DEPARTMENT OF HUMAN SERVICES
DIVISION OF MENTAL HEALTH & ADDICTION SERVICES

The NJ State Plan Amendment

The State Plan Amendment (SPA) describes CSS and outlines both consumer and provider participation criteria. It also summarizes the basis of reimbursement, specifically the method used to determine the fixed fee-for-service rates.

10:37B Community Support Services Regulations

These regulations outline the required standards for providers of CSS for adults with serious mental illness in the State of New Jersey.

Community Support Services Eligibility Criteria Checklist

This checklist outlines the CSS consumer eligibility criteria, more specifically, the criteria for establishing a severe mental health need, as that term is defined at N.J.A.C. 10:37B.

Community Support Services Enrollment Form

The enrollment form must be submitted to the Interim Management Entity (IME) for all new CSS consumers. The enrollment form must include the consumer's discharge date into the community.

Community Support Services Fax Cover Sheet

The fax cover sheet must be used when providing a submission to the Interim Management Entity (IME). Each submission to the IME must be separate and accompanied by a separate fax coversheet.

Preliminary and Comprehensive Rehabilitation Needs Assessment (PRNA & CRNA)

The rehabilitation needs assessment is a template that provider agencies may use to gather all information required to determine a consumer's individual strengths, preferences, needs, abilities, psychiatric symptoms, medical history, and functional limitations.

Individualized Rehabilitation Plan (PIRP & IRP) Template

The individualized rehabilitation plan template, whether for PIRP or IRP, is a DMHAS form that all CSS providers must use to outline a consumer's goal (s).

Individualized Rehabilitation Plan (IRP) Sample #1

This completed IRP provides an example of how to outline a consumer's chosen goals, objectives, and provider interventions.

CSS Monitoring Tool

The monitoring tool can be used to ensure agency compliance with CSS regulations. It also contains a checklist that can be used to assist with claims submitted to Medicaid.

CSS Power Point Presentations

These presentations provide an overview of CSS and highlight important aspect of CSS documentation.

Rutgers SHP CSS Website

This website includes the power point presentations and hand-outs that have been used during the CSS trainings provided by Rutgers SHP.
