# ***Baseline Document Change Announcement***

***Bid Price Reports for Standard Pay Items***  
**January to December, 2002**

**BDC03T-02**

**June 12, 2003**

**Subject: Release of *Bid Price Reports (in English and Metric Units) for Standard Pay Items, January to December, 2002***

The *Bid Price Reports for Standard Pay Items* covering the period January to December 2002 are now available in both English and Metric unit versions. These reports shall be used in the preparation of construction cost estimates for projects developed using the NJDOT *Standard Specifications for Road and Bridge Construction*.

Designers are reminded that the Average Weighted Price is presented only as general information, which may indicate year-to-year price trends for various standard pay items. It should not be used exclusively in preparing construction cost estimates. Instead, the project location, size, and type of construction should be considered when choosing unit prices. The NJDOT *Procedures Manual* (Section 4.3.3, Engineer's Estimate and Proposal) should be consulted for further direction.

This Announcement supersedes BDC02T-01, dated February 13, 2002, entitled *Bid Price Report for Standard Pay Items, January to December 2001*.

### **Distribution to In-House Staff and Various Outside Agencies**

This memorandum is being distributed as an electronic document only to our in-house staff and various outside agencies based on our standard distribution list and in-house Bid Price Report user's list maintained by the Engineering Documents Unit.

### **Announcement Access Information**
