Deputy Commissioner

TEL. (609) 631-2200

March 30, 2011

Dear Family Member:

The Department of Human Services' Division of Developmental Disabilities has committed to keep you informed regarding the proposed closure of Vineland Developmental Center. To date, two information sessions have been held and more are being planned.

During the months of April and May, small group forums will serve as opportunities for you to share your thoughts and ask any questions you have relevant to the closure process and movement of residents.

These small groups will be scheduled based on your availability among interested families. These meetings will take place at Vineland Developmental Center. If you wish to be included, please call Rita Rigby at DDD Central Office, 609-689-0565, to discuss preferred dates and times. You will be contacted when a group has been assembled and confirmed.

Your input is important to us.

Sincerely,

A handwritten signature in black ink that reads "Dawn Apgar".

Dawn Apgar, PhD, LSW, ACSW
Deputy Commissioner
