Summary of Public Comment and Agency Response:

One comment was received for this notice of proposal, from ***492@aol.com.

COMMENT: The commenter did not specify any particular change to the rules, but rather expressed the desire for a blanket rule “to stop all charitable donations handled through public workplaces.”

RESPONSE: While the Department of the Treasury (Department) certainly respects the commenter’s opinion, the Department is proposing the rules to implement the statutory campaigns described in N.J.S.A. 52:18A-30. Any effort to eliminate campaigns completely would require statutory change, and the commenter may certainly proceed along that avenue. Without statutory change, the Department believes that the rules implement the current statutory intent of the New Jersey State Legislature.
