CHANGE DESCRIPTION DETAILS

Note: All changes listed below apply to Technical Specification Versions 3.0 and 3.1. (During the original release of Technical Specification, V. 3.0, some changes were not included in the Change Description Details table). Developers need to verify the wording of all error descriptions and numbers to ensure the changes are accounted for and updated. Additionally, some errors included are new to ensure proper operation of the system and will need to be added to ensure accurate functionality.
