| Important Questions   | Answers   | Why This Matters:   |
|---|---|---|
| What is the overall <a href="#">deductible</a> ?                                | \$200 person/\$500 family for in-network services.<br>\$800 person/\$2,000 family for out-of-network services. Does not apply to preventive services or services that require a copayment.            | You must pay all the costs up to the <a href="#">deductible</a> amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the <a href="#">deductible</a> starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the <a href="#">deductible</a> . If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.   |
| Are there services covered before you meet your <a href="#">deductible</a> ?    | Yes. Preventive care.   | This <a href="#">plan</a> covers some items and services even if you haven't yet met the <a href="#">deductible</a> amount. But a <a href="#">copayment</a> or <a href="#">coinsurance</a> may apply.   |
| Are there other <a href="#">deductibles</a> for specific services?              | No  | You don't have to meet <a href="#">deductibles</a> for specific services, but see the chart starting on page 2 for other costs for services this plan covers.   |
| What is the <a href="#">out-of-pocket limit</a> for this <a href="#">plan</a> ? | Yes. In-network coinsurance limit \$2,000 person/\$5,000 family. Active employee medical out of pocket limit \$5,880 person/\$11,760 family. Out-of-network providers \$6,500 person/\$13,000 family. | The <a href="#">out-of-pocket limit</a> is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.  |
| What is not included in the <a href="#">out-of-pocket limit</a> ?               | Premiums, balance billed charges and health care this plan doesn't cover.   | Even though you pay these expenses, they don't count toward the <a href="#">out-of-pocket limit</a> .   |
| Will you pay less if you use a <a href="#">network provider</a> ?               | Yes. See <a href="http://www.aetna.com/docfind">www.aetna.com/docfind</a> or call 1-877-STATENJ for a list of <a href="#">network providers</a> .   | This <a href="#">plan</a> uses a <a href="#">provider network</a> . You will pay less if you use a <a href="#">provider</a> in the <a href="#">plan's network</a> . You will pay the most if you use an <a href="#">out-of-network provider</a> , and you might receive a bill from a <a href="#">provider</a> for the difference between the <a href="#">provider's charge</a> and what your <a href="#">plan pays</a> ( <a href="#">balance billing</a> ). Be aware, your <a href="#">network provider</a> might use an <a href="#">out-of-network provider</a> for some services (such as lab work). Check with your <a href="#">provider</a> before you get services. |
| Do you need a <a href="#">referral</a> to see a <a href="#">specialist</a> ?    | No.   | You can see the <a href="#">specialist</a> you choose without a <a href="#">referral</a> .  |

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
