Baseline Document Change Announcement

Safety Garment

BDC09S-12

January 19, 2010

SUBJECT: Revision to Subsection 108.06 of the 2007 Standard Specifications

Subsection 108.06 has been revised to eliminate the current color (orange) requirement for Class 3 safety vests used by the Contractor employees performing night work on construction projects. Class 3 safety vests having other colors will be acceptable.

The following revision has been incorporated in Standard Input, SI2007 as of January 19, 2010.

108.06 NIGHT OPERATIONS

2. Visibility Requirements for Workers and Equipment.

THE FIRST PARAGRAPH IS CHANGED TO:

Ensure that workers wear a 360° high-visibility retroreflective safety garment meeting ANSI/ISEA Class 3, Level 2 standards.

Implementation Code R (ROUTINE)

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for an addenda or postponement of advertisement or receipt of bids.
