PURPOSE OF FUNDING:

The State of New Jersey Department of Human Services (DHS), Division of Family Development (DFD), is issuing this Request for Proposals (RFP) for the Disaster Case Management (DCM) Services Grant contingent upon final approval of the federal grant award and any conditional requirements. DCM services are defined by the Federal Emergency Management Agency (FEMA) as a time-limited process that involves a partnership between a case manager and a disaster survivor to develop and carry out a Disaster Recovery Plan. The Disaster Recovery Plan is a goal-oriented plan that will assess the client’s unmet needs including basic needs such as food, shelter, first aid, as well as financial, physical, emotional, or spiritual well-being that were caused or exacerbated by Hurricane Sandy. The purpose of this grant is to provide a time-limited disaster case management process that will organize and provide a timely, coordinated approach to assess the client’s disaster-related needs and develop a goal-oriented plan that outlines the steps necessary to achieve recovery.

This grant aims to provide disaster assistance applicants with a single point of contact to facilitate access to a broad range of disaster recovery resources that may be provided by different organizations. Please be advised that clinical crisis case management is NOT a part of this grant proposal. This RFP for the Disaster Case Management (DCM) Services Grant is contingent upon a final approved federal grant award and meeting any conditional requirements. Under the authority of the Commissioner of Human Services to provide for the health and safety of clients in exigent circumstances (N.J.A.C.10:3-3.13), DHS may enter into a contract for professional services to clients without a protracted RFP process.
BACKGROUND:

Beginning on October 28, 2012, and continuing through October 30, 2012, Tropical Storm Sandy made landfall in the State of New Jersey, and wreaked havoc across the state. The storm cause mass evacuations and sheltering issues in its earliest stages. Sandy produced unprecedented damage statewide, which included fallen trees, downed power lines, widespread flooding, and severe power outages across the state. Numerous businesses, homes and families were impacted by this disaster, and as such on October 30, 2012, President Obama determined that the damage in the State resulting from Sandy was of sufficient severity and magnitude to warrant a major disaster declaration under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq. (the “Stafford Act”). The State has received the Presidential Disaster Declaration DR-4086 and is working with our Federal partners in a coordinated effort to bring normalcy to citizens of this state. This declaration authorized Individual and Public Assistance programs and Hazard Mitigation for all 21 Counties (FEMA-DR-4086, New Jersey). As an example of the scope of the storm’s damage, over 250,039 registrations have been made to FEMA for Individual Assistance (IA) and 55,579 IA applications have been approved as of January 3, 2013, with a total of all individual and household program dollars standing at $303,274,524.17 (New Jersey Hurricane Sandy (DR-4086) FEMA.gov 12-16-12). FEMA has also approved over $272,721,582 in Housing Assistance and $30,552,942 in Other Needs Assistance (New Jersey Hurricane Sandy (DR-4086) FEMA.gov 12-16-12).

A FEMA program of Immediate Disaster Case Management (IDCM) initiated field operations on November 23, 2012 and is anticipated to continue until February 24, 2013, or through April 7, 2013 if a final extension is needed and authorized. In order to continue to meet and assist disaster assistance applicants achieve long term recovery goals, the State of New Jersey intends to implement a State DCM program to afford a seamless transition from IDCM to State DCM.
PROJECT GOALS:

This RFP is limited to agencies that have received both the FEMA recognized training and have experience in providing disaster case management services. The State of New Jersey intends to implement DCM services through a Managing Agency (MA) with services concentrated in the most impacted areas of the State. The MA will be responsible for providing all DCM services, even if it elects to subcontract a portion of the services through contracts or vendor agreements to other disaster case management service providers with a capacity and local knowledge to provide this service. The MA must have the requisite disaster or emergency case management experience and the administrative infrastructure to effectively manage and support training, service delivery, and fiscal management processes. The MA must also be able to provide a sufficient level of accountability, technical assistance, and leadership to meet all governmental and professional requirements.

The DCM Program will be coordinated through the New Jersey DHS/DFD with support being provided by the State Office of Emergency Management (OEM) and New Jersey’s Voluntary Organizations Active in Disasters (NJVOAD). The State of New Jersey will need up to 40 Full-Time Equivalent (FTE) Disaster Case Managers with a minimum of 4 corresponding FTE supervisors and recommended administrative and support staff to address the ongoing need for this service across the state for a time period not to exceed 20 months (must end by October 30, 2014). The MA will directly hire or subcontract up to 56 FTE or prorated positions which shall include: a Program Manager, a Finance Manager, Case Manager Provider Supervisors (4) based upon the ratio to Disaster Case Managers, Disaster Case Managers (40) based upon the estimated needs of the State, Data Entry Specialists (3) based on the ratio to Disaster Case Managers, Coordinator Specialists (2), Construction Cost Analysts who will serve as construction expert liaisons for the DCM team regarding clients’ recovery efforts and providing technical assistance (4), and Administrative Assistants (2). Positions will be a prorated percentage of FTEs in accordance with recommended program staffing level ratios contained in federal guidance. The maximum allowable fringe benefit rate is 38.5%. The maximum allowable all inclusive consultant rate for training is $750 a day.
The New Jersey DHS/DFD is requesting proposals from interested and qualified private non profit New Jersey agencies to serve as a MA to work with DFD for the provision of DCM services. Qualified agencies are defined as agencies that have prior DCM experience and training.

The MA must:

- Advertise and recruit staff/subcontractors/vendors;
- Arrange for or confirm currently available background checks for all staff;
- In conjunction with State Project Team and in coordination with IDCM provider, develop a transition plan for continuity of DCM services from the IDCM vendor to the State DCM;
- In conjunction with State Project Team and in coordination with IDCM provider, identify area of greatest need and specific populations among the priority target groups which continue to have a high degree of unmet need;
- Locate no-cost (or low-cost, if no free host locations are available) space, building upon NJVOAD and COAD and other governmental or non-governmental locations that may already be in use or be available. (Leasing costs for space are not anticipated at this time, however, if no free space is available, limited reimbursement may be available based upon prior FEMA and state approval if determined reasonable and justifiable);
- Arrange for a FEMA recognized vendor with prior DCM training and experience to provide DCM training for all interested parties;
- Ensure that all field staff is successfully trained in DCM prior to client contact, and has the commensurate level of supervisory oversight based upon education and experience and skill set consistent with the recommended staff ratios (1:10);
- Ensure that all staff is trained and complies with the laws and regulations relating to confidentiality and disclosure or release of information including, but not limited to: Health Insurance Portability and Accountability Act (HIPAA), as well as specific health, HIV, substance abuse, child or elder abuse, domestic violence, financial and other related provisions applicable to information sharing and security. This shall also include applicable mandatory
reporting requirements (children and vulnerable adults) and other protective or health/safety provisions required by State statutes or regulations and professional licensing or certification requirements;

- Purchase directly, or arrange through subcontracts or vendor agreements for the purchase of office supplies including: laptop computers and associated application software, mobile devices (cell phones/PDA) for all field staff including Wi-Fi or mobile internet capacity (see Attachment H for minimum specifications), general office supplies, and portable printers/scanners/copiers/fax machines;

- Ensure that all DCM staff uses the open architecture Coordinated Assistance Network (CAN) software to register and track client activity, and prepare reports;

- In consultation with State Project Team, deploy DCM staff and supervisors to areas of greatest need either directly or through subcontracts or vendor agreements;

- Conduct periodic DCM and related training as needed to those who are providing or administering DCM services;

- Provide training in other relevant topics as needed to maintain core skill levels during mobilization and demobilization activities or to meet mandatory requirements;

- Serve as the State’s partner for aggregate client monitoring and fiscal/agency reports; submit monthly standardized client statistical and program reports to DFD; report expenditure information on a quarterly basis to DFD; and notify DFD immediately of any emergency situations or unusual incidents in their own organization or with case management providers/vendors;

- Participate in a quality review and evaluative process, which may include but is not limited to: staff and/or client interviews; surveys, statistical data, a case flow process review, and management or fiscal data, or reports as permitted by law and state and federal requirements;

- Convene a minimum of two (2) statewide conferences in consultation with the State Project Team, designed to improve DCM skill sets and facilitate the
ongoing development of formal and informal relationships and communication to improve future disaster readiness and implementation;

- Comply with State and DHS rules and regulations governing the purchase of services contract process, the DHS’ Standard Language Document, the Contract Reimbursement Manual and the Contract Policy and Information Manual, in addition to the terms and conditions set forth in this RFP. Grant Recipients are required to comply with the Affirmative Action Requirements of Public Law 1975, c. 124 (N.J.A.C. 17:27) and the requirements of the Americans with Disabilities Act of 1991 (P.L. 101-336). Applicants must also sign the Statement of Assurances (Attachment A) and the Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion (Attachment B), Proposal Authorization/Cover Sheet (Attachment C), and Disclosure Certification Form (Attachment F). Grant Recipients are required to comply with Executive Director Letter, Third Party Provider – 061510 (Attachment I), Third Party Contract Amendments – 060910 (Attachment J). Applicants may review the DHS contracting rules and regulations, as defined in the Contract Reimbursement Manual, and the Contract Policy and Information Manual. Copies of these manuals can be found online at the following link:
  http://www.state.nj.us/humanservices/ocpm/home/resources/manuals/index.html.

- Comply with federal and state administrative regulatory and other requirements (see Disaster Grant Agreement Articles and Assurance Compliance (Attachment L) including but not limited to: Privacy Act Compliance, especially regarding personally identifying information; confidentiality, including signed agreements by all staff and associated vendors to abide by the required policies; supplanting of funds; records maintenance, retention and destruction; discrimination; conflict of interest and ethics; Freedom of Information Act/NJ Open Public Records Act; federal and state civil rights laws and regulations, and specified certifications and assurances.

PROPOSALS THAT DO NOT MEET THE CRITERIA STATED ABOVE AND ARE NOT RECEIVED BY THE DEADLINE DATE AND TIME ARE DEEMED LATE AND WILL NOT BE CONSIDERED FOR FUNDING.

ANY DOCUMENTS THAT ARRIVE UNDER SEPARATE COVER WILL NOT BE INCLUDED AS PART OF THE PROPOSAL PACKAGE.

NOTIFICATION OF ACCEPTANCE OR REJECTION OF AWARD:

Applicants will be notified of the award on or after March 22, 2013. The award will be contingent upon contract negotiations. Any and all bid proposals may be rejected when it is in the best interest of DHS to do so. DHS’ best interests include, but are not limited to: loss of funding, inability of the Applicant to provide adequate services, an indication of misrepresentation of information, and/or non-compliance with State and Federal laws and regulations. DHS also reserves the right to conduct a facility inspection and/or pre-award survey with any individual, agency or organization that submits a proposal in response to this RFP. All proposals are considered public information and as such will be made available upon request after the completion of the RFP process.

APPEAL PROCESS:

An appeal will not be heard based on a challenge to the evaluation of a proposal. An appeal of the selection process will be heard only if it is alleged that DFD has violated a statutory or regulatory provision in the awarding of a grant. Applicants requesting an appeal based on a statutory or regulatory violation must submit a written request stating the alleged violation to the Department of Human Services, Division of Family Development, Office of the Director, PO Box 716, Trenton, New Jersey 08625-0716, no later than 10 calendar days following the date of a non-award notification.
CONTRACT NEGOTIATIONS:

Prior to an award notification, DHS/DFD will negotiate a contract with the selected Applicant and proceed with the process of preparing and finalizing formal contracts with the selected Applicant, as appropriate. Funding and issuance of this proposed contract is contingent upon the availability of sufficient resources in the SFY’s 2013-2015 DFD budgets. No legal responsibility for payment on the part of DFD shall be made, unless and until funds are appropriated and made available to DFD. DHS assumes no responsibility or liability for the costs incurred by an Applicant for the planning or preparing of a proposal in response to this RFP. This RFP for the Disaster Case Management (DCM) Services Grant is contingent upon final approval of the federal grant award and any conditional requirements. All proposals are considered public information and as such will be made available, upon request, after the completion of this RFP process.

APPLICATION SELECTION AND EVALUATION CRITERIA:

A review team of at least three people will review and evaluate each proposal. The review team will consist of staff members of the DFD, DHS, and may include representatives of other State/local agencies and organizations. Proposals will be rated in accordance with the narrative information provided as outlined in the Program Narrative Requirements section of this RFP. Applicants are eligible to receive a maximum point score of 100 points for proposal content. The maximum point score for each Narrative section is provided in the Program Narrative Requirements section of this RFP. Proposals receiving an average numerical rating of 65 or less will not be considered for funding. In addition, the prospective applicants may be required to participate in a rated Panel Interview. Upon final team review, a list of recommended proposals will be submitted to the Director of DFD and the Commissioner of DHS for final approval. During the selection process, additional information may be requested.

Proposal Selection Criteria:

- Applicant’s ability, qualifications, and skills to perform all of the programmatic activities required under this RFP;
• Applicant’s past performance and effectiveness in providing DCM services;

• Applicant’s experience in developing or capacity to develop collaborative relationships with other community resources such as New Jersey Volunteer Organizations Active in Disasters and Long-Term Recovery Groups, as appropriate;

• Applicant’s ability to achieve realistic and attainable program goals and objectives and description of the total proposed program design including service delivery and fiscal management;

• Applicant’s capacity to deploy and ensure the provision of DCM services statewide;

• Applicant’s ability to achieve all of the stated grant deliverables;

• Effectiveness of the management plan;

• Compliance with the criteria and intent contained in this RFP; and

• Feasibility and reasonableness of the proposed budget as it relates to the total program design and the Applicant’s stated goals.

PROPOSAL CONTENT OUTLINE:

Applicants must submit one (1) signed original and five (5) copies of the completed proposal package. Failure to submit a signed original and the required number of copies will result in the proposal not being considered for funding (disqualification).

Note: It is suggested that a blue ink pen be used for all required signatures.
