

## Characteristics of Undergraduate Students

### C. 2. Enrollment in Remediation Courses by Subject Area

*Incoming students at PCCC are tested on Accuplacer to identify if they need remediation in the areas of Reading, Writing or Mathematics. This year 2,500 students were tested on Accuplacer and almost 61 percent were identified to have remedial needs.*

*Over 75 percent of first-time, full-time degree seeking students required remediation in at least one area, i.e., reading, writing or math. A significantly higher proportion of them required remediation in Math (71 percent) compared to those requiring remediation in English, i.e., Reading (47 percent) and Writing (31 percent).*
