

The New Jersey State Museum Planetarium will present SCOUTING ASTRONOMY 2015 on Saturday, April 18 and April 25 at 10 am. This program is designed to aid in fulfilling the requirements for the Scout merit badge in astronomy. However, it is not necessary to be a Scout to enroll in the program. Groups need attend only one session. Scouts will learn how to find constellations of different seasons, how to use the Big Dipper to find the North Star, how to read a star map, and how to locate stars of different colors. Special attention will be paid to the characteristics of the Moon and planets and the concept of distance within the solar system and beyond.

The program costs \$5 per person and will be offered Saturday, April 18 and April 25. Advance reservations are necessary. Please use the attached Reservation form. A central NJ counselor will be available. For more information on the program, call (609) 292-1382 or (609) 292-6303 weekdays from 8:30 am to 4 pm.
