

**Division of Mental Health and Addiction Services**

Medically Enhanced Supportive Housing (MESH) and Community Support Services for  
Individuals Discharged from State Psychiatric Hospitals  
Awarded: October 12, 2016

**Name of Program:** Medically Enhanced Supportive Housing (MESH) and Community Support Services for Individuals Discharged from State Psychiatric Hospitals

**Purpose:** The Division of Mental Health and Addiction Services (DMHAS) has made 7 awards to develop or expand medically enhanced supportive housing to serve a minimum of 35 individuals who are in a New Jersey state psychiatric hospital. These individuals may also have co-occurring substance use disorders or a co-existing developmental disability, have experienced periods of long-term institutionalization, and/or are refusing to leave the hospital.

There will be new Medically Enhanced Supportive Housing for twenty (20) individuals in the Ancora Psychiatric Hospital catchment area, ten (10) in the Trenton Psychiatric Hospital catchment area, and five (5) individuals in the Greystone Park Psychiatric Hospital catchment area.
