

**FY 2004 TRANSPORTATION CAPITAL PROGRAM
New Jersey Department of Transportation Projects**

ROUTE/PROGRAM	Project ID Number
Asbury Avenue, Ocean City	S0324

This project will provide for roadway surface improvement.

COUNTY: Cape May
MUNICIPALITY: Ocean City
MILEPOSTS: N/A
STRUCTURE NO.: N/A
LEGISLATIVE DISTRICT: 1 SPONSOR: Cape May County
PROGRAM CATEGORY: Local Aid - Local Roadway Improvements

MPO	Item No.	Phase	Fund	Amount
SJTPO	206	CON	STP-SJ	\$750,000

ROUTE/PROGRAM	Project ID Number
Garden State Parkway Interchange Improvements in Cape May	98543

This project will address grade-separated interchanges at Shell Bay Avenue, Stone Harbor Boulevard, and Crest Haven Road.

The federal Transportation Equity Act for the 21st Century (TEA-21) provided funding for this project under Section 1601, High Priority Projects Program. The Act allocated \$5.0 M for this project. FY 2000 and FY2001 RABAs have increased the total authorization amount to \$5,131,673.

COUNTY: Cape May
MUNICIPALITY: Lower Twp. Middle Twp.
MILEPOSTS: GSP: 8.4, 9.9, 11.1

**FY 2004 TRANSPORTATION CAPITAL PROGRAM
New Jersey Department of Transportation Projects**

ROUTE/PROGRAM	Project ID Number
CR 631 Tuckahoe Road, Upper Township	S0325

This project will provide for the proposed reconstruction of Tuckahoe Road from Dennisville-Petersburg Road to Butter Road in Upper Township (1.6 miles). The proposed work would consist of raising the roadway above the 100-year flood elevation, resurfacing the roadway and repairing the bridge over Cedar Swamp Creek. The bridge was constructed in 1968, and its deck condition should be reviewed. The guiderail along this section of Tuckahoe Road, particularly approaching the bridge, does not meet current standards. The guiderail will be updated as part of the project. At the intersection with Tyler Road, Tyler Road has limited sight distance in looking to the left along Tuckahoe Road and should be adjusted as part of the improvements.

**FY 2004 TRANSPORTATION CAPITAL PROGRAM
New Jersey Department of Transportation Projects**

<i>ROUTE/PROGRAM</i>	<i>Project ID Number</i>
9 Bennetts Crossing, proposed intersection improvements	95043

NJDOT Traffic Engineering identified this location due to its poor geometry. Route 9 and CR 626 (Seashore Road) are in close proximity and are connected by Bennetts Crossing, a local road, for a distance of approximately 100 feet. The existing intersection is unsignalized. Problems arise when larger vehicles, including school buses, and/or passenger vehicles queue into the lane of traffic along Route 9 and Seashore Road. An interim improvement will be recommended until a long-term study of the railroad crossings in lower Cape May County can be initiated.

COUNTY: Cape May

MUNICIPALITY: Lower Twp.

**FY 2004 TRANSPORTATION CAPITAL PROGRAM
New Jersey Department of Transportation Projects**

<i>ROUTE/PROGRAM</i>	<i>Project ID Number</i>
9 CR 613 Breakwater Road Extension	9351

The proposed improvements include the extension of Breakwater Road from Seashore Road to Route 9. The existing traffic signal at the intersection of Breakwater Road and Seashore Road would be improved to accommodate the new road. Additional improvements at this intersection include a dedicated eastbound/westbound left turn lanes on Breakwater Road at Seashore Road. Northbound and southbound Seashore Road would consist of one shared through/right turn lane and one dedicated left-turn lane. The eastern approach of Breakwater Road would be the mirror image of the western approach. This roadway section would consist of one shared through/right turn lane, one dedicated left-turn lane and 8-foot outside shoulder.

A traffic signal would be constructed at the intersection of Breakwater Road and Route 9. The signal would be interconnected to the railroad crossing signal system so that vehicles would not be allowed to turn onto Breakwater Road from Route 9 when a train is approaching. A dedicated left-turn lane is proposed for Route 9 northbound and a dedicated right-turn lane is proposed for Route 9 southbound. Cresse Lane (Sally Marshall Road) will be closed and Weeks Landing Road will remain closed.

On Route 9 an umbrella section is proposed. Concrete curbing is proposed along the existing section of Breakwater Road and along Seashore Road. Inlets would be constructed at the appropriate locations to drain the runoff from the roadway. The inlet would be connected to a new pipe system, which would be placed along the new portion of Breakwater Road. The roadway section of the new portion of Breakwater Road would have berms. Inlets would be spaced appropriately to collect this runoff and transfer it to the pipe system. Stormwater detention infiltration basins are proposed to meet NJDEP Coastal Program CAFRA requirements of water quality. Three detention basins are proposed.

<i>ROUTE/PROGRAM</i>	<i>Project ID Number</i>
9 CR 609 Crest Haven Road	9350

This project will provide improvements at the Route 9 and CR 609 (Crest Haven Road) intersection. This intersection experiences heavy traffic volumes, particularly in the summer months, as vacationers visit the Cape May Zoo. Exclusive left-turn lanes will be provided at each leg of the intersection and an exclusive right-turn lane from Route 9 southbound into the zoo will also be provided. Traffic signal modifications and pedestrian access improvements will also be provided.

<i>ROUTE/PROGRAM</i>	<i>Project ID Number</i>
52 Causeway Replacement and Somers Point Circle Elimination	244

This project provides for the replacement of the bridges over Beach Thorofare, Rainbow Channel, Elbow Thorofare, and Ship Channel which are deficient and geometrically obsolete bridges, including two movable bridges, which form a causeway linking the beach resort of Ocean City with the mainland at Somers Point. The causeway will be replaced with a continuous bridge containing high-level fixed spans (i.e. 55 foot vertical clearance) over the two main channels. The new bridge will have improved lane widths and full shoulders as well as a concrete median separating traffic. A wide sidewalk is planned to provide for both pedestrian and bicycle use. Recreational pull-off areas for fishing/pedestrian access are planned on Rainbow Island as well as the first island out of Ocean City. In addition, the project will provide for the elimination of the Somers Point Circle, including a circle cut-through, widening of Route 52 through the circle (two travel lanes in each direction with a center turning lane), and new signalization.

This is a multi-year funded project under the provisions of Section 13 of P.L. 1995, c.108.

The Federal FY 2003 Section 330 Demonstration program provided funding in the amount of \$1,000,000.
