***Baseline Document Change Announcement***

**Section 523 – Drilled Shaft Foundations**

**BDC06S-03**

**March 13, 2006**

**SUBJECT: Addition of Section 523 pertaining to Drilled Shaft Foundations to the 2001 Standard Specification, both English and Metric Units.**

Due to the increased usage of the drilled shaft foundations, a new Section 523 has been formally incorporated in to the English and Metric *2001 Standard Specification*

The attached revisions have been incorporated in both the English unit *Standard Input SI2001E1* and Metric unit *Standard Input SI2001M1* as of March 13, 2006:

Implementation Code R (ROUTINE)

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for an addenda or postponement of advertisement or receipt of bids.
