INSTRUCTIONS AND GENERAL INFORMATION FOR
RENEWAL OF ENGINEER'S AND BOILER OPERATOR'S LICENSES

1. **Important Note:** A first-time license is valid for only 1 year from the date it is issued. To keep the license active and to avoid a late fee and/or penalty, you must renew the licenses before the date of expiration. You may renew your license for a 1-year period or a 3-year period [N.J.A.C. 12:90-8.19(a)].
2. **Expiration Date Format:** MM/DD/YYYY = Month/Date/Year (for example, 02/25/2016 is February 25, 2016).
3. **Renewing a License** – A license may be renewed 60 days before it expires, or when you receive a “Renewal Notification” from this agency. Apply to renew your license by completing this application.
4. **Acceptable Renewals** – Licenses may be renewed if any outstanding penalties or judgments are paid, and if a license has not been expired more than 3 years. (NOTE: If a license renewal is more than 3 years overdue, the license is inactive and therefore not renewable. In accordance with the provisions established by law, records of inactive licenses may be destroyed [N.J.S.A. 34:7-3]. An application to renew a license that expired more than 3 years ago is considered an original application.
5. **Renewal Fee, Late** – A late renewal (up to 3 months past expiration) is allowed, provided that the appropriate fee is paid (\$60 for a 1-year renewal; \$120 for a 3-year renewal). Renewals that are 4 months or more overdue are assessed a penalty. If your license expired at least 4 months ago, it is imperative that you call (609) 292-2921 to find out the **penalty fee required** to renew an expired license.
6. **Renewal Fee, Lost** – This agency assumes no liability and is not responsible for any fee that is not received on time or that is lost while in transit.

11. **Change of Address** – Every licensee must notify this agency of any change in residence [N.J.A.C. 12:90-8.2(j)]. When doing so, provide your name, current address, license number.
12. **Posting the License** – All ORIGINAL licenses must be framed and properly posted adjacent to the equipment requiring the license, or in the engineer’s office or plant office, whichever is suitable. Failure to post an ORIGINAL license may result in a penalty of at least \$500 against the operator, supervisor and/or management [N.J.A.C. 12:90-8.17(c)].

13. **Replacing a License or ID card** – An altered, defaced, or otherwise mutilated license or identification card will be replaced only after review by this agency. Photostats, photographs or reproductions of a license are neither valid nor recognized. A fee of \$10 will be imposed for a replacement license and \$6 for a replacement ID card.
14. **Suspension or Revocation of License** – An operator’s license may be suspended or revoked for incompetence, negligence, intoxication, or drug abuse while on duty, or for any other valid reason establishing that the licensee is unfit to hold a license. The supervisor and/or employer also may be subject to a similar penalty. A licensee whose license is suspended or revoked has the right to request a hearing conducted by one or more members of the Examining Board [N.J.A.C. 12:90-8.18(f)].
