****UPDATE - CONSTRUCTION ADVISORY - ROUTE 20 PATERSON****

(Newark) – As previously reported, the Passaic Valley Sewerage Commission (PVSC) continues to anticipate that the work on Route 20 (within the City of Paterson) will be completed by the end of December or shortly thereafter.

To date, all of the re-lining scheduled for this area has been installed. PVSC is in the process of grouting the voids created between the new and old pipe, as well as the backfilling of the access shaft. Shortly, PVSC will be preparing for site restoration.

The Passaic Valley Sewerage Commission recognizes that this project has had an enormous impact on commuters, residents and businesses. We apologize for the extensive delays and for the residual problems associated with the rehabilitation project.

As the project draws to a close, PVSC will continue to provide updates. The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check www.511nj.org for real-time travel information.
