**REASON FOR CHANGE:**

**APA:** Alternate Proficiency Assessment - the alternate test for children in special education programs. Final data is calculated on additional information from the APA, which ultimately changed the AYP results.

**SH:** Safe Harbor - if the "partially proficient rate" from the previous year is decreased by at least 10 percent, the subgroup has met the proficiency standard for safe harbor. Recalculated with final data, a school met the Safe Harbor criteria in one or both subjects.

**PART:** Participation - one of the NCLB indicators. Recalculation with additional data resulted in a changed participation rate.

**IASA:** Improving America's Schools Act - the federal law that preceded NCLB.

**AYP:** Adequate Yearly Progress.

**APPEAL:** School officials appealed their designation based on preliminary data.
