70 lb.	Designed for the Mixed Martial Artist. Perfect for punching and improving strength, speed, and agility. Durable black canvas shell is fiber filled. Web straps secure the back for hanging.	73
71 lb.	Designed for the Mixed Martial Artist. Perfect for punching and improving strength, speed, and agility. Durable black vinyl shell is fiber filled. Heavy-duty chains and sewn web straps secure the back for hanging.	73
OSFM	The MMA heavy bag glove is the essential glove for hard-hitting workouts and is specifically designed to fit a woman's hand. It is constructed of multi-layered foam and durable polyurethane with breathable mesh palm to keep hands cool and dry. Designed with a closed, locked thumb and pre-curved to reduce hand strain. Glove also features an adjustable extra-wide wrist wrap with hook and loop closure for individual fit and added wrist support.	1.6
n/a	This shield is curved to catch more kicks and strikes making it the must-have MMA gear for partner training. Features durable polyurethane construction and top handle for position control. The bottom hook and loop strap provides a secure fit to the holder. Sold individually.	1
n/a	This mitt is ideal for catching punches and to improve hand and foot speed and accuracy during MMA training. Mitt features finger slots that prevent slipping and are lightweight and compact with durable polyurethane construction. Can be worn on either hand, alone or in pairs. Sold individually.	1
S/M	Constructed of soft neoprene fabric inside and durable outer polyurethane, these shin instep guards provide superior comfort during training with lightweight high density foam for impact absorption. Two hook and loop straps secure the guards around the legs with an elastic strap to secure the insteps over the feet. Contains 1 pair.	2.3

L/XL	Constructed of soft neoprene fabric inside and durable outer polyurethane, these shin instep guards provide superior comfort during training with lightweight high density foam for impact absorption. Two hook and loop straps secure the guards around the legs with an elastic strap to secure the insteps over the feet. Contains 1 pair.	2.6
OSFM	Designed for the ultimate workout that allows you to develop explosive power and speed with adjustable weight resistance training. Gloves and belt feature a hook and loop closure for a secure fit along with three rings on each side of the belt for resistance adjustment. Gloves are weighted with sand at 1 lb. each for an effective workout on their own and feature a mesh palm for breathability and moisture control. Use the weighted gloves by themselves or in conjunction with the included resistance bands to build muscle and endurance. Workout chart included.	10
n/a	This original freestanding training bag is ideal for high impact hits for kickboxing and all martial arts workouts. Train and develop core muscles while enhancing coordination, endurance, and flexibility. The round base is designed for easy roll relocation and includes 8 height adjustments from 47" to 68". Base is approx. 270 lbs. when filled.	26
