THE DATA COLLECTED IN THIS FILE SHOULD REFLECT ALL THE DEGREE CREDIT INSTRUCTIONAL ACTIVITY AT AN INSTITUTION FOR AN ENTIRE YEAR, EITHER FROM JULY 1 THROUGH JUNE 30<sup>th</sup> (STATE FISCAL YEAR) OR SEPTEMBER 1 THROUGH AUGUST 31<sup>st</sup> (ACADEMIC YEAR). THIS DATA, LIKE THE FALL ENROLLMENT FILE, WILL BE USED TO POPULATE FEDERAL IPEDS SURVEYS AND SHOULD ADHERE TO THEIR DEFINITIONS.

From the IPEDS instructions for unduplicated counts:

**Coverage** - Institutions should report students enrolled during the 12-month reporting period in any courses leading to a degree or other formal award **and** any students enrolled in courses that are part of a terminal vocational or occupational program. **Do NOT** report students whose only credit was at a branch campus in a foreign country.

**DO NOT** include interns or residents as those students have already received their first-professional degrees and are **NOT** included in the enrollment survey.

From the IPEDS instructions for instructional activity:

**Special Instructions** - If a course does not end within the specified 12-month period, the instructional activity for the course should be reported only for the number of weeks which do fall within the 12-month period. For example, if only 40 weeks of a 64 week course (which meets 15 hours per week and has an enrollment of 30 students) falls within the 12-month period, the contact hour activity for this course would be computed as follows: 40 weeks x 15 hours per week x 30 students = 18,000 contact hours.

**Credit hour activity** - Include instructional activity in all courses offered for credit that are measured in terms of credit hours, regardless of whether the student completed the course. Also include courses comprising part of a terminal vocational or occupational program that are measured in terms of credit hours, regardless of whether these courses lead to a formal award by the institution. Include remedial courses taken for credit, even if credit hours from such courses are not creditable toward a degree or other formal award. Any course that is used to determine a student's eligibility for financial aid should be included. Include credit courses taken by high school students. Do NOT include credit courses that are audited by students, or credit courses of students studying abroad.
