NEW JERSEY EARLY INTERVENTION SYSTEM**

Date: May 18, 2011

No.: NJEIS-15	Subject: Fraud, Waste, and Abuse
Effective Date: Immediately	Category: Families/Provider Agencies
Review Date: April 2013	Responsible Party: Procedural Safeguards Coordinator

I. Purpose

To identify, remediate and avoid circumstances under which fraud, waste, and abuse occur within the New Jersey Early Intervention System (NJEIS).

II. Policy

1. Consistent with federal and State law, the NJEIS strictly prohibits all acts that constitute fraud, waste, and abuse.
2. Every provider agency under a Letter of Agreement with the NJEIS shall ensure that it complies with NJEIS-15. NJEIS-15 also must be disseminated and made available to the provider agency's employees, managers, contractors and consultants.
3. As used in NJEIS-15, the following words and terms are defined as indicated:
 - a. "Abuse" means activities by any party, including a recipient of NJEIS services, that are inconsistent with sound fiscal, business or educational practices, which result in unnecessary costs to the NJEIS, or in reimbursement of services that are not necessary or that fail to meet professionally recognized standards for developmental/education services;
 - b. "Claim" means a request for payment related to NJEIS services;
 - c. "Fraud" means an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to himself or some other person;
 - d. "Knowing" and "knowingly" mean that a person, with respect to information--
 - (i) has actual knowledge of the information;
 - (ii) acts in deliberate ignorance of the truth or falsity of the information;
 - (iii) acts in reckless disregard of the truth or falsity of the information; or
 - (iv) it is practically certain from the conduct of the person that a certain result will occur;

- e. “Participant” means: (1) an child and/or family receiving or attempting to access NJEIS services; (2) a practitioner providing NJEIS services, on behalf of a provider agency, to a child and/or family; (3) an agency operating under a Letter of Agreement or grant to ensure the provision of NJEIS services to children and families on behalf of the NJEIS, including service coordination; and (4) employees and managers working for the Department of Health and Senior Services, within the New Jersey Early Intervention System; and
 - f. “Waste” means activities involving payment or the attempt to obtain reimbursement for items or services where there was no intent to deceive or misrepresent but the outcome of poor or inefficient claiming or inappropriate IFSP development causes unnecessary costs to the NJEIS – waste includes any action or inaction that does not rise to the level of fraud or abuse, but results in overpayments or misspent funds;
4. Provider agencies, practitioners, NJEIS employees and managers, and as indicated, families must comply with NJEIS-15 and the following federal and state statutes: Federal False Claims Act; Federal Program Fraud Civil Remedies Act, Federal Anti-Kickback statute; Section 6032 of the Federal Deficit Reduction Act of 2005; New Jersey False Claims Act, New Jersey Medical Assistance and Health Services Act; Health Care Claims Fraud Act; Uniform Enforcement Act; New Jersey Consumer Fraud Act, and Conscientious Employee Protection Act, in the delivery of NJEIS services.
 5. The Federal False Claims Act (FCA), codified at 31 U.S.C. §§ 3729-3733, is one of the federal government’s primary weapons to fight fraud against the government. The Act, as amended in 1986, provides for penalties of between \$5,500 and \$11,000 per false claim, and triple damages for anyone who knowingly submits or causes the submission of false or fraudulent claims to the United States for government funds or property. The amount of the false claims penalty is to be adjusted periodically for inflation in accordance with a federal formula. The Act prohibits, among other things, the submission of inappropriate claims for NJEIS services, since the NJEIS is funded in part by federal funds. It also protects “whistleblowers” by providing that any employee who is subject to retaliation or discrimination by an employer in the terms and conditions of employment because the employee lawfully sought to take action or assist in taking action under this act “shall be entitled to all relief necessary to make the employee whole.” This includes reinstatement with seniority restored to what it would have been without the retaliation or discrimination, double the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the employer’s actions, including litigation costs and reasonable attorney’s fees.
 6. The Federal Program Fraud Civil Remedies Act (PFCRA), codified at 31 U.S.C. §§ 3801-3812, provides federal administrative remedies for false claims and statements, including those made to federally funded health care programs. Current civil penalties are \$5,500 for each false claim or statement, and an assessment in lieu of damages sustained by the federal government of up to double damages for each false claim for which the government makes a payment. The amount of the false claims penalty is to be adjusted periodically for inflation in accordance with a federal formula.
 7. Under the Federal Anti-Kickback statute (AKA), codified at 42 U.S.C. § 1320a-7b, it is illegal to knowingly and willfully solicit or receive anything of value directly or indirectly, overtly or covertly, in cash or in kind, in return for referring an individual

or...ordering or arranging for any good or service for which payment may be made in whole or in part under a federal health care program, including programs for children and families accessing NJEIS services through NJ Medicaid and NJ Family Care.

8. Under Section 6032 of the Deficit Reduction Act of 2005 (DRA), codified at 42 U.S.C. § 1396a(a)(68), the NJEIS and participants in the NJEIS shall follow Federal and State laws pertaining to civil or criminal penalties for false claims and statements, and whistleblower protections under such laws, with respect to the role of such laws in preventing and detecting fraud, waste, and abuse in Federal health care programs, including programs for children and families accessing NJEIS services through NJ Medicaid and NJ Family Care.
9. The New Jersey False Claims Act (NJFCA), P.L. 2007, Chapter 265, codified at N.J.S.A. 2A:32C-1 through 2A:32C-17, and amending N.J.S.A. 30:4D-17(e), which was enacted on January 13, 2008 and was effective 60 days after enactment, has three parts: (a) the main part authorizes the New Jersey Attorney General and whistleblowers to initiate false claims litigation similar to what is authorized under the Federal False Claims Act, and has similar whistleblower protections; (b) another part amends the New Jersey Medicaid statute to make violations of the New Jersey False Claims Act give rise to liability under N.J.S.A. 30:4D-17(e); and (c) a third part amends the New Jersey Medicaid statute to increase the \$2000 per false claim civil penalties under N.J.S.A. 30:4D-17(e)(3) to the same level provided for under the Federal False Claims Act, which is currently between \$5,500 and \$11,000 per false claim.
10. Under the criminal provisions of the New Jersey Medical Assistance and Health Services Act (MAHSA), codified at N.J.S.A. § 30:4D-17(a) – (d), participants in the NJEIS shall refrain from engaging in fraud or other criminal violations relating to Title XIX (Medicaid)-funded programs. Prohibited conduct includes, but is not limited to: (a) fraudulent receipt of payments or benefits; (b) false claims, statements or omissions, or conversion of benefits or payments; (c) kickbacks, rebates and bribes; and (d) false statements or representations about conditions or operations of an institution or facility to qualify for payments. Participants engaging in criminal violations may be excluded from participation in Medicaid and other health care programs under N.J.S.A. § 30:4D-17.1(a).
11. Under the civil provisions of the MAHSA, codified at N.J.S.A. §§ 30:4D-7(h) and 30:4D-17(e) – (i), participants in the NJEIS: (1) shall repay with interest any amounts received as a result of unintentional violations; and (2) are liable to pay up to treble damages and (as a result of the New Jersey False Claims Act) between \$5,500 and \$11,000 per false claim when violations of the Medicaid statute are intentional, or when there is a violation of the New Jersey False Claims Act. Participants engaging in civil violations may be excluded from participation in Medicaid and other health care programs under N.J.S.A. § 30:4D-17.1(a)
12. Under the Health Care Claims Fraud Act (HCCFA), codified at N.J.S.A. §§ 2C:21-4.2, 2C:21-4.3 and 2C:51-5, participants in the NJEIS shall not: (1) knowingly commit health care claims fraud in the course of providing NJEIS services; (2) recklessly commit health care claims fraud in the course of providing NJEIS services; and (3) commit acts of health care claims fraud as described in (1) and (2), if the commission of such acts would

be performed by an individual other than the professional who provided NJEIS services (e.g., claims processing staff).

13. Under the Uniform Enforcement Act (UEA), codified at N.J.S.A. § 45:1-21(b) and (o), licensed professionals are prohibited from engaging in conduct that amounts to, “dishonesty, fraud, deception, misrepresentation, false promise or false pretense” or involves false or fraudulent advertising.
14. Under the New Jersey Consumer Fraud Act (CFA), codified at N.J.S.A. §§ 56:8-2, 56:8-3.1, 56:8-13, 56:8-14, and 56:8-15, provider agencies and the individuals working for them shall be prohibited from the unlawful use of “any unconscionable commercial practice, deception, fraud, false pretense, false promise, misrepresentation, or the knowing concealment, suppression, or omission of any material fact”, with the intent that others rely upon it, in connection with the sale, rental or distribution of any product or service by the provider agency or its employees, or with the subsequent performance of that provider agency or its employees.
15. Under the Conscientious Employee Protection Act (CEPA), codified at N.J.S.A. §34:19-1, et seq., provider agencies are prohibited from taking retaliatory action against employees who: (a) disclose or threaten to disclose to a supervisor or any public agency an activity, policy or practice of the provider agency or another business with which the provider agency shares a business relationship, that the employee reasonably believes to be illegal, fraudulent and/or criminal; (b) provides information or testimony to any public agency conducting an investigation, hearing or inquiry into any violation of law, rule or regulation by the provider agency or another business with which the provider agency shares a business relationship; or (c) objects to, or refuses to participate in any activity, policy or practice which the employee reasonably believes is illegal, fraudulent, criminal or incompatible with a clear mandate of public policy concerning the public health, safety or welfare, or protection of the environment.
16. No provider agency shall submit a claim that, if processed and reimbursed, would constitute fraud, waste or abuse, consistent with the FCA, PFCRA, AKA, DRA, NJFCA, MAHSA, HCCFA or as defined above in subsection II.3.
17. No family shall seek payment of NJEIS services, if payment for said services would constitute fraud, waste or abuse, consistent with the FCA, PFCRA, AKA, DRA, NJFCA, MAHSA, HCCFA or as defined above in subsection II.3.
18. Cases believed to involve fraud; waste or abuse shall be investigated by the appropriate staff persons within a provider agency and the results of such investigation reported to the NJEIS.
19. Cases brought to the attention of the NJEIS may be independently investigated by NJEIS staff or the NJEIS’ designee, to determine the merits of alleged fraud, waste or abuse.
20. If a family or provider agency has been adjudged to have committed fraud, waste or abuse, the NJEIS shall impose sanctions, including, but not limited to: (1) recoupment of funds linked to fraud, waste or abuse, together with interest and any applicable civil penalties; (2) suspension of services to a child (whose parents committed fraud, waste or

abuse); (3) disqualification of a practitioner from serving within the NJEIS; (4) termination of the Letter of Agreement between a provider agency and the NJEIS for the provision of early intervention services; and/or (5) referral of any evidence of suspected fraud or other criminal activity to the Medicaid Fraud Section, Office of Insurance Fraud Prosecutor, NJ Division of Criminal Justice.
