

AWARD SUMMARY (T0537)  
Air Conditioning, Heating Ventilating Repair Parts

The purpose of this notice of award (NOA) is to establish term contracts to furnish air conditioning, heating and ventilating repair parts to various agencies of the State of New Jersey.

Pricing for all orders placed under awarded contracts will be based on the contractor's discount from the Price List Number and Price List Date for each brand as indicated on the table below. One brand is awarded per region. In situations where tied bids could not be broken as per N.J.A.C. 17:12-2-10, the award is split between the tied bidders.

Please use the correct contract number according to the brand's price list number and price list date and verify the vendor discount when placing orders.

Line#	Brand	Region	Contract#	Vendor	Disc %	Price List Number	PL Date
