NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION

Showboat Atlantic City Operating Company, LLC (the "Company"), is a wholly-owned subsidiary of Ocean Showboat, Inc. ("OSI"), which is a wholly-owned subsidiary of Showboat Holding, Inc. ("SHI"). SHI is a wholly owned subsidiary of Caesars Entertainment Operating Company, Inc. ("CEOC") (formerly Harrah's Operating Company, Inc.). OSI is a holding company with its principal assets being investments in the Company and other subsidiaries (collectively, the "Company"). OSI is an indirect wholly owned subsidiary of Caesars Entertainment Corporation ("Caesars") (formerly Harrah's Entertainment, Inc.). On November 23, 2010, Harrah's Entertainment, Inc changed its name to Caesars Entertainment, Inc. The Company conducts casino gaming operations and operates full supportive services of hotel, restaurant, bar and convention facilities at the Showboat Hotel and Casino in Atlantic City, New Jersey ("Atlantic City Showboat").

The Company is licensed to operate the facility by the New Jersey Casino Control Commission (the "CCC") and is subject to rules and regulations established by the CCC. The Company's license was renewed July 1, 2008 and will expire on June 30, 2013. On February 1, 2011, the Governor signed into law a bill which transferred certain regulatory authority from The New Jersey Casino Control Commission to The New Jersey Division of Gaming Enforcement. (the "DGE").

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation - The accompanying consolidated financial statements include the account balances of OSI and its wholly-owned subsidiaries. As a result, all material intercompany transactions and balances have been eliminated in consolidation.

Allowance for Doubtful Accounts - The Company reserves an estimated amount for receivables that may not be collected. The methodology for estimating the allowance includes using specific reserves and applying various percentages to aged receivables. Historical collection rates are considered, as are customer relationships, in determining specific allowances. As with many estimates management must make judgments about potential actions by third parties in establishing and evaluating the allowance for bad debts.

Inventories - Inventories, which consist primarily of food, beverage, and operating supplies, are stated at the lower of average cost or market value.

Land, Buildings and Equipment -Improvements that extend the life of the asset are capitalized. Building improvements are depreciated over the remaining life of the building. Maintenance and repairs are expensed as incurred.

Depreciation is provided using the straight-line method over the shorter of the estimated useful life of the asset or the related lease term, as follows:

Land improvements	12 years
Buildings and improvements	5 to 40 years
Furniture, fixtures and equipment	3 to 20 years

The Company reviews the carrying value of land, buildings, and equipment for impairment when ever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. If undiscounted expected future cash flows were less than the carrying value, an impairment loss would be recognized equal to an amount by which the carrying value exceeds the fair value of the asset. The factors considered by the Company in performing this assessment include current operating results, trends and prospects, as well as the effect of obsolescence, demand, competition and other economic factors.

Fair Value of Financial Instruments - The carrying amount of receivables and all current liabilities approximates fair value due to their short-term nature. The fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties. After giving effect to their allowances, the Casino Reinvestment Development Authority ("CRDA") bonds and deposits approximately reflect their fair value based upon their below-market interest rates.

NOTES TO FINANCIAL STATEMENTS
(Unaudited)
(Dollars in Thousands)

Revenue Recognition - Gaming revenue is (a) the win from gaming activities, which is the difference between gaming wins and losses, less sales incentives and other adjustments and (b) revenue from gaming related activities such as poker and tournaments. Jackpots, other than the incremental amounts of progressive jackpots, are recognized at the time they are won by customers. The Company accrues the incremental amount of progressive jackpots as the progressive machine is played, and the progressive jackpot amount increases, with a corresponding reduction of gaming revenue. The retail value of accommodations, food and beverage, and other services furnished to hotel-casino guests without charge is included in gross revenue and then deducted as promotional allowances. Food and beverage and rooms revenues include the aggregate amounts generated by those departments.

Casino Promotional Allowances - Casino promotional allowances consist of the retail value of complimentary food and beverage, accommodations, admissions and entertainment provided to casino patrons. Also included is the value of the coupons redeemed for cash and gaming credits at the property. The estimated costs of providing such complimentary services are classified as casino expenses in the accompanying statements of income. These costs consisted of the following at March 31:

	2011	2010
Food and Beverage	\$ 3,443	\$ 5,652
Rooms	833	1,998
Other	1,485	315
Bus Program Cash	177	179
Promotional Gaming Credits	12,284	10,566
Other Cash Complimentary	855	3,550
	\$ 19,077	\$ 22,260

Total Rewards Program Liability - The Company's customer loyalty program, Total Rewards, offers incentives to customers who gamble at certain of the affiliated casinos throughout the United States of America. Under the program, customers are able to accumulate, or bank, Reward Credits over time that they may redeem at their discretion under the terms of the program. The Reward Credit balance will be forfeited if the customer does not earn a Reward Credit over the prior six-month period. As a result of the ability of the customer to bank the Reward Credits, the Company accrues the expense of Reward Credits, after consideration of estimated breakage, as they are earned. The estimated cost to provide Reward Credits is expensed at the property where they are earned and is included in casino expenses in the consolidated Statements of Income. To arrive at the estimated cost associated with Reward Credits, estimates and assumptions are made regarding incremental marginal costs of the benefits, breakage rates, and the mix of goods and services for which Reward Credits will be redeemed. The Company uses historical data to assist in the determination of estimated accruals. At March 31, 2011 and 2010, \$2,580 and \$2,780, respectively, was accrued for the cost of anticipated Total Rewards credit redemptions.

In addition to reward credits, the Company's customers can earn points based on play that are redeemable in Non Negotiable Reel Rewards ("NNRR"). The Company accrues the costs of NNRR points, after consideration of estimated breakage, as they are earned. The cost is recorded as contra-revenue and included in casino promotional allowances in the accompanying statements of income. At March 31, 2011 and 2010, the liability related to outstanding cash-back points, which is based on historical redemption activity, was approximately \$427 and \$499, respectively.

Advertising Expenses - Advertising costs are expensed as incurred. Advertising expenses are \$549 and \$467 for the years ended March 31, 2011 and 2010, respectively. Advertising expenses are included in the Selling, General and Administrative expenses in the statement of income.

Gaming Tax - The Company remits weekly to the DGE a tax equal to eight percent of the gross gaming revenue, as defined. Gaming taxes paid to the DGE for the twelve months ended March 31, 2011 and 2010, which are included in cost of goods and services in the statement of income were approximately \$4,858 and \$5,445, respectively.

Income Taxes - The Company is included in the consolidated federal tax return of Caesars and files a separate New Jersey tax return. The provision for federal income taxes is computed based on the statutory federal rate as if the Company had filed a separate income tax return. The provision for state taxes is based on the statutory New Jersey tax.

NOTES TO FINANCIAL STATEMENTS
(Unaudited)
(Dollars in Thousands)

Deferred tax assets and liabilities represent the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of a change in existing tax rates is recognized as an increase or decrease to the tax provision in the period that includes the enactment date. The Company follows the provisions of ASC 740 – *Income Taxes*. The Company recognized interest and penalties accrued related to unrecognized tax benefits in income tax expense.

During 2010, management transferred these reserves and the cumulative impact of the related tax expense to the Company in order to reflect the reserve associated with the uncertain income tax position on the Company's general ledger. Similar transfers were performed for all affiliates of CEOC that had uncertain income tax positions reflected at CEOC. In order to properly reflect the transfer of the reserve for uncertain income tax positions to the Company, an offsetting adjustment to equity at the Company was required.

Use of Estimates - The preparation of these financial statements in conformity with generally accepted accounting principles requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from these estimates.

Seasonal factors - The Company's operations are subject to seasonal factors and, therefore, the results of operations of the three months ended March 31, 2011 are not necessarily indicative of the results of operations for the full year.

Omission of Disclosures - In accordance with the Financial Reporting guidelines provided by the Division of Gaming Enforcement, the Company has elected not to include certain disclosures, which have not significantly changed since filing the most recent Annual Report. Accordingly, the following disclosures have been omitted: Future Lease Obligations, Employee Benefits and certain Income Tax disclosures.

NOTE 3 - RELATED PARTY TRANSACTIONS

The Company participates with CEOC and Caesars' other subsidiaries in marketing, purchasing, insurance, employee benefit and other programs that are defined and negotiated, and managed by CEOC on a consolidated basis. The Company believes that participating in these consolidated programs is beneficial in comparison to the terms for similar programs that it could negotiate on a stand-alone basis.

The Company's property, assets and capital stock are pledged as collateral for certain of CEOC's outstanding debt securities.

Certain of the more significant intercompany relationships among the Company, CEOC and other affiliates are discussed in this note.

Cash Activity with CEOC and Affiliates - The Company transfers cash in excess of its operating and regulatory needs to Caesars on a daily basis. Cash transfers from Caesars to the Company are also made based upon the needs to the Company to fund daily operations, including accounts payable and payroll, as well as capital expenditures. No interest is earned on the amount shown as due from affiliates, net, in the accompanying balance sheets.

Atlantic City Country Club - Atlantic City Country Club 1, LLC ("ACCC") is a wholly owned subsidiary of Bally's Atlantic City ("Bally's"), an affiliate of the Company. The net operating costs of ACCC are allocated to the Company and Bally's as well as Caesars Atlantic City and Harrah's Atlantic City, also affiliates of the Company. The Company was charged approximately \$95 and \$106 for these costs for the three months ended March 31, 2011 and 2010, respectively. The costs are included in other operating expenses in the accompanying statements of income

Administrative and Other Services - The Company is charged a fee by CEOC for administrative and other services (including consulting, legal, marketing, information technology, accounting and insurance). The Company was charged approximately \$4,169 and \$4,151 respectively for these services for the three months ended March 31, 2011 and 2010. These fees are included in charges from affiliates other than interest in the statements of income.

NOTE 9 – COMMITMENTS AND CONTINGENCIES

Litigation - The Company is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, these matters will not have a material effect on the Company's financial position or results of operations.

Insurance Reserve - The Company is self-insured for various levels of general liability coverage. Insurance claims and reserves include the accrual of estimated settlements for known and anticipated claims. Accrued expenses and other current liabilities in the accompanying balance sheets include insurance allowances of approximately \$280 and \$470 as of March 31, 2011 and 2010, respectively. Actual results may differ from these reserve amounts.

CRDA Investment Obligation - The New Jersey Casino Control Act provides, among other things, for an assessment of licenses equal to 1.25% of their gross gaming revenues in lieu of an investment alternative tax equal to 2.5% of gross gaming revenues. The Company may satisfy this investment obligation by investing in qualified eligible direct investments, by making qualified contributions or by depositing funds with the CRDA. Funds deposited with the CRDA may be used to purchase bonds designated by the CRDA or, under certain circumstances, may be donated to the CRDA in exchange for credits against future CRDA investment obligations. CRDA bonds have terms up to 50 years and bear interest at below-market rate.

As of March 31, CRDA related assets were as follows:

	<u>2011</u>	<u>2010</u>
CRDA Bonds - Net of amortized cost	14,136	14,131
Deposits - Net of reserves	14,854	18,022
Direct investments - Net of reserves	<u>1,342</u>	<u>1,605</u>
	<u>30,332</u>	<u>33,758</u>

The CRDA related assets are held in other assets in the consolidated balance sheets.

The Company records charges to operations to reflect the estimated net realizable value of its CRDA investment. Charges to operations were \$288 and \$310, for the three months ended March 31, 2011 and 2010, respectively, and is included in CRDA related expense, in the statement of income.

The funds on deposits are held in an interest-bearing account by the CRDA. Initial obligation deposits are marked down by approximately 33% to represent their fair value and eventual expected conversion into bonds by the CRDA.

(Dollars in Thousands)

Once CRDA Bonds are issued we have concluded that the bonds are held-to-maturity since the Company has the ability and the intent to hold these bonds to maturity and under the CRDA, they are not permitted to do otherwise. As such the CRDA Bonds are measured at amortized cost. As there is no market for the CRDA Bonds, its fair value could only be determined based on unobservable inputs. Such inputs are limited to the historical carrying value of the CRDA Bonds that are reduced, consistent with industry practice, by 1/3 of their face value at the time of issuance to represent fair value. The Company accretes such discount over the remaining life of the bonds. Accretion for the three months ended March 31, 2011 and 2010 was \$25 and \$42, respectively, and is included in CRDA related expense, in the statement of income.

After the initial determination of fair value, the Company will analyze the recoverability of the CRDA Bonds on a quarterly basis and its affect on reported amount based upon the ability and likelihood of bonds to be repaid. When considering recoverability of the CRDA Bonds, the Company considers the relative credit-worthiness of each bondholder, historical collection experience and other information received from the CRDA. If indications exist that the amount expected to be recovered is less than its carrying value, the asset will be written down to its expected realizable amount.

All the Atlantic City casino properties (the "AC Industry") and the CRDA entered into an agreement with the New Jersey Sports & Exposition Authority (the "NJSEA") to provide funding to subsidize New Jersey's horseracing industry. This agreement expired on January 1, 2009. The agreement provided that in exchange for funding, the NJSEA and the three active New Jersey racetracks would not conduct any casino gaming at the racetracks prior to January 1, 2009. As part of the agreement, the AC Industry provided \$34,000 over a four year period to the NJSEA and deposited another \$62,000 into the Casino Expansion Fund (managed by the CRDA). The Company's obligation was equal to its fair-share of AC Industry casino revenues totaling \$2,807, and the Company is eligible to receive funds deposited as a result of this obligation from the Casino Expansion Fund for qualified construction expenditures. The Company has until June 30, 2014 to submit an application to exhaust its share of the Casino Expansion Fund. Any funds not transferred out of the Casino Expansion Fund by the required date will be transferred to funds on deposit with the CRDA pursuant to its ongoing investment obligations.

In August 2008, the AC Industry entered into a new agreement with the NJSEA that will provide \$90 million in funding to subsidize New Jersey's horseracing industry. The funding will be provided in installments through 2011. In exchange for this funding, the NJSEA and the three active New Jersey racetracks will not conduct any casino gaming at the racetracks prior to December 31, 2011. The Company's obligation is estimated at \$7,265, equal to its fair-share of AC Industry casino revenues. The total commitment is being charged to operations on a straight line basis beginning January 2009 through December 31, 2011. The Company paid \$0 and 602 for the three months ended March 31, 2011 and 2010, respectively, to the NJSEA under the new agreement. The total obligation paid as of March 31, 2011 is \$6,663.
