Statements: The District-Wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds.

All governmental and business-type activities of the District follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

C. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office for approval and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. All budget amendments/transfers must be approved by School Board resolution. All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds, there are no substantial differences between the budgetary basis of accounting and GAAP with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the special revenue fund as presented in the Notes to Required Supplementary Information. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

INTERLAKEN SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

D. Assets, Liabilities, and Equity:

Cash, Cash Equivalents, and Investments:

Cash and cash equivalents include cash in banks and all highly liquid investments with a maturity of three months or less at time of purchase and are stated at cost plus accrued interest. The Board classifies certificates of deposit which have maturity dates of less than twelve months from date of purchase as investments and are stated at carrying amount. The difference between the carrying amount and market value is not material to the basic financial statements.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey Statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts. Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value of at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledge, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

Interfund Transactions:

Transfers between governmental and business-type activities on the District-Wide statements are reported in the same manner as general revenues. Flows of cash or goods from one fund to another without a requirement for repayment are reported as Interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in the enterprise fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

On fund financial statements, short-term interfund loans are classified as interfund receivables/payables. These amounts are eliminated in the statement of net assets, except for amounts due between governmental and business-type activities or governmental and agency funds, which are presented as internal balances.

Allowance for Uncollectible Accounts:

No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

Capital Assets:

The District's only capital asset is a school bus, which is reported at cost. The cost of normal maintenance and repairs is not capitalized. The School District does not possess any infrastructure. The capitalization threshold used by school districts in the State of New Jersey is \$2,000.00.

All reported capital assets are depreciated. Depreciation is computed using the straight-line method under the half-year convention over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
School Bus	8 years

INTERLAKEN SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

D. Assets, Liabilities, and Equity (Cont'd):

In the fund financial statements, fixed assets used in government fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Fixed assets are not capitalized and related depreciation is not reported in the fund financial statements.

Accrued Liabilities and Long-Term Obligations:

All payables, accrued liabilities, and long-term obligations are reported on the District-Wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds.

Net Assets:

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Fund Balance Reserves:

The School District reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. A fund balance reserve has been established for encumbrances.

Revenue - Exchange and Nonexchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year-end.

Nonexchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditures requirements, in which the resources are provided to the School District on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end property taxes available as an advance, interest and tuition.

Management Estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

INTERLAKEN SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010

NOTE 2. CASH AND CASH EQUIVALENTS AND INVESTMENTS

The District is governed by the deposit and investment limitations of New Jersey state law. The deposits and investments held at June 30, 2010, and reported at fair value, are as follows:

<u>Type</u>	<u>Rating</u>	<u>Maturities</u>	<u>Carrying Value</u>
Deposits:			
Demand deposits			458,368.51
Investments:			
Certificate Deposit	N/A	12/29/10	<u>35,387.64</u>
Total deposits and investments			<u>\$493,756.15</u>
Reconciliation of Statement of Net Assets			
Current:			
Cash and cash equivalents			458,368.51
Investments			<u>35,387.64</u>
			<u>\$493,756.15</u>

Custodial Credit Risk - Deposits in financial institutions, reported as components of cash, cash equivalents, and investments had a bank balance of \$501,736.56 at June 30, 2010. Of the bank balance \$250,000.00 was fully insured by depository insurance and \$251,736.56 was secured by a collateral pool held by the bank, but not in the District's name, as required by New Jersey statutes.

Investment Interest Rate Risk - The District has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Maturities of investments held at June 30, 2010, are provided in the above schedule.

Investment Credit Risk - The District has no investment policy that limits its investment choices other than the limitation of state law as follows:

1. Bond or other obligations of the United States of America or obligations guaranteed by the United State of America;
2. Government money market mutual funds;
3. Any obligation that a federal agency or federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligations bear a fixed rate of interest not dependent on any index or other external factor.
4. Bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located;
5. Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, approved by the Division of Investment in the Department of Treasury for investment by school district;
6. Local governments investment pools;
7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281; or
8. Agreements for the repurchase of fully collateralized securities.

Concentration of Investment Credit Risk - The District places no limit on the amount it may invest in any one issuer. At June 30, 2010, all of the District's investments are with PNC Bank.

INTERLAKEN SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010

NOTE 3. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Interlaken Board of Education prior to July 18, 2000 and therefore shall be utilized for the original purpose for which funds were deposited (N.J.A.C.6A:26-9.1(h)).

Capital reserve accounts may be established by New Jersey School Districts for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. A capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital outlay expenditures and transfers of such funds for other uses are prohibited pursuant to N.J.S.A. 18A:22-8-2. Funds withdrawn from the account must be included in the annual budget certified for taxes as a revenue labeled withdrawal from capital reserve account. Post-April 2004 transfers must be in compliance with P.L.2004, c.73 (S1701).

Increases in the account from sources other than investment income cannot exceed the amount appropriated in the annual budget certified for taxes as an increase in the capital reserve account.

The activity of the capital reserve for the July 1, 2009 to June 30, 2010 fiscal year is as follows:

Beginning balance, July 1, 2009	\$35,184.49
Interest earnings	203.15
Deposits	
Approved at April 2009 election	.00
Withdrawals	
Board resolution	<u>(.00)</u>
Ending balance, June 30, 2010	<u>\$35,387.64</u>

NOTE 4. RECEIVABLES

Receivables at June 30, 2010, consisted of interfund and intergovernmental accounts. All receivables are considered collectible in full. A summary of the principal items of receivables follows:

	<u>Governmental Fund Financial Statements</u>	<u>District-Wide Financial Statements</u>
State Aid	4,826.00	4,826.00
Local Tax Levy	11,900.00	11,900.00
Interfunds	.00	.00
Other	<u>2,352.50</u>	<u>2,352.50</u>
Gross Receivables	19,078.50	19,078.50
Less: Allowance for Uncollectibles	<u>.00</u>	<u>.00</u>
Total Receivables, Net	<u>\$19,078.50</u>	<u>19,078.50</u>

NOTE 5. CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2010, was as follows:

	<u>Beginning Balance</u>	<u>Transfers or Additions</u>	<u>Transfers or Retirements</u>	<u>Ending Balance</u>
Governmental activities:				
School Bus	53,619.00	.00	.00	53,619.00
Less Accumulated Depreciation	<u>(53,619.00)</u>	<u>.00</u>	<u>.00</u>	<u>(53,619.00)</u>
Governmental activity capital assets, net	<u>\$.00</u>	<u>.00</u>	<u>.00</u>	<u>.00</u>

Depreciation expense was charged to the following governmental programs:

Pupil Transportation	<u>\$.00</u>
----------------------	---------------

INTERLAKEN SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010

NOTE 6. FUND BALANCE APPROPRIATED

General Fund - Of the \$418,152.76 General Fund fund balance at June 30, 2010, \$.00 is reserved for encumbrances; \$59,768.19 is reserved as excess surplus in accordance with N.J.S.A. 18A:7F-7; \$44,012.43 was reserved as excess surplus at June 30, 2008 and should have been appropriated and included as anticipated revenue for the year ending June 30, 2010 and \$30,725.50 was reserved as excess surplus at June 30, 2009 and should have been appropriated and included as anticipated revenue for the year ending June 30, 2011; \$35,387.64 has been reserved in the Capital Reserve Account; \$.00 has been appropriated and included as anticipated revenue for the year ending June 30, 2011; and \$248,259.00 is unreserved and undesignated.

NOTE 7. CALCULATION OF EXCESS SURPLUS

In accordance with N.J.S.A. 18A:7F-7, as amended by P.L. 2005, c.73 (S1701), the designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30, if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2010 is \$59,768.19.

NOTE 8. CONTINGENT LIABILITIES

There were no liabilities, contingent or otherwise, which were not provided for by budget appropriation or insurance coverage.

NOTE 9. PENSION PLANS

Description of Plans - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees' Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund (TPAF) was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction

Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years).

INTERLAKEN SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010

NOTE 9. PENSION PLANS (CONT'D)

Vesting and Benefit Provisions - Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation - During the year ended June 30, 1997, legislation was enacted (Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997) changed the asset valuation method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by 1/2 of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the Districts' normal contributions to the fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits, accordingly, the pension costs for TPAF and PERS were reduced.

Contribution Requirements - The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1998 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

Three-Year Trend Information for PERS

<u>Year</u> <u>Funding</u>	<u>Annual</u> <u>Pension</u> <u>Cost (APC)</u>	<u>Percentage</u> <u>of APC</u> <u>Contributed</u>	<u>Net</u> <u>Pension</u> <u>Obligation</u>
6/30/10	2,248.00	100%	2,248.00
6/30/09	3,976.80	100%	3,976.80
6/30/08	None	100%	None

Three-Year Trend Information for TPAF (Paid on-behalf of the District)

<u>Year</u> <u>Funding</u>	<u>Annual</u> <u>Pension</u> <u>Cost (APC)</u>	<u>Percentage</u> <u>of APC</u> <u>Contributed</u>	<u>Net</u> <u>Pension</u> <u>Obligation</u>
6/30/10	.00	100%	.00
6/30/09	.00	100%	.00
6/30/08	1,374.00	100%	1,374.00

During the fiscal year ended June 30, 2010, the State of New Jersey contributed \$.00 to the TPAF for normal and post-retirement benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$117.94 during the year ended June 30, 2010 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the general-purpose financial statements, and the combining and individual fund and account group statements and schedules as a revenue and expenditure in accordance with GASB 27.

INTERLAKEN SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2010

NOTE 10. POST-RETIREMENT BENEFITS

P.L. 1987, c.384 and P.L. 1990, c.6 required Teachers' Pension and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2009, there were 84,590 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62. Fund of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State made post-retirement (PRM) contribution of \$1.38 billion for fiscal year 2009 and 3.22 million for fiscal year 2008.

The State is also responsible for the cost attributable to P.L. 1992, c.126, which provides free health benefits to members of PERS, TPAF and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$116.9 million toward Chapter 126 benefits for 13,320 eligible retired members in Fiscal Year 2009.

NOTE 11. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The District maintains commercial insurance coverage for property, liability and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and previous two years:

<u>Fiscal Year</u>	<u>Interest Earnings/ District Contributions</u>	<u>Employee Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2009-2010	\$29.40	\$ 29.75	None	\$10,013.11
2008-2009	14.33	139.62	None	9,953.96
2007-2008	14.34	129.56	None	9,800.01

NOTE 12. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund balances at June 30, 2010 consisted of the following individual fund receivable and payables:

	<u>Due From Other Funds</u>	<u>Due To Other Funds</u>
General Fund:		
Unemployment Compensation Trust	.00	428.50
Unemployment Compensation Trust:		
General Fund	<u>428.50</u>	<u>.00</u>
	<u>\$428.50</u>	<u>428.50</u>

The general fund's interfund payable to the unemployment compensation trust fund is reported as other payable on the District-Wide statement of net assets. The interfund represents a difference in the amount of payroll deductions not sent over to the unemployment compensation trust fund. All of the interfunds represent short-term loans.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION

INTERLAKEN SCHOOL DISTRICT
Notes to Required Supplementary Information
Budget-to-GAAP Reconciliation
For the Fiscal Year Ended June 30, 2010

Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

	<u>General Fund</u>	<u>Special Revenue Fund</u>
Sources/inflows of revenue		
Actual amounts (budgetary) "revenues" from the budgetary comparison schedules	570,878.97	-
Difference - budget to GAAP:		
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.	-	-
State aid payment recognized for GAAP statements in the current year, previously recognized for budgetary purposes.	6,456.00	-
State aid payment recognized for budgetary purposes, not recognized for GAAP statements until the subsequent year.	<u>(6,567.00)</u>	<u>-</u>
Total revenues as reported for budgetary purposes, not recognized for GAAP statements until the subsequent year.	<u>\$570,767.97</u>	<u>-</u>
Uses/outflows of resources		
Actual amounts (budgetary basis) "total outflows" from the budgetary comparison schedule	506,583.28	-
Differences - budget to GAAP:		
Encumbrances for supplies and equipment ordered but not received are reported in the year the order is placed for budgetary purposes, but in the year the supplies are received for financial reporting purposes.	-	-
Transfers to and from other funds are presented as outflows of budgetary resources but are not expenditures for financial reporting purposes.		
Net transfers (outflows) to general fund.	<u>-</u>	<u>-</u>
Total expenditures as reported on the statement of revenues, expenditures, and changes in fund balances - governmental funds.	<u>\$506,583.28</u>	<u>-</u>

Monmouth County		0.227%	1,061,301
Subtotal, overlapping debt			1,794,332
Interlaken School District Direct Debt			-
Total direct and overlapping debt			<u>\$ 1,794,332</u>

Sources: Interlaken Borough Chief Financial Officer, Monmouth County Finance Office

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents of the Borough of Interlaken. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable President and
Members of the Board of Education
Interlaken School District
County of Monmouth, New Jersey

We have audited the financial statements of the Board of Education of the Interlaken School District in the County of Monmouth as of and for the year ended June 30, 2010, and have issued our report thereon dated February 3, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Interlaken Board of Education's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Interlaken Board of Education's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Interlaken Board of Education's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance

As part of obtaining reasonable assurance about whether the Interlaken Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government and State Auditing Standards* and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

We noted certain matters that we have reported to the Board of Education of the Interlaken School District in a separate *Auditors Management Report on Administrative Findings Financial, Compliance and Performance* dated February 03, 2011.

This report is intended solely for the information and use of the management of the Interlaken Board of Education, the New Jersey State Department of Education and other federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

The accompanying Notes to Schedules of Expenditures of Awards and Financial Assistance are an integral part of this schedule.

Interlaken School District
Notes to Schedules of Expenditures of Awards and Financial Assistance
June 30, 2010

NOTE 1. GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include the federal and state award activity of the Board of Education, Interlaken School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements.

NOTE 3. RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with N.J.S.A. 18A:22-4.2.

The net adjusted to reconcile from the budgetary basis to the GAAP basis is \$(111.00) for the general fund and \$.00 for the special revenue fund. See Note A [the Notes to Required Supplementary Information] for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	.00	70,439.94	70,439.94
Special Revenue Fund	<u>.00</u>	<u>.00</u>	<u>.00</u>
Total Awards & Financial Assistance	<u>\$.00</u>	<u>70,439.94</u>	<u>70,439.94</u>

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with amounts reported in the related federal awards and state financial assistance reports.

NOTE 5. OTHER

TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2010.
