

Guidance for Completing Calendar Year 2016

County Aid Expenditure Report

Each County is responsible for preparing and submitting to the Department, by December 31 of each year, an annual report on the expenditure of County Aid funds.

The county's progress in expending its allotment of County Aid will be measured on an annual basis using the information contained in this report.

The reporting period for the annual report will be the immediately preceding State fiscal year and two prior State fiscal years. For example, the December 31, 2016 report will be for State fiscal years 2016, 2015, and 2014.

The report must be certified by the county's chief financial officer.
