Baseline Document Change Announcement

Pay Item Number
BDC06T-09

December 29, 2006

SUBJECT: Revision to Narrative Page 2 of 13, and Sheets 2, 3, 4, 8, 10, 12, 27, 30, 31, 32, & 39 of 2001 Sample Plans

REFERENCE: Release of the Construction Cost Estimating Guidelines BDC06T-06 Dated December 8, 2006

The current (2001) Sample Plans has been revised to rename the first two columns from “Pay Item No.” to “Sequence No.” and from “Standard Item No. to “Item No.”. Also, the heading and the text under “Standard Item No.” has been changed as shown in Sheet No. 2 of 13. The pay item number now is required in call-out bubble. These changes are required since every Pay Item requires a number in the new Trns*port Estimate software.

INSTRUCTION TO DESIGNERS:

Remove Narrative Page 2 of 13, and replace it with the revised Page 2 of 13

Remove Sample Plans Sheets 2, 3, 4, 8, 10, 12, 27, 30, 31, 32, & 39, and replace them with the revised Sheets 2, 3, 4, 8, 10, 12, 27, 30, 31, 32 & 39.

Implementation Code R (ROUTINE)

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for an addenda or postponement of advertisement or receipt of bids.
