Web Response

In my opinion it is a disgrace that the Highlands Council allows the land in it's region to be devalued in order to preserve the value of businesses and property in the lower sections of the state. Why aren't the property owners in the Highlands compensated for their decreased property values? We pay high property taxes just like everyone else in the state. That gives me an idea. Why don't you reduce our property taxes and subsidize us by increasing the taxes on those who benefit from the Highlands Act?
