Honorable President and Members  
of the Board of Education  
Manalapan-Englishtown Regional  
School District  
County of Monmouth, New Jersey

Dear Board Members:

With pleasure, we submit the Comprehensive Annual Financial Report (CAFR) of the Manalapan-Englishtown Regional School District for the fiscal year ended June 30, 2010. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with Management of the District. To the best of our knowledge and belief, data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

**The Comprehensive Annual Financial Report is presented in four sections as follows:**

- ◆ The Introductory Section contains a Table of Contents, Letter of Transmittal, Roster of Officials, and an Organizational Chart of the School District;
- ◆ The Financial Section begins with the Independent Auditor's Report and includes the Management's Discussion and Analysis, the Basic Financial Statements and Notes providing an overview of the School District's financial position and operating results, and other schedules providing detailed budgetary information;
- ◆ The Statistical Section includes selected economic and demographic information, financial trends, and the fiscal capacity of the School District, generally presented on a multi-year basis;
- ◆ The Single Audit Section – The District is required to undergo an annual audit in conformity with the provisions of the Single Audit Act of 1996, as amended, the U. S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations", and the State Treasury Circular Letter 04-04 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid". Information related to this single audit, including the independent auditor's reports on the internal control and compliance with applicable laws, regulations, contracts and grants, along with findings and questioned costs, if any, is included in the Single Audit section of this report.

## SCHOOL DISTRICT ORGANIZATION

The Manalapan-Englishtown Regional School District is an independent reporting entity within the criteria adopted by the GASB as established by Statement No. 14 as amended by GASB 39. All funds of the District are included in this report. The Manalapan-Englishtown Regional Board of Education and all its schools constitute the District's reporting entity. The District has maintained a high quality of education, even though it is one of the largest K-8 districts in Monmouth County.

The Manalapan-Englishtown District serves the children of the Township of Manalapan and the Borough of Englishtown. The District provides a full range of programs and services appropriate to grades Pre-K through 8. An early learning center (The John I. Dawes Early Learning Center) houses the pre-K and kindergarten programs. Five elementary schools (Clark Mills, Milford Brook, Taylor Mills, Lafayette Mills, Wemrock Brook) house grades 1 through 5. The Pine Brook School houses grade 6. The Manalapan-Englishtown Middle School (MEMS) houses grades 7 and 8.

Supervising district-wide goals is a district superintendent, an assistant superintendent for curriculum-human resources, a business administrator, three district wide curriculum supervisors and a director of pupil personnel services. The Early Learning Center has its own principal. Each 1 - 5 elementary has its own principal and one assistant principal. Pine Brook has one principal and one assistant principal. The middle school has one principal and two assistant principals.

The Board of Education, comprised of nine members, each elected to 3-year terms, meets on the first and third Tuesday of each month to determine district goals and priorities and conduct the business of the Board of Education. The Board of Education utilizes a committee structure as well as operates as a committee of the whole. All committee of the whole meetings are open to the public and begin at 7:30 PM and conclude at 11:30 PM unless the board passes a resolution to extend the meeting.

Ad-hoc advisory committees composed of representatives from the community; administration, PTA's, and the Township and Borough are often formed to provide the Board of Education with information and input on specific issues. In the 2009-10 school year the Board of Education did not have a specific Ad-Hoc committee, although the District did seek input from community members and the PTA's regarding curriculum program offerings, impact of proposed budget reductions and changes in transportation.

PTA's are highly active in the District and provide community support for a variety of programs and activities for the children. A senior citizen group provides the District with information regarding community members who no longer have children in the district.

To maintain communication with the various constituent groups, the District utilizes its web site. Budget information, while available on the web site, is also presented to the township committee.

In March 2010, the New Jersey Department of Education released its Comparative Spending Guide for all school districts in the State. The guide compares districts with those who are similar in enrollment/configurations. The information on expenditures was taken from certified budgets on file with the State Department of Education. This reports shows that the district spends \$11,594 per pupil while the average costs for similar districts are \$12,811.

According to the report, per pupil costs range from a low of \$9,277 to a high of \$16,872. Of the 88 K-8 school districts in the state with enrollments exceeding 751 children, Manalapan-Englishtown Regional ranked 20th lowest in total cost per pupil.

## EDUCATIONAL PROGRAM

Each of the schools in the District follows the district-wide goals and educational approaches to the teaching of children, while maintaining a unique personality that makes up that particular school. All curricula in our district have been aligned to the New Jersey Core Curriculum Content Standards. The following table presents the actual historical pupil enrollment, as of October 15, for the school years 2000-01 through 2009-10.

<i>School Year</i>	<i>Enrollment As of October 15</i>
2000-01	5,718
2001-02	5,717
2002-03	5,584
2003-04	5,545
2004-05	5,486
2005-06	5,495
2006-07	5,446
2007-08	5,471
2008-09	5,454
2009-10	5,364

## ECONOMIC CONDITION AND OUTLOOK

Monmouth County is steeped in history from pre-revolutionary times to the present day. Rich in natural resources, Monmouth's deep forests, rolling countryside and miles of beautiful sandy beaches offer a perfect backdrop for the vast variety of recreational, cultural and leisure opportunities in the area. The County has horse country and thriving agricultural industry in the west, beaches and seaside resorts in the east, and a booming business community throughout. The Manalapan-Englishtown Regional School District serves students from a wide range of socioeconomic backgrounds.

Monmouth County is located in the center of the state approximately 47 miles south of New York City and 55 miles east of Philadelphia. Newark Liberty International Airport is just 40 minutes away. The public and private transportation systems include more than 2,600 miles of rails and roads, making the County accessible to virtually all of New Jersey as well as nearby New York and Philadelphia.

Because Monmouth County continues to be among the fastest growing in New Jersey, change is constant in the Manalapan-Englishtown Regional School District. Sales of both new and existing homes are occurring at a slow pace. Existing homes continue to stay on the market for a much longer period of time than a few years ago. Just as last year, the number of families relocating in the area has dropped compared to years 2007 and 2008, respectively.

The District, along with all of the other public school systems in the state, will continue to face difficult economic situations in the future since the primary funding source is and will continue to be property tax revenue. The proposed budget for the fiscal year 2010-11 failed by 990 votes. Overall tax revenue for 2009-2010 was increased slightly by 3.78%, but the increased expenditures from the growing cost of contractual salary increases, employee health care, increases in the contributions to the retirement system, and rising insurance premiums have outpaced the additional revenue. We recognize that the state is in a financial crisis and want to assure our residents that the Manalapan-Englishtown Regional School District is doing its part to maintain a responsible budget. The District's administration closely monitors the cost of operations and continues to look for new funding sources in order to maintain the quality education services that the District has been accustomed to providing.

Englishtown Borough has, over the years, enjoyed a continued growth in valuations and industry. Very few properties that were available for development have been developed. One such sub-division has been approved and has been constructed. This apartment development may increase the student population by several children, which would be an enormous increase in the population of students sent to the District by the Borough. If this does happen the Borough will have a dramatic increase in school taxes.

## **MAJOR INITIATIVES**

Phase I of the Pine Brook Elementary School renovations began at the end of the school year. This project involved the replacement of windows and HVAC equipment in several wings of the building. Phase I will be completed before the start of school in September. Completion of the project (Phase II) will take place at the end of the 2009-10 academic year. Minor renovation projects are planned for other school buildings over the next 3 years.

The administration and the Board of Education have approved the restructuring of six of the eight schools on December 9, 2008. There are both educational and economic rationales for changing grade level configurations to create five neighborhood schools and a sixth grade learning center. The restructuring plan calls for a reduction in teaching staff that would be accomplished through attrition. Another economic benefit would be a decrease in the number of buses needed to transport students to and from school. Savings would come in the form of reduced transportation salaries, health benefits, gasoline, insurance and vehicle maintenance costs.

## **INTERNAL CONTROLS**

Management of the District is responsible for establishing and maintaining an internal control system designed to ensure that the assets of the District are protected from loss, theft or misuse; and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally-accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District management.

As part of the District's Single Audit, described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the district has complied with applicable laws and regulations.

## **BUDGETARY CONTROLS**

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipalities. Annual appropriated budgets are adopted for the general fund, the special revenue funds, and the debt service fund. The final budget amount as amended for the fiscal year is reflected in the financial section. An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year.

## **CASH MANAGEMENT**

The investment policy of the District is guided in large part by state statute as detailed in Notes to the Basic Financial Statements, Note 3. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provision of the Governmental Unit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

## **RISK MANAGEMENT**

The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, fidelity bonds and worker's compensation. A schedule of insurance coverage is found in Exhibit J-20.

## INDEPENDENT AUDIT

State statutes require an annual audit by independent certified public accountants. The accounting firm of ParenteBeard LLC (Formally Beard Miller Company LLP) was selected by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet requirements of the Single Audit Act Amendments of 1996 and the related U.S Office of Management and Budget Circular, "Audits of State, Local Governments and Non-Profit Organizations" A-133 and the State Treasury Circular Letter 04-04 OMB "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. The auditor's report on the basic financial statements and specific required supplemental information is included in the financial section of this report. The auditors' reports related specifically to the single audit are included in the single audit section of this report.

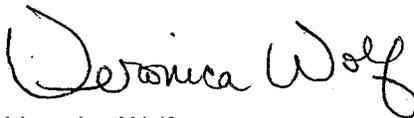

## ACKNOWLEDGMENTS

We would like to express our appreciation to the members of the Manalapan- Englishtown Regional School District for their concern in providing fiscal accountability to the citizens and taxpayers of the District and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

## Independent Auditors' Report

Honorable President and Members  
of the Board of Education  
Manalapan-Englishtown Regional School District  
County of Monmouth, New Jersey

We have audited the accompanying financial statements of the governmental activities, the business-type activity, each major fund and the aggregate remaining fund information of the Manalapan-Englishtown Regional School District, County of Monmouth, New Jersey (District), as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States; audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards and requirements require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activity, each major fund and the aggregate remaining fund information of the District as of June 30, 2010 and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 2, 2010 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's discussion and analysis and budgetary comparison information on pages 11 through 20 and 49 through 57 are not a required part of the basic financial statements but are supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information, which includes the introductory section, combining and individual fund financial statements and schedules where applicable, long-term debt schedules and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and long-term debt schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion on them.

The accompanying schedules of expenditures of federal and state awards are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010  
UNAUDITED

The Discussion and Analysis (MD&A) of Manalapan-Englishtown Regional School District's (the District) financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the District's financial performance. Certain comparative information between the current year (2009-2010) and the prior year (2008-2009) is required to be presented in the MD&A.

### Financial Highlights

Key financial highlights for 2010 are as follows:

- ❖ In total, net assets of governmental activities increased \$67,547, which represents a less than 1% increase from 2009. Net assets of business-type activities decreased \$9,263, which represents a .02% decrease from 2009.
- ❖ General revenues accounted for \$72,446,323 in revenue or 91.51% of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$6,717,016 or 8.49% of total revenues of \$79,163,339.
- ❖ Total assets of governmental activities decreased by \$1,401,224 as cash and cash equivalents increased by \$623,854, receivables decreased by \$1,516,438 net capital assets decreased by \$437,903, and other assets decreased by \$13,162.
- ❖ The District had \$79,095,792 in governmental activity expenses; only \$6,717,016 of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily property taxes) of \$72,446,323 were adequate to provide for these programs.
- ❖ In the governmental funds, the General Fund had \$72,875,991 in revenues and \$72,894,397 in expenditures. The General Fund's fund balance decreased \$113,004 over 2009.

### Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Manalapan-Englishtown Regional Public School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The focus of governmental accounting differs from that of business enterprises. In government, the financial statement user is concerned with determining accountability for funds, evaluating operating results, and assessing services that can be provided by the government along with its ability to meet obligations as they become due. In comparison, the primary emphasis in the private sector from both an operational and reporting perspective is on the maximization of profits.

The *Statement of Net Assets* and *Statement of Activities* provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of Manalapan-Englishtown Regional School District, the General Fund is by far the most significant fund.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010  
UNAUDITED (CONTINUED)

**Reporting the School District as a Whole**

**Statement of Net Assets and the Statement of Activities**

This document contains the large number of funds used by the District to provide programs and activities. The view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during 2010?" The Statement of Net Assets and the Statement of Activities help answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses, regardless of when cash is received or paid.

These two statements report the District's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the District as a whole, the financial position of the District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and others.

In the Statement of Net Assets and the Statement of Activities, the District is divided into two distinct kinds of activities:

- ◆ Governmental Activities – All of the District's programs and services are reported here including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation, and extracurricular activities.
- ◆ Business-Type Activities – This service is provided on a charge for goods or services basis in order to recover all the expenses of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

**Reporting the School District's Most Significant Funds**

**Fund Financial Statements**

Fund financial reports provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. The District's major governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund, and Debt Service Fund.

**Governmental Funds**

The District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental funds information help the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

**Proprietary Fund**

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

**Notes to the Basic Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements. The notes to the basic financial statements can be found on pages 31 to 48 of this report.

**The School District as a Whole**

Recall that the Statement of Net Assets provides the perspective of the school district as a whole. Net assets may serve over time as a useful indicator of a government's financial position.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Table 1 provides a summary of the District's net assets for 2010 and 2009

**Governmental Activities**

The unique nature of property taxes in New Jersey creates the legal requirements to annually seek voter approval for the District operations. Property taxes made up 65.17% of revenues for governmental activities for the Manalapan-Englishtown Regional Public School District for fiscal year 2010 and 64.01% of revenues for fiscal year 2009. Property tax revenues increased by \$1,881,397, which is a 3.8% increase from the prior year. The increase was integral in offsetting the decrease in state aid. The District's total revenues for governmental activities were \$79,163,339 for the year ended June 30, 2010. Federal, state and local grants accounted for another 26.06% of revenue.

- ❖ Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.
- ❖ Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.
- ❖ General administration, school administration and business include expenses associated with administrative and financial supervision of the District.
- ❖ Operation and maintenance of facilities activities involve keeping the school grounds, buildings, and equipment in effective working condition.
- ❖ Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.
- ❖ Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to District debt.

**The School District's Funds**

All governmental funds (i.e., General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to \$79,163,339 expenditures were \$80,983,118. The net negative changes in fund balances for the year were in the General Fund, which showed a decrease of \$18,406, the Capital Projects Fund, which showed a decrease of \$1,801,375 and the Debt Service Fund, which showed an increase of \$2. The most significant change was in the Capital Projects Fund, which is due to continued construction costs paid during the year for the Clarks Mills, Taylor Mills, Lafayette Mills, Manalapan-Englishtown Middle School and Pine Brook schools. The decrease in the General Fund was primarily due to the decrease in state aid.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010  
UNAUDITED (CONTINUED)

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

**Revenues for the Fiscal Year Ended June 30,**

	2010 Amount	2009 Amount	Percent Change
Property taxes	\$ 51,592,782	\$ 49,711,385	3.78%

<b>Total</b>	<b>\$ 79,163,339</b>	<b>\$ 77,658,396</b>	<b>1.94%</b>

Revenues were up \$1,504,943 or 1.94% over the prior year, mostly due to an increase in property taxes. This increase was necessary due to the decrease in state funding. We saw an increase in federal funding due to ARRA funds received which is also the reason for the decrease in state funding. Interest earnings significantly decreased due to lowered interest rates because of current economic conditions.

**Table 5**  
**Expenditures for the Fiscal Year Ended June 30,**

<b>Total</b>	<b>\$ 80,983,119</b>	<b>\$ 79,999,603</b>	<b>1.23%</b>

Expenditures were up \$983,516 or 1.23% over the prior year. The overall increase is due to the increases in salaries and wages due to contractual increases for staff, benefits increased due to healthcare plan changes by the state and changes in plan elections. Capital outlay decreased due to less projects being completed because the District has decreased funding from the State. The District needs to utilize the funds for student programs. Supplies decreased due to the early budget cut off because of the reduction in State aid.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010  
UNAUDITED (CONTINUED)

Fund balance is an integral part of the District financial position. The unreserved and undesignated fund balances in the General Fund for the past six years are as follows:

**Table 6  
Fund Balance**

<u>School Year</u>	<u>GAAP Basis</u>	<u>Budgetary Basis</u>
04-05	319,524	1,225,355
05-06	418,537	1,324,202
06-07	478,393	1,323,525
07-08	511,166	1,420,992
08-09	(424,907)	372,805
09-10	(563,211)	1,588,329

In 2003, P.L. 2003, c.97 provided that in the event a state school aid payment is not made until the following school budget year, districts must record the last state aid payment as revenue, for budget purposes only, in the current school budget year. The bill provides the legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes the liability. Since the state is recording the last state aid payment in the subsequent fiscal year, the District cannot recognize the last state aid payment on the GAAP basis financial statements until the year the state records the payable.

**General Fund Budgeting Highlights**

The District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of modified accrual and encumbrance accounting. The most significant budgeted fund is the general fund.

During the course of the fiscal year 2010, the District revised the annual operating budget several times. Revisions in the budget were made to recognize revenues that were not anticipated and to prevent over-expenditures in specific line item accounts. The following explains the reasons for significant budget transfers:

- ✓ The District received \$179,803 in extraordinary aid for special education costs that was not budgeted. The District is eligible to receive additional funding for each special education student whose program costs exceed \$40,000. However, the state does not have adequate funding for these students and prorates the amount given to districts based on the applications received for this aid and the total amount allocated. Since there is no guarantee that the district will receive any funds in this category, we do not include this potential source of funds in our revenue budget.
- ✓ TPAF, which is the state's contribution to the pension fund, is an "on-behalf" revenue and expenditure item to the District and is required to be reflected in the financial statements.
- ✓ Legal services for construction litigation, employee litigation and special education cases.
- ✓ Significant price increases for fuel for the district buses and other district vehicles.
- ✓ Increases in transportation contract repair services; and upgrades in the fuel pump facility as mandated by state code requirements and new buses.
- ✓ Additional students sent out of district.

**Capital Assets**

At the end of the fiscal year 2010, the District had \$99,123,279 invested in land, buildings and improvements and machinery and equipment. Table 7 shows fiscal 2010 balances compared to 2009.

**Table 7**  
**Capital Assets (Net of Depreciation) at June 30,**

School Year	2010	2009
Land	\$ 9,747,190	\$ 6,852,188

Machinery and equipment	2,413,532	2,537,341
Totals	<u>\$ 99,123,279</u>	<u>\$ 99,618,757</u>

Overall, the capital assets decreased \$495,478 from fiscal year 2009 to fiscal year 2010. This decrease in net assets is due to the excise of equipment. For more detailed information, please refer to Note 6 in the Notes to the Basic Financial Statements.

Certain prior year balances have been reclassified to conform to current year presentation.

**Debt Administration**

As of June 30, 2010 the District had \$54,804,726 of non-current liabilities. Of this amount, \$2,057,744 is for compensated absences, \$691,982 for bus and equipment leases, and the balance of \$52,055,000 for bonds for school construction.

At June 30, 2010, the District's overall legal debt limit was \$199,445,634 and the unvoted debt margin was \$147,390,633. For more detailed information, please refer to Note 7 in the Notes to the Basic Financial Statements. Following is a listing of all bond issues for which the District is currently paying debt service.

	Date of Issue	Original Amount of Issue	Balance Remaining
General Obligation Bonds - 2003	12/15/03	\$ 34,500,000	\$ 15,385,000
General Obligation Bonds - 2004	10/15/04	18,995,000	17,315,000
General Obligation Bonds - 2006	10/01/06	9,695,000	9,635,000
General Obligation Bonds - 2007	01/05/07	9,795,000	9,720,000

**For the Future**

- It is the opinion of the Superintendent and Business Administrator that while the Manalapan-Englishtown Regional School District has historically maintained a strong financial position we will be facing a more difficult financial situation due to the state's inability to fund the current school funding formula. The District is proud of the community's support of its public schools.

MANALAPAN-ENGLISHTOWN REGIONAL SCHOOL DISTRICT  
ENGLISHTOWN, NJ

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2010  
UNAUDITED (CONTINUED)

- Key areas of concern are the decreased state funding, the new funding formula for schools that was enacted in January 2008 and the continued necessary increased reliance on local property taxes. Manalapan-Englishtown Regional is primarily a residential community with very few commercial ratables; thus the burden is focused on homeowners to bear the tax burden.
- With the continued concern over property taxes it is important to highlight the areas of either shared services or buying cooperatives in an effort to reduce expenses. These areas include utilizing Educational Data Services for the purchase of classroom supplies, art supplies, maintenance supplies and copy paper. As part of the 1998 bond referendum, the district built a new fuel facility at the Wemrock School site; this includes a fully operating maintenance center and includes bus washing capabilities, which the district will offer to neighboring districts as part of on-going cost efficiencies. The District is exploring further opportunities for future purchases jointly with other districts within the Freehold Regional area.
- In conclusion, the Manalapan-Englishtown Regional Public School District has committed itself to financial excellence for many years. In addition, the District's system for financial planning, budgeting and internal financial controls are well regarded. The District plans to continue its sound fiscal management practices to meet the challenges of the future.

<b>Total net change in fund balances - governmental funds (from B-2)</b>		<b>\$</b>	<b>(1,819,779)</b>
<p>Amounts reported for governmental activities in the statement of activities (A-2) are different because:</p> <p>Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period.</p>			
	Depreciation expense	(2,352,213)	
	Capital outlays	<u>1,914,310</u>	(437,903)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities.			1,695,000
In the statement of activities, interest on long-term debt is accrued, regardless of when due. In the governmental funds, interest is reported when due. The change in accrued interest is an addition to the reconciliation.			7,367
In the Statement of Activities, the amortization of bond issuance costs is recorded as interest expense. In the governmental funds, the amortization is not recorded.			(13,162)
In the Statement of Activities, the principal payments on capital leases are recorded as a reduction in the long-term liability. In the governmental funds, the payments is an expenditure. (Amount is net of payments included in capital outlay)			395,307
In the Statement of Activities, the payment for litigation settlement is recorded as a reduction in the long-term liability. In the governmental funds, the payments is an expenditure.			240,000
In the statement of activities, certain operating expenses, e.g., compensated absences (sick leave) and special termination benefits (early retirement incentive) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used, essentially, the amounts actually paid. When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation; when the paid amount exceeds the earned amount, the difference is an addition to the reconciliation.			<u>717</u>

# MANALAPAN-ENGLISHTOWN REGIONAL SCHOOL DISTRICT

## Notes to Basic Financial Statements

June 30, 2010

### 1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

Manalapan-Englishtown Regional School District (District) is organized under the Constitution of the State of New Jersey. The District operates under a locally elected Board form of government consisting of nine members elected to three-year terms, which are staggered. The District provides educational services as authorized by state and federal guidelines.

The District serves an area of 32 square miles. It is located in Monmouth County and provides education for all of Manalapan-Englishtown Regional's students in grades K through 8. The District currently operates eight instructional buildings, a transportation depot, buildings and grounds office, and an administrative building. The District services approximately 5,400 students and is one of the largest K through 8 Districts in Monmouth County.

#### A. Reporting Entity

The Board of Education (Board) is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District. The operations of the District include an early learning center, five elementary schools and two middle schools located in Manalapan and Englishtown, New Jersey.

In evaluating how to define the governmental reporting entity, the District follows the provisions of GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB 39 under which the financial statements include all the organizations, activities, functions and component units for which the District is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's Board and either (1) the District's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the District. On this basis, the District's financial reporting entity has no component units.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Board of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

#### A. Basis of Presentation

The School District's basic financial statements consist of District-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

**District-wide Statements:** The district-wide financial statements (A-1 and A-2) include the statement of net assets and the statement of activities. These statements report financial information of the District as a whole excluding the fiduciary activities. All interfund activity, excluding the fiduciary funds, has been eliminated in the statement of activities. Individual funds are not displayed but the statements distinguish governmental activities, generally supported through taxes and user fees, from business-type activities, generally financed in whole or in part with fees charged to external customers.

MANALAPAN-ENGLISHTOWN REGIONAL SCHOOL DISTRICT

Notes to Basic Financial Statements

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**A. Basis of Presentation (continued)**

The statement of net assets presents the financial condition of the governmental and business-type activity of the School District at fiscal year-end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the School District.

Fund Financial Statements: During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide detail of the governmental, proprietary and fiduciary funds. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, Paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

The District reports the following governmental funds:

General Fund: The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment which are classified in the Capital Outlay sub-fund.

As required by the New Jersey State Department of Education, the District includes in this fund budgeted Capital Outlay. Generally accepted accounting principles as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by Board resolution.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**A. Basis of Presentation (continued)**

Special Revenue Fund: The Special Revenue Fund is used to account for the proceeds of specific revenue from state and federal Government, (other than major capital projects, debt service or the enterprise funds) and local appropriations that are legally restricted to expenditures for specified purposes.

Capital Projects Fund: The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election.

Debt Service Fund: The Debt Service Fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

The District reports the following proprietary fund:

Enterprise Funds: The Enterprise Funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the District is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the District has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The District's Enterprise Fund is comprised of the Food Service Fund.

Depreciation of all capital assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Equipment	5-20 Years
-----------	------------

Additionally, the District reports the following fund type:

Fiduciary Funds: The Fiduciary Funds are used to account for assets held by the District on behalf of others and includes the Student Activities Fund, Payroll Agency Fund, Unemployment Compensation Insurance Trust Fund and Private Purpose Trust Funds.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

District-wide, proprietary, and fiduciary fund financial statements: The district-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; the enterprise fund and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. The tax revenues are recognized in the year for which they are levied (see Note 2.c.). Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all requirements have been satisfied.

Governmental fund financial statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon thereafter to pay current liabilities. The District considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

All business-type activities and enterprise funds of the district follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

**C. Property Taxes**

Ad Valorem (Property) Taxes are susceptible to accrual as per New Jersey State Statute whereby a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable".

**D. Budgets/Budgetary Control**

Annual appropriated budgets are prepared in the spring of each year for the General, Special Revenue and Debt Service Funds. The budgets are submitted to the county office and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6a:23-1.2.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**D. Budgets/Budgetary Control (continued)**

All budget amendments must be approved by School Board resolution. Budget amendments were made during the year ended June 30, 2010.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and the Special Revenue Fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the Special Revenue Fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

**E. Encumbrances**

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund, for which the District has received advances, are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

**F. Cash, Cash Equivalents and Investments**

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

**G. Interfund Activity**

Transfers between governmental and business-type activities on the district-wide statements are reported in the same manner as general revenues. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in the enterprise fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**G. Interfund Activity (continued)**

On fund financial statements, short-term interfund loans are classified as interfund receivables/payables. These amounts are eliminated in the statement of net assets, except for amounts between governmental and business-type activities or governmental and agency funds, which are presented as internal balances.

**H. Allowances for Uncollectible Accounts**

No allowance for uncollectible accounts has been recorded as all amounts are considered collectible.

**I. Inventories and Prepaid Expenses**

Inventories and prepaid expenses, which benefit future periods are recorded as an expenditure during the year of purchase.

Inventories in the enterprise funds are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Prepaid expenses in the enterprise fund represent payments made to vendors for services that will benefit periods beyond June 30, 2010.

**J. Capital Assets**

The District has established a formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs is not capitalized. The School District does not possess any infrastructure. The capitalization threshold used by school districts in the State of New Jersey is \$2,000.

All reported capital assets except for land and construction in progress are depreciated. Depreciation is computed using the straight-line method under the half-year convention over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
School Buildings	50
Building Improvements	20
Electrical/Plumbing	30
Vehicles	8
Office & computer equipment	5-10
Instructional equipment	10
Grounds equipment	15

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets are not capitalized and related depreciation is not reported in the fund financial statements.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**K. Compensated Absences**

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

In governmental and similar trust funds, compensated absences that are expected to be liquidated with expendable available financial resources are reported as an expenditure and fund liability in the fund that will pay for the compensated absences.

In proprietary and similar trust funds, compensated absences are recorded as an expense and liability of the fund that will pay for them.

**L. Deferred Revenue**

Deferred revenue in the general and special revenue funds represent cash which has been received but not yet earned.

**M. Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due. The general fund is utilized to liquidate all long-term liabilities other than debt via annual budget appropriation.

**N. Net Assets**

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted in the District-wide financial when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The School District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**O. Fund Balance Reserves**

The District reserves those portions of fund balance which are legally segregated for a specific future use or which do not represent available expendable resources and, therefore, are not available for appropriation or expenditure. Unreserved fund balance indicates that portion which is available for appropriation in future periods. Fund balance reserves have been established for encumbrances and excess surplus as defined by State law.

**P. Revenues – Exchange and Non-exchange Transactions**

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year-end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purposes; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available as an advance, interest, and tuition.

**Q. Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the School District, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

**R. Management Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**S. Allocation of Indirect Expense**

The District reports all direct expense by function in the statement of activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the statement of activities. Employee benefits, including the employer's share of social security, workers' compensation, and medical, dental and prescription benefits, were allocated based on salaries of that program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the statement of activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the statement of activities. Interest on long-term debt is considered an indirect expense and is reported separately on the statement of activities.

**3. CASH AND CASH EQUIVALENTS AND INVESTMENTS**

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with GUDPA. Public depositories include savings and loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the governmental units.

Deposits:

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey that are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000. The District's cash and cash equivalents are classified below to inform financial statement users about the extent to which a government's deposits and investments are exposed to custodial credit risk. Pursuant to GASB Statement No. 40, "Deposit and Investment Risk Disclosures" (GASB 40), the District's operating cash accounts are profiled in order to determine exposure, if any, to Custodial Credit Risk (risk that in the event of failure of the counterparty the District would not be able to recover the value of its deposits and investments). Deposits are considered to be exposed to Custodial Credit Risk if they are: uncollateralized (securities not pledged to the depositor), collateralized with securities held by the pledging financial institution, or collateralized with securities held by the financial institution's trust department or agent but not in the government's name. As of June 30, 2010 all of the District's deposits, except as noted below, were collateralized by securities held in its name and, accordingly, not exposed to custodial credit risk.

**3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)**

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey that are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

As of June 30, 2010, the carrying amount of the District's deposits for all funds was \$10,064,801 and the bank balance was \$11,031,525. All bank deposits, as of the balance sheet date are entirely insured or collateralized by a collateral pool maintained by public depositories as required by GUDPA.

Investments:

New Jersey statutes permit the Board to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or of any United States Bank for Cooperatives that have a maturity date not greater than twelve months from the date of purchase.
- c. Bonds or other obligations of the school district.

As of June 30, 2010, the District's Cash and Cash Equivalents consisted of the following:

	<u>Cash and Cash Equivalents</u>
Checking Accounts	\$ 9,147,364
Capital Reserve	910,214
N.J. CMF(Money Market)	7,023
Change Funds	<u>200</u>
Totals	<u>\$ 10,064,801</u>

The fiduciary funds had a balance of \$923,714 at June 30, 2010.

**Custodial Credit Risk:** Pursuant to GASB 40, the NJCMF, which is a pooled investment, is exempt from custodial credit risk disclosure. The District does not have a policy for custodial credit risk other than depositing all of its funds in banks covered by GUDPA.

**Credit Risk:** The District does not have an investment policy regarding the management of credit risk. GASB 40 requires that disclosure be made as to the credit rating of all debt security investments except for obligations of U.S. government or investments guaranteed by the U.S. government. The NJCMF is not rated by a rating agency.

**Interest Rate Risk:** The District does not have a policy to limit interest rate risk. The average maturity of the District's sole investment, the NJCMF, is less than one year.

**4. RESTRICTED CASH RESERVES**

**A. Capital Reserve Account**

A capital reserve account was established by the District during fiscal year 2001-2002 in which it deposited \$100,000 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the General Fund and its activity is included in the General Fund annual budget. Funds placed in the capital reserve account are restricted to capital projects in the District's Long Range Facilities Plan, ("LRFP"). Upon submission of the LRFP to the department, a district may deposit funds by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23-2.12(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2009 to June 30, 2010 fiscal year is as follows:

Beginning balance, July 1, 2009	\$907,071
Interest earnings	3,143
Deposits	
Balance of withdrawal not expended	78,150
Withdrawals	<u>210,000</u>
Ending balance, June 30, 2010	<u>\$778,364</u>

The June 30, 2009 LRFP balance of local support costs of uncompleted capital projects is \$3,978,750. There were no withdrawals from the capital reserve for DOE approved facilities projects.

**B. Maintenance Reserve**

A maintenance reserve account was established by the District during fiscal year 2007-2008 in which it deposited \$484,791 for the accumulation of funds for use as maintenance expenditures in subsequent fiscal years. The District approved a transfer in June 2009 to the maintenance reserve in the amount of \$600,000. The District withdrew \$484,791 during the 2009-2010 school year for required maintenance projects. The District approved a transfer in June 2010 to the maintenance reserve in the amount of \$500,000. The balance in the maintenance reserve at June 30, 2010 is \$1,100,000.

**C. Emergency Reserve**

An emergency reserve account was established by the District during fiscal year 2008-2009 in which it deposited \$250,000 for the accumulation of funds for use as emergency expenditures in subsequent fiscal years. The balance in the emergency reserve at June 30, 2010 is \$250,000.

8. PENSION PLANS

Description of Systems:

All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan.

Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

**8. PENSION PLANS (CONTINUED)**

Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Contribution Requirements - The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5.5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

During the fiscal year ended June 30, 2010, the State of New Jersey contributed \$2,057,110 to the TPAF for post-retirement medical benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$2,444,272 during the year ended June 30, 2010 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the basic financial statements as a revenue and expenditure in accordance with GASB 24.

For the year ended June 30, 2009 the State made an on-behalf pension payment to TPAF on September 14, 2009 in the total amount of \$64.4 million dollars. The amount allocable to each district has not been determined, and accordingly, is not included in this district's statements and schedules for the 2009 fiscal year.

**9. POST-RETIREMENT BENEFITS**

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required TPAF and PERS, respectively, to fund post-retirement medical benefits of those State employees who retire after reaching age 60 and accumulating 25 years of credited service. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits thru TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2009, there were 84,590 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with Chapter 62, P.L. 1994.

The State is also responsible for the cost attributable to Chapter 126, P.L. 1992 c.126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. In fiscal year 2009, the State paid \$116.9 million toward Chapter 126 benefits for 13,320 eligible retired members.

**10. COMPENSATED ABSENCES**

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences".

District employees are granted varying amounts of sick leave in accordance with the District's personnel policy. Unused sick leave may be accumulated and carried forward to the subsequent years. Upon separation the District shall pay the employee for unused sick leave in accordance with the Districts' agreements with the various employees. Vacation days not used during the year may only be carried forward with approval from the Superintendent.

The liability for vested compensated absences of the governmental fund types is recorded in the Statement of Net Assets.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees.

**11. DEFERRED COMPENSATION**

The Board offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

Lincoln Investment Planning, Inc.  
Equitable

**12. RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance – The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report. There have been no significant reductions in insurance coverage from prior year and no settlements have exceeded insurance coverage's over the past three years.

New Jersey Unemployment Compensation Insurance – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and prior two years:

Fiscal Year	District Contributions	Employee Contributions	Amount Reimbursed	Ending Balance
2009-2010	\$ 120	\$ 74,002	\$ 155,402	\$ 472,665

All interfund balances are expected to be repaid within one year.

**14. INVENTORY**

Inventory in the Food Service Fund at June 30, 2010 consisted of the following:

Food	\$12,544
Supplies	5,982
Commodities	<u>4,128</u>
	<u>\$22,654</u>

The value of Federal donated commodities as reflected on Schedule A (required by the Single Audit Law of 1984) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of non-operating revenue in the financial statements.

**15. CONTINGENT LIABILITIES**

Grant Programs

The District participates in federal awards and state financial assistance grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The District is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

**16. FUND BALANCE APPROPRIATED**

General Fund – Of the \$4,511,192 General Fund fund balance at June 30, 2010, \$446,027 is reserved for encumbrances, \$1,588,329 has been legally restricted in accordance with N.J.A.C. 6A:23A-8.5, \$778,364 is reserved for capital reserve, \$1,100,000 is reserved for maintenance reserve, \$250,000 is reserved for the emergency reserve, \$253,954 is reserved for litigation, \$712,160 is reserved for excess surplus in accordance with N.J.S.A. 18A:7F-7 and \$(617,642) deficit is unreserved and undesignated.

### **17. DEFICIT FUND BALANCES**

The District has a deficit fund balance of \$563,211 in the General Fund as of June 30, 2010 as reported in the fund statements. N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the June state aid payments in the subsequent fiscal year, the school district can not recognize the June state aid payments (on the GAAP financial statements) until the year the State records the payable. Due to the timing difference of recording the June state aid payments, the General Fund balance deficit does not alone indicate that the District is facing financial difficulties.

Pursuant to N.J.S.A. 18A:22-44.2 any negative unreserved, undesignated General Fund balance that is reported as a direct result from a delay in June payments of state aid until the following fiscal year is not considered in violation of New Jersey statute and regulation nor in need of corrective action. The District deficit in the GAAP funds statements of \$856,048 is less than the two state aid payments.

### **18. CALCULATION OF EXCESS SURPLUS**

In accordance with N.J.S.A. 18A:7F-7, as amended by P.L. 2004, c.73 (S1701), the designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess surplus fund balance at June 30, 2010 is \$712,160.

**Note:** Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Marlboro. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

**a** For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

Independent Auditors' Report on Internal Control Over Financial Reporting  
and on Compliance and Other Matters Based on an  
Audit of Financial Statements Performed in Accordance  
with *Government Auditing Standards*

Honorable President and Members  
of the Board of Education  
Manalapan-Englishtown Regional School District  
County of Monmouth, New Jersey

We have audited the financial statements of the governmental activities, the business-type activity, each major fund, and the aggregate remaining fund information of the Board of Education of the Manalapan-Englishtown Regional School District, in the County of Monmouth, State of New Jersey (District) as of and for the year ended June 30, 2010, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 2, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States; audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

This report is intended solely for the information and use of the District's Board, the New Jersey Department of Education, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance with Requirements that  
Could have a Direct and Material Effect on Each Major Program  
and on Internal Control Over Compliance in Accordance with  
OMB Circular A-133 and New Jersey OMB's Circular 04-04

Honorable President and Members  
of the Board of Education  
Manalapan-Englishtown Regional School District  
County of Monmouth, New Jersey

Compliance

We have audited the compliance of the Board of Education of the Manalapan-Englishtown Regional School District, County of Monmouth, State of New Jersey (District) with the types of compliance requirements described in *OMB Circular A-133 Compliance Supplement* and the *New Jersey State Grant Compliance Supplement* that could have a direct and material effect on each of the District's major federal and state programs for the year ended June 30, 2010. The District's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments*. Those standards, OMB Circular A-133 and New Jersey OMB's Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

In our opinion, the District complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2010.

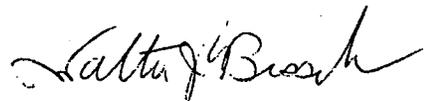

#### Internal Control Over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the District's internal control over compliance with the requirements that could have a direct and material effect on a major federal or state program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular 9-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the District's Board, the New Jersey Department of Education, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

## Manalapan-Englishtown Regional School District

### Notes to the Schedules of Expenditures of Federal and State Awards

Year ended June 30, 2010

#### **1. General**

The accompanying schedules of expenditures of federal and state awards present the activity of all federal and state award programs of the Manalapan-Englishtown Regional School District (District). The District is defined in Note 1 to the District's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal and state awards passed through other government agencies are included on the schedules of expenditures of federal and state awards.

#### **2. Basis of Accounting**

The accompanying schedules of expenditures of federal and state awards are presented using the modified accrual basis of accounting with the exception of programs recorded in the Food Service Fund, which are presented using the accrual basis of accounting, and those recorded in the Special Revenue Fund, which are presented using the budgetary basis of accounting. These bases of accounting are described in Note 1 to the District's basic financial statements. The information in these schedules are presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented, or used in the preparation of, the basic financial statements.

#### **3. Relationship to Basic Financial Statements**

Amounts reported in the accompanying schedules agree with or reconcile to amounts reported in the basic financial statements which present the General Fund and Special Revenue Fund on a GAAP basis. Budgetary comparison statements and schedules (RSI) are presented for the General Fund and Special Revenue Fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the fiscal year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The General Fund is presented in the accompanying schedules on the modified accrual basis of accounting with the exception of the revenue recognition of the last two state aid payments in the current year, which is mandated pursuant to NJSA 18A:22-44.2. For GAAP purposes, those payments are not recognized until the subsequent year due to the state deferral and recording of

the last two state aid payments in the subsequent year. The Special Revenue Fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The Special Revenue Fund also recognizes the last two state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2. For GAAP purposes, those payments are not recognized until the subsequent year due to the state deferral and recording of the last two state aid payments in the subsequent year. The Special Revenue Fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The Special Revenue Fund also recognizes the last two state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$(105,184) for the General Fund and \$(113,451) for the Special Revenue Fund. See the Note to Required Supplementary Information (C-3) for a reconciliation of the budgetary basis to the GAAP basis of accounting for the General Fund and Special Revenue Fund. Financial award revenues are reported in the District's basic financial statements on a GAAP basis as follows:

	Federal	State	Total
General Fund	\$ 2,745,082	\$21,740,223	\$24,485,305
Special Revenue Fund	2,119,192	64,898	2,184,090
Capital Projects Fund			
Debt Service Fund	-	649,756	649,756
Proprietary Fund	332,260	22,518	354,778
<b>Total Awards &amp; Financial Assistance</b>	<b>\$5,196,534</b>	<b>\$22,477,395</b>	<b>\$27,673,929</b>

#### 4. Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

**Manalapan-Englishtown Regional School District****Notes to the Schedules of Expenditures of  
Federal and State Awards**

Year ended June 30, 2010

**5. Other**

Revenues and expenditures reported under the Food Donation Program represent current year value received and current year distributions respectively. TPAF Social Security and Post Retirement/Medical Benefits Contributions represent the amounts reimbursed by the State for the employer's share of social security contributions and Post Retirement/Medical Benefits for TPAF members for the year ended June 30, 2010.

The TPAF post retirement/medical benefits expenditures are not subject to New Jersey OMB Circular 04-04.
