

# PEQUEST TROUT HATCHERY & NATURAL RESOURCE EDUCATION CENTER PROFESSIONAL DEVELOPMENT WORKSHOP SERIES

NEW JERSEY DEP DIVISION OF FISH & WILDLIFE

**WILD About... Pequest** introduces educators to the Pequest Wildlife Management Area and its nearly 5000 acres of diverse wildlife habitat. This hands-on sampler offers an array of lessons from the new program offering, and is designed for educators who plan to bring their group to the Natural Resource Education Center.

**WILD About... Pequest**

**October 27, 2009  
9:00 to 3:30 p.m.**

.....

This hands-on workshop provides information on creating or enhancing schoolyard habitats. The workshop focuses on the importance of biodiversity while integrating science, social studies, math and language arts during a service-learning process. Participants receive *Homes for Wildlife: A Planning Guide for Habitat Enhancement on School Grounds*. The guide contains lessons for K-12 students and provides information to help teachers lead action projects with students.

**WILD School Sites**

**November 20, 2009  
9:00 to 3:30 p.m.**

.....

Snow and cold weather sends some animals in search of cover. This workshop identifies animals seen during the winter and describes the basic differences between true hibernators and other wildlife. Participants will observe and analyze signs of winter animal activity, and will design and construct a mock winter home for the group.
