Restoration Advisory Board meeting scheduled Jan. 14

FORT MONMOUTH, N.J. -- The next Fort Monmouth Restoration Advisory Board meeting is scheduled here at Gibbs Hall, 2000 Tinton Falls Avenue, at 7 p.m., Thursday, Jan. 14.

Presentations will be made on the status of the Fort Monmouth Stream Bank Stabilization Project, the Baseline Ecological Evaluation and the Installation Restoration Program.

Restoration Advisory Board members will discuss the removal of unregulated heating oil tanks that were identified in the Environmental Condition of Property Site Investigation.

The public RAB meetings are intended to bring together community members who reflect diverse interests, to enable the early and continued two-way flow of information, concerns, values, and needs between the affected community and the installation regarding the fort's environmental restoration efforts.

More information on the RAB and the Army's environmental program at Fort Monmouth can be found at:
