**PASSAIC VALLEY  
SEWERAGE COMMISSION**

*"Protecting Public Health and the Environment"*

**\*\*FINAL CONSTRUCTION ADVISORY - ROUTE 20 PATERSON\*\***

(Newark) – As of December 24, 2014, the Passaic Valley Sewerage Commission (PVSC) reported that the major rehabilitation work on Route 20 (within the City of Paterson) was completed and the long-term lane closures were no longer necessary. Equipment has been removed and the highway lanes re-opened.

While all of the major work has been completed, PVSC will still need to complete minor miscellaneous rehabilitation, all of which is scheduled to be performed during a temporary southbound lane closure of Route 20 during off-peak traffic hours (i.e. overnight working hours).

The Passaic Valley Sewerage Commission recognizes that this project has had an enormous impact on commuters, residents and businesses. We apologize for the extensive delays and for the residual problems associated with the rehabilitation project.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check [www.511nj.org](http://www.511nj.org) for real-time travel information.
