Content Note

This volume contains statistical information on New Jersey nursing schools for the period 1925-1936. Two sections are included, covering first the years 1925-1932, and then the years 1935-1936. The following information is included for each hospital: date established, bed capacity, average number of patients, total number of students, number of students dismissed (1935-1936 section only), number of students graduating, examination dates, number taking examination, number who passed, number who failed, number of retakes (1935-1936 section only), and number who graduated or attended high school (1925-1932 section only). The volume also includes a one-page table entitled "Progress of Inspection," which shows totals of examinations given, passed, and failed during the years 1925-1934.
