ANNOUNCEMENT: BDC14T-03

DATE: May 22, 2014

SUBJECT: Revision to Section 1.1 of the 2012 Access Design Guidelines

The 2012 Access Design Guidelines have been revised to add four sentences to the first paragraph of Section 1.1 regarding access alterations and exceptions.

All Design Unit Memorandum (ADU) dated October 3, 1994 is hereby superseded.

Due to the above change, the text on pages 2 thru 6 has shifted and the Table of Contents has also been updated.

Implementation Code R (ROUTINE)

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for an addenda or postponement of advertisement or receipt of bids.
