

Standard Pay Item List  
BDC96T-004

October 29, 1996

MEMORANDUM  
Baseline Document Change

Subject: Release of the Metric Version of the Standard Pay Item Booklet

Attached is a metric version of the Standard Pay Item Booklet with Standard Pay Item Numbers for use in preparing Plans, Specifications and Engineer s Estimates using the 1996 Standard Specifications. This is a metric version of the Standard Pay Items Booklet issued June 17, 1994. This version incorporates pay item changes issued by an All Design Units Memorandum dated October 5, 1995 and a Baseline Document Change Memorandum dated October 28, 1996.

The updated booklet contains two sections. The first section consists of all items sorted by "item type, item". The second section consists of Standard Items sorted by description in groups entitled "Roadway", "Structural", "Electrical", "Landscape", and "Bridge Maintenance".

The Engineer s Estimate program, Contractor Payment System, CPS Program Version 2.1 which was released via BDC memorandum dated October 8, 1996 already contains the Metric Standard Pay Items.

Distribution to In-House Staff and Various Public Agencies

This memorandum is being distributed to our In-House Staff and Various Public Agencies based on our distribution list by Document Control. Additional Standard Item Lists can be acquired by contacting:

Configuration Management  
E & O Building, 1st floor  
1035 Parkway Avenue  
Trenton, NJ 08625  
Phone: (609) 530-5587  
Fax : (609) 530-6626

Additionally, there is a computer program of the Standard Item List available for DOT employees on the NT Network. It can view and print the items in various ways, such as 1) by Year (1989 or 1996 or both), 2) by source (all items, Roadway, Structural, Electrical, Landscape or Bridge Maintenance items) or 3) sort by year & Item, Item Number, Description, Item Type and Item. To activate the program, open or create the group window in Program Manager where you want the program icon to appear. Then choose from the drop-down menu File - New - Program Item - OK . Fill in the following:

Description: Standard Item  
Command Line: \\brgses10\standarditem\standitm.exe  
Working Directory: \\brgses10\standarditem

Skip the Shortcut Key and then select OK . The program s icon should appear in the group window that was selected.

Distribution to Other Outside Agencies (Consultant, Contractors, etc.)

This memorandum is posted on the NJDOT s Electronic Bulletin Board System under Conference number 10-Highway Design, File Area 56-Baseline Document Change Memorandums. Also available in the same area is Itemzip.exe, a large self-extracting zip file (see the description above) that can be run under most 32-bit operating systems (i.e. NT, Win95, OS/2). After downloading onto your hard-drive s \temp directory, you should run (start) it from your file manager or from DOS. This will extract all the program files. Then run the setup program. It will install the program in a newly created sub-directory called \standitm, unless you change it to some other directory name. It will also

create a program group icon with the program icons inside it, one to start the program and one to remove it if you so choose. Then delete all the files in the temp directory. The Standard Pay Item Lists can be printed out from the downloaded file or sets of the Standard Pay Item booklet can be purchased for \$10.00 (price subject to change) by contacting Configuration Management.
