

## II.C. Characteristics of Undergraduate Students

### II.C.1. Mean Math, Reading and Writing SAT Scores

Sussex County Community College does not require students to take the SAT Exam for admission.

### II.C.2.a. Basic Skills Placement Tests Administered At Sussex County Community College

At Sussex County Community College Accuplacer Online is used to determine remediation need. There are five subtests administered through Accuplacer Online: Reading Comprehension, WritePlacer, Sentence Skills, Arithmetic, and Elementary Algebra. All students are required to take the basic skills placement test unless: they qualify for exemption based on their SAT scores, transfer credits, an approved basic skills test taken at another college or university, or, they have already earned a college degree. Students taking SCCC courses approved for personal enrichment or meeting a special program standard or exception can also satisfy a waiver condition. In addition to the five Basic Skills sub-tests, students intending to take Pre-calculus and Calculus courses at SCCC are required to take an additional College Level Mathematics section of the Accuplacer test which is used to gauge readiness for these courses.

Students who achieve a score of 530 or more in the Mathematics section of the SAT are exempt from the math subtest of the placement test. Students who achieve a score of 540 or more in the Critical Reading section of the SAT are exempt from the reading comprehension subtest.
