I. Purpose and Intent

This Request for Proposals (RFP) is being issued by the New Jersey Department of Human Services (DHS), Division of Mental Health and Addiction Services (DMHAS) to establish an opioid overdose prevention program. The program is expected to include an educational component, outreach to at-risk individuals, collaboration with interested stakeholders and distribution of naloxone rescue kits. The program will provide education to individuals at risk for an opioid overdose, their families, friends and loved ones to recognize an opiate overdose and to subsequently provide life-saving rescue measures to reverse the effects of an opioid overdose.

DMHAS and the Governor’s Council on Alcoholism and Drug Abuse (GCADA) will provide total annualized funding in the amount of $675,000, which will be available for two (2) years, subject to State and Federal appropriations. DMHAS anticipates making three (3) regionalized awards in the amount of $225,000 for each of the following regions:

North: Bergen, Essex, Hudson, Morris, Passaic, Sussex and Warren Counties
Central: Hunterdon, Mercer, Middlesex, Monmouth, Somerset, and Union Counties
South: Atlantic, Burlington, Camden, Cape May, Cumberland, Gloucester, Ocean and Salem Counties.

Bidders applying for more than one (1) region must submit separate proposals for each region.

No funding match is required; however, bidders will need to identify any other sources of funding, both in-kind and monetary, that will be used. Bidders may not fund any costs incurred for the planning or preparing a proposal in response to this RFP from current DHS/DMHAS contracts.

The following summarizes the RFP schedule:

June 29, 2015       Notice of Funding Availability
July 13, 2015       Mandatory Bidders Conference
August 10, 2015     Deadline for receipt of proposals - no later than 4:00 p.m.
September 4, 2015   Preliminary award announcement
September 11, 2015   Appeal deadline
September 18, 2015   Final award announcement
October 1, 2015      Anticipated contract start date

II. Background

On May 2, 2013, Governor Christie signed the "Opioid Antidote and Overdose Prevention Act." The law is designed to promote the wider prescription and distribution of naloxone, which is an easily administered antidote to an opioid overdose. It recognizes that overdose deaths can be prevented by making naloxone and similarly-
acting antidotes more readily available to those at risk of an opioid overdose, and to their families, friends and loved ones.

The “Good Samaritan” component of this law provides legal protections, both civil and criminal, to the overdose victim and the person who seeks medical assistance for the victim of an opioid overdose. This may include the prescribing, dispensing, or administering of naloxone or a similarly acting drug approved by the United States Food and Drug Administration for the treatment of an opioid overdose. Thus, the immunity for arrest, prosecution, or conviction for drug offenses is in effect when a person, in good faith, seeks medical assistance for the victim of an overdose.

Furthermore, the Opioid Antidote and Overdose Prevention Act of 2013 authorized the New Jersey Department of Human Services (DHS) to develop a bystander training program that includes the use of naloxone in overdose emergencies. In September 2014, the DMHAS issued emergency contracts to DHS licensed, non-profit Opioid Treatment Programs (OTPs) to provide community education and training, as well as the distribution of naloxone kits to individuals who attend and complete training. Naloxone Training and Distribution Program Contracts were awarded to four (4) OTPs located in, or adjacent to, five (5) counties (Atlantic, Camden, Essex, Monmouth and Ocean). In 2013, there were 1,261 drug poisoning deaths in New Jersey due to overdoses of heroin and other opiates. The five counties with the greatest number of these deaths were Camden (136 or 10.8%), Ocean (123, or 9.8%), Essex (98, or 7.8%), Middlesex (102 or 8.1%) and Monmouth (98 or 7.8%).

Data collected by New Jersey’s Regional Operations Intelligence Center (ROIC) on the administration of Narcan from law enforcement, advanced life support (ALS) and basic life support (BLS) services from March 2014 to February 2015, indicated that there were 5,078 statewide administrations. Of these, most reversals (828) occurred in Camden County. In Ocean County, 394 residents received an overdose reversal which was the second highest number of any county. Narcan was administered in 358 overdose cases in Essex, which was the third highest number, and in Monmouth County there were 304 Narcan administrations, the fourth highest.

In addition to providing tools to reverse an opioid overdose, DMHAS’ overall goal has been to link individuals into substance abuse treatment services prior to or following an opioid overdose. It is shown that individuals who survive an opioid overdose are at significant risk to overdose again in the future if they do not get treatment for their addiction and continue to use opiates. The September 2014 Naloxone Training and Distribution Program has been used as an opportunity to link individuals who have survived an overdose with substance abuse treatment. This program has and will continue to have the potential to change and immeasurably improve countless lives throughout the State.

III. Who Can Apply?

To be eligible for consideration for this RFP, the bidder must satisfy the following requirements:

- The bidder must be a non-profit entity or governmental entity;
- For a bidder that has a contract with DMHAS in place when this RFP is issued, that bidder must have all outstanding Plans of Correction (PoC) for deficiencies submitted to DMHAS for approval prior to submission;
- Bidders must be able to demonstrate a history of providing effective and outcome based educational and support services;
- The bidder must be fiscally viable based upon an assessment of the bidder's audited financial statements. If a bidder is determined, in DMHAS’ sole discretion, to be insolvent or to present insolvency within the twelve (12) months after bid submission, DMHAS will deem the proposal ineligible for contract award;
- The bidder must not appear on the State of New Jersey Consolidated Debarment Report at [http://www.state.nj.us/treasury/revenue/debarment/debarsearch.shtml](http://www.state.nj.us/treasury/revenue/debarment/debarsearch.shtml) or be suspended or debarred by any other State or Federal entity from receiving funds;
- The bidder shall not employ a member of the Board of Directors in a consultant capacity; and
- The bidder must attend the Mandatory Bidders conference as described in the RFP.

IV. Contract Scope of Work

DMHAS seeks proposals to establish three (3) regional (North, Central and South) opioid overdose prevention programs for the purpose of providing education to recognize an opioid overdose and to subsequently be equipped to provide life-saving rescue measures to reverse the effects of an opioid overdose. It is expected that bidders will establish a procedure to make naloxone available to those who are either at-risk or have family, friends or loved ones at-risk for an opioid overdose. Intranasal administration of naloxone is the protocol recommended by DMHAS. However, it is understood that for some individuals in the community it may be preferable to administer naloxone in its injectable form.

Funded opioid overdose prevention programs shall provide individuals at-risk for overdose, their family members, friends and loved ones with naloxone rescue kits and educate and train them on how to prevent, recognize and respond to an opioid overdose.

The naloxone training kits should include, at minimum, the following:

- Two (2) vials of Naloxone HCL 2mg/mL;
- Two (2) prefilled syringes of Naloxone HCL 2mg/2ml for intra-nasal use or two (2) vials of 0.4 mg/ml for intramuscular use;
- Two (2) pairs of Nitrile gloves;
- Two (2) CPR face shields;
- A medication product information sheet; and
- Instructions for Naloxone administration.

Fundied opioid overdose prevention programs will be responsible for providing weekly trainings to individuals at-risk for overdose, their family members, friends and loved ones in all counties in the region they will serve. Trainings should be available during daytime, evening and weekend hours, based upon county and community request. Education and training should include, at minimum, the following:
- Education regarding the Opioid Antidote and Overdose Prevention Act;
- How to recognize the signs and symptoms of opioid overdose;
- A hands on demonstration of how to administer naloxone as well as how to appropriately perform rescue breathing;
- The importance of contacting 9-1-1 in any overdose situation;
- Providing information regarding naloxone storage, carrying, dosage and administration;
- Possible side effects, contraindications and limitations of naloxone;
- Post overdose follow up and care, to include but not limited to, the care for an overdose victim following administration of naloxone;
- How to appropriately interact with EMS personnel; and
- Education on Medication Assisted Treatment (MAT) as well as other types of substance abuse treatment options available.

Fundied opioid overdose prevention programs must ensure that naloxone will be prescribed by a licensed New Jersey physician. The physician will be responsible for issuing a written standing order stating that naloxone be distributed by any designated, trained staff from the contracted agency. The standing order must be renewed by the physician a minimum of every six (6) months. Furthermore, the physician must provide clinical consultation, expertise and oversight regarding all medical and clinical issues related to the opioid overdose prevention program.

Fundied opioid overdose prevention programs must ensure that naloxone is distributed by designated, trained staff at the agency whose participants successfully complete an opioid overdose prevention training. Fundied opioid overdose prevention programs shall be responsible for reviewing all drug overdose reports which involve naloxone administration and report all use of naloxone to the DMHAS Program Director on a monthly basis.

Fundied opioid overdose prevention programs will provide relevant data that demonstrate the need for this service. A variety of data sources should be used, e.g., overdoses, naloxone reversals, substance abuse treatment admissions, etc.

At a minimum, monthly reporting to DMHAS shall include the following:
- Number of trainings held each month;
- Number of individuals who attended training each month;
- Number of naloxone kits distributed each month;
• Opioid overdose prevention training rosters;
• Manual or electronic dispensing records of naloxone kits;
• Any reported overdose reversals; and
• Any reported substance use disorder treatment referrals and/or linkages for individuals who were referred through efforts of the opioid overdose prevention training, specifically individuals who may have experienced a reversal of an opioid overdose.

An essential component of the opioid overdose prevention program is to develop or increase community awareness that an opioid overdose can be reversed. Funded opioid overdose prevention programs must ensure that communities understand the use of naloxone or similarly acting antidotes in the event of an opioid overdose. Funded opioid overdose prevention programs should consider how to utilize marketing strategies to better publicize the educational/training program throughout a given regional area.

Funded opioid overdose prevention programs must outreach to individuals at-risk for overdose, such as those released from jail or a drug treatment program, as well as those using syringe access programs.

Funded opioid overdose prevention programs will be responsible for collaborating with the County Alcohol and Drug Director, county health and human service agencies, the Regional Coalitions, community provider agencies, to include licensed substance abuse treatment agencies and any local Syringe Access Program (SAP).

Funded opioid overdose prevention programs shall formulate affiliation agreements with agencies for the purpose of providing priority treatment admissions for any individual who has been identified as utilizing naloxone to reverse an opioid overdose.

Funded opioid overdose prevention programs must collaborate with other organizations which may include, but not be limited to, state and county offices for the disabled, centers for independent living, statewide or nationwide membership organizations, support service agencies, and professional and/or provider organizations. This collaboration may focus on ways of expanding outreach, providing cross-referrals, examining reasons for disproportionately low admission rates in these populations, soliciting input from clients in treatment or recovery and other innovative methods.

Services shall demonstrate the ability to increase awareness among substance abuse treatment and prevention providers regarding the necessary accommodations required to be in ADA compliance, while also addressing cultural sensitivity toward individuals in the identified population.

Capacity to accommodate consumers who present or are referred with legitimately prescribed medications can be accomplished either through direct provision of services associated with the provision or dispensing of medications and/or via development of
viable networks/referrals/consultants/sub-contracting with those who are licensed and otherwise qualified to provide medications.

V. General Contracting Information

Bidders must currently meet or be able to meet the terms and conditions of the DHS contracting policies and procedures as set forth in the Standard Language Document (SLD), the Contract Reimbursement Manual (CRM), and the Contract Policy and Information Manual (CPIM). Contract recipients are required to comply with the Affirmative Action Requirements of Public Law 1975, c. 124 (N.J.A.C. 17:27) and the requirements of the Americans with Disabilities Act of 1991 (P.L. 101-336). Budgets should be reasonable and reflect the scope of responsibilities in order to accomplish the goals of this project.

All bidders will be notified in writing of the State’s intent to award a contract. All proposals are considered public information and will be made available for a defined period after announcement of the contract awardees and prior to final award, as well as through the State Open Public Records Act process at the conclusion of the RFP process.

The contract awarded as a result of this RFP may be renewable for one (1) year at DMHAS’ sole discretion and with the agreement of the awardee. Funds may only be used to support services that are specific to this award; hence, this funding may not be used to supplant or duplicate existing funding streams. Actual funding levels will depend on the availability of funds and satisfactory performance.

In accordance with DHS Policy, P1.12, available on the web at [www.state.nj.us/humanservices/ocpm/home/resources/manuals/index.html](http://www.state.nj.us/humanservices/ocpm/home/resources/manuals/index.html), contracts awarded pursuant to this RFP will be separately clustered until the DMHAS determines, in its sole discretion, that the program is stable in terms of service provision, expenditures, and applicable revenue generation.

VI. Mandatory Bidders Conference

A bidder intending to submit a proposal in response to this RFP must attend a Mandatory Bidders Conference. It is the responsibility of the bidder to arrive promptly at the beginning of the Mandatory Bidders Conference and sign in to confirm attendance. Budget (20 points)

DMHAS will consider the cost efficiency of the proposed budget as it relates to the scope of work. Therefore, bidders must clearly indicate how this funding will be used to meet the program goals and/or requirements. In addition to the required Budget forms, bidders are asked to provide budget notes.

The budget should be reasonable and reflect the scope of responsibilities required to accomplish the goals of this project. All costs associated with the completion of the project must be delineated and the budget notes must clearly articulate budget items including a description of miscellaneous expenses and other costs.

1. A detailed budget using the Annex B Excel template is required. The standard budget categories for expenses include A. Personnel, B. Consultants and Professionals, C. Materials & Supplies, D. Facility Costs, E. Specific Assistance to Clients, and F. Other. Supporting schedules for Revenue and General and Administrative Costs Allocation are also required. The Excel budget template will be emailed to all attendees at the Mandatory Bidders Conference.
2. The budget must include separate, clearly labeled columns:
   a. Column 1 - Full annualized operating costs to satisfy the scope of work detailed in the RFP and revenues excluding one-time costs; and
   b. Column 2 - one-time costs.
3. Budget Notes that detail and explain the proposed budget methodology and estimates/assumptions made for expenses including the calculations/computations to support the proposed budget. The State's proposal reviewers need to fully understand the bidder's budget projections from the information presented in its proposal. Failure to provide adequate information could result in lower ranking of the proposal. Budget Notes, to the extent possible, should be displayed on the Excel template itself.
4. The name and address of each organization – other than third-party payers – providing support and/or money to help fund the program for which the proposal is being submitted.
5. For all proposed personnel, the template should identify the staff position titles and staff names for current staff and total hours per workweek.

6. Identify the number of hours per clinical consultant/staff fringe benefit expenses, which may be presented as a percentage factor of total salary costs, should be consistent with the bidder's current fringe benefit package.

7. If applicable, General & Administrative (G&A) expenses, otherwise known as indirect or overhead costs, should be included if attributable and allocable to the proposed program. Since administrative costs for existing DMHAS programs reallocated to a new program do not require new DMHAS resources, a bidder that currently contracts with DMHAS should limit its G&A expense projection to “new” G&A only by showing the full amount of G&A as an expense and the off-set savings from other programs’ G&A in the revenue section.

8. Written assurance that if the bidder receives an award pursuant to this RFP, it will pursue all available sources of revenue and support upon award and in future contracts, including agreement to obtain approval as a Medicaid-eligible provider.

Appendices

The following items must be included as appendices with the bidder’s proposal, limiting appendices to a total of 100 pages:

1. Bidder mission statement;
2. Organizational chart;
3. Job descriptions of key personnel;
4. Resumes of proposed personnel if on staff, limited to two (2) pages each;

The documents listed below are also required with the proposal, unless the bidder has a current contract with DMHAS and these documents are current and on file with DMHAS.

1. Most recent single audit report (A133) or certified statements (submit only two (2) copies); and
2. Any other audits performed in the last two (2) years (submit only two [2] copies).
VIII. Submission of Proposal - Requirements

DMHAS assumes no responsibility and bears no liability for costs incurred by the bidder in the preparation and submittal of a proposal in response to this RFP. The narrative portion of the proposal should not exceed 20 pages, be single-spaced with one (1”) inch margins, no smaller than twelve (12) point Arial, Courier New or Times New Roman font. DMHAS will not consider any information submitted beyond the page limit for RFP evaluation purposes.

The budget, budget notes and appendix items do not count towards the narrative page limit. Proposals must be submitted no later than 4:00 p.m. Eastern Standard Time on August 10, 2015. All bidders are required to submit one (1) original and five (5) copies of the proposal narrative, budget and appendices (six [6] total proposal packages) to the following address:

For U.S. Postal Service delivery:

Helen Staton  
Division of Mental Health and Addiction Services  
PO Box 700  
Trenton, NJ 08625-0700

OR

For private delivery vendor such as UPS or FedEx:

Helen Staton  
Division of Mental Health and Addiction Services  
222 South Warren Street, 4th Floor  
Trenton, NJ 08608

The bidder may mail or hand deliver its proposal, however, DMHAS is not responsible for items mailed but not received by the due date. Note that U.S. Postal Service two-day priority mail delivery to the post office box listed above may result in the bidder’s proposal not arriving timely and, therefore, being deemed ineligible for RFP evaluation. The bidder will not be notified that its proposal has been received. The State will not accept facsimile transmission of proposals.

In addition to the required hard copies, the bidder must also submit its proposal (including budget, budget notes and appendices) electronically by the deadline using a file transfer protocol site. Username and password are case sensitive and must be typed exactly as shown below. Once logged in, the upload button is on the upper left side. Upload the proposal and budget files separately, including the bidder’s name in both file names. Click on the green check mark in order to submit the files. Once the upload is complete, click the red logout button at the top right of the screen.
IX. Review of Proposals

There will be a review process for all timely submitted proposals. DMHAS will convene a review committee of public employees to conduct a review of each proposal accepted for review.

The bidder must obtain a minimum score of 70 points out of 100 points for the proposal narrative and budget sections in order to be considered eligible for funding.

DMHAS will award up to 20 points for fiscal viability, using a standardized scoring rubric based on the audit, which will be added to the average score given to the proposal from the review committee. Thus, the maximum points any proposal can receive is 120 points, which includes the combined score from the proposal narrative and budget as well as fiscal viability. In addition, if a bidder is determined, in DMHAS’ sole discretion, to be insolvent or to present insolvency within the twelve (12) months after bid submission, DMHAS will deem the proposal ineligible for contract award.

Contract award recommendations will be based on such factors as the proposal scope, quality and appropriateness, bidder history and experience, as well as budget reasonableness. The review committee will look for evidence of cultural competence in each section of the narrative. The review committee may choose to visit a bidder’s existing program(s), invite a bidder for interview, and/or review any programmatic or fiscal documents in the possession of DMHAS. The bidder is advised that the contract award may be conditional upon final contract and budget negotiation.

DMHAS reserves the right to reject any and all proposals when circumstances indicate that it is in its best interest to do so. DMHAS’ best interests in this context include, but are not limited to, loss of funding, inability of the bidder(s) to provide adequate services, an indication of misrepresentation of information and/or non-compliance with State and federal laws and regulations, existing DHS contracts, and procedures set forth in DHS Policy Circular P1.04 (http://www.state.nj.us/humanservices/ocpm/home/resources/manuals/index.html).

DMHAS will notify all bidders of awards, contingent upon the satisfactory final negotiation of a contract, by September 4, 2015.

Proposals received after the due date and time will not be evaluated.
X. Appeal of Award Decisions

An appeal of any award decision may be made only by a respondent to this RFP. All appeals must be made in writing and be received by DMHAS at the address below no later than 4:00 p.m. Eastern Standard Time on September 11, 2015. The written appeal must clearly set forth the basis for the appeal.

Appeal correspondence should be addressed to:

Lynn A. Kovich, Assistant Commissioner
Division of Mental Health & Addiction Services
222 South Warren Street, 3rd Floor
PO Box 700
Trenton, NJ 08625-0700

Please note that all costs incurred in connection with appeals of DMHAS decisions are considered unallowable cost for the purpose of DMHAS contract funding.

DMHAS will review all appeals and render a final decision by September 18, 2015. Contract award(s) will not be considered final until all timely filed appeals have been reviewed and final decisions rendered.

XI. Post Award Required Documentation

STATE OF NEW JERSEY DEPARTMENT OF HUMAN SERVICES

ADDENDUM TO REQUEST FOR PROPOSAL FOR SOCIAL SERVICE AND TRAINING CONTRACTS

Executive Order No. 189 establishes the expected standard of responsibility for all parties that enter into a contract with the State of New Jersey. All such parties must meet a standard of responsibility that assures the State and its citizens that such parties will compete and perform honestly in their dealings with the State and avoid conflicts of interest.

As used in this document, "provider agency" or "provider" means any person, firm, corporation, or other entity or representative or employee thereof that offers or proposes to provide goods or services to or performs any contract for the Department of Human Services.

In compliance with Paragraph 3 of Executive Order No. 189, no provider agency shall pay, offer to pay, or agree to pay, either directly or indirectly, any fee, commission, compensation, gift, gratuity, or other thing of value of any kind to any State officer or employee or special State officer or employee, as defined by N.J.S.A. 52:13D-13b and e, in the Department of the Treasury or any other agency with which such provider agency transacts or offers or proposes to transact business, or to any member of the immediate family, as defined by N.J.S.A. 52:13D-13i, of any such officer or employee, or any partnership, firm, or corporation with which they are employed or associated, or in which such officer or employee has an interest within the meaning of N.J.S.A. 52:13D-13g.

The solicitation of any fee, commission, compensation, gift, gratuity or other thing of value by any State officer or employee or special State officer or employee from any provider agency shall be reported in writing forthwith by the provider agency to the Attorney General and the Executive Commission on Ethical Standards.

No provider agency may, directly or indirectly, undertake any private business, commercial or entrepreneurial relationship with, whether or not pursuant to employment, contract or other agreement, express or implied, or sell any interest in such provider agency to, any State officer or employee or special State officer or employee having any duties or responsibilities in connection with the purchase, acquisition or sale of any property or services by or to any State agency or any instrumentality thereof, or with any person, firm or entity with which he is employed or associated or in which he has an interest within the meaning of N.J.S.A. 52:13D-13g. Any relationships subject to this provision shall be reported in writing forthwith to the Executive Commission on Ethical Standards, which may grant a waiver of this restriction upon application of the State officer or employee or special State officer or employee upon a finding that the present or proposed relationship does not present the potential, actuality or appearance of a conflict of interest.

No provider agency shall influence, or attempt to influence or cause to be influenced, any State officer or employee or special State officer or employee in his official capacity in any manner which might tend to impair the objectivity or independence of judgment of said officer or employee.

No provider agency shall cause or influence, or attempt to cause or influence, any State officer or employee or special State officer or employee to use, or attempt to use, his official position to secure unwarranted privileges or advantages for the provider agency or any other person.

The provisions cited above shall not be construed to prohibit a State officer or employee or special State officer or employee from receiving gifts from or contracting with provider agencies under the same terms and conditions as are offered or made available to members of the general public subject to any guidelines the Executive Commission on Ethical Standards may promulgate.
