The State provides the South Jersey Port Corporation with funds to cover all debt service and property tax requirements, when earned revenues are anticipated to be insufficient to cover these obligations. In FY 1994, anticipated revenues will be insufficient to cover any of the property tax requirements as well as much of the debt service requirement, therefore an appropriation of \$7,502,000 is required. A complete description of the program classification may be found in the program budget presentation of the Department of Commerce and Economic Development in the Direct State Services section of the Budget.

46. DEPARTMENT OF HEALTH 20. PHYSICAL AND MENTAL HEALTH 21. HEALTH SERVICES

Public health priority funds are distributed for community health services through a formula based on a per capita amount appropriated annually. The amount received by a given community is calculated by applying the per capita amount to the sum of the non-institutional population, and the special needs population (people over 65, and people having an income less than the poverty level). A relative fair share factor (based upon equalized valuation) is also employed in the distribution formula. These funds finance grant—in—aid projects (C26:2F–1 et seq.) to assist local governments in providing necessary community

health services.

Projects for handicapped infants (C18A:46–6.2 and as transferred by P.L.1992, c.155) provide support for community based early intervention services for infants and toddlers up to two years of age who are developmentally delayed or at risk of developmental delay.

Related appropriations are found in the program budget presentation of the Department of Health in the Direct State Services section of the budget.

General Assistance

This program (C44:8–107 et seq. and by C30:4B–1 et seq.) is directly administered by local assistance boards in each municipality. Financial and other aid is given by municipal departments of welfare to needy persons not otherwise provided for under the laws of New Jersey. This Division supervises the administration of the program by those municipalities which apply for State aid, and is responsible for making the proper allotments of State aid to such municipalities. Beginning July 1, 1991, this program is supported with 100% State funds as amended by P.L. 1990, c.66.

Assistance For Dependent Children

Assistance for dependent children (C44:10–1 et seq.) is the assistance and other services extended to or for needy dependent children and the parents and relatives with whom they are living. The program is directly administered by a county welfare board in each of the counties. Eligibility for this program is based on one of the following conditions:

- (a) Death, disability or absence from the home of one or both parents (AFDC-C);
- (b) Unemployment of the father (AFDC–F);
- (c) Insufficient employment of the parents (AFDC-N).

Effective January 1, 1991, the allocation of assistance expenditures for the first two segments is 50% federal, 45% State and 5% county as amended by P.L. 1990, c.66 and P.L. 1991, c.63. For the third segment there is no federal participation in the assistance expenditures and the allocation is 95% State and 5% county.

The program provides direct financial assistance and services. This Division supervises and coordinates the work of the several county welfare agencies and directs the conduct of the program throughout the State in accordance with specific requirements of State and federal law and regulation.

Assistance to Supplemental Security Income Recipients

The federal Supplemental Security Income (SSI) Program provides direct federal income maintenance payments to aged, blind and disabled persons at a stipulated minimum level. Since the prevailing level of income maintenance payments in New Jersey is higher than the federal minimum level, New Jersey supplements the federal payments. Effective January 1, 1991, the supplement is supported with 100% State funds as amended by P.L. 1990, c.66 and by P.L. 1991, c.63.

A complete description of the program classification and associated evaluation data may be found in the Direct State Services section of the Budget.
