

PINELANDS RESEARCH SERIES

**“Lizards, ticks, and *Borrelia*:
Why a herpetologist is studying
Lyme disease”**

DR. RUSSELL BURKE
Biology Professor at Hofstra University

**September 17, 2014
10 - 11 am**

Pinelands Commission, Richard J. Sullivan Center, 15 Springfield Road, New Lisbon, NJ

The Pinelands Research Series provides a forum for scientists to present their research and is a free event that is open to the public and hosted by the New Jersey Pinelands Commission

For research series: <http://www.state.nj.us/pinelands/science/pinesseries/>
