MINUTES:

APPROVAL OF PREVIOUS SRC MEETING MINUTES:

Upon motion, seconded, the Committee voted to approve the minutes of the July 15, 2021 meeting all present approved.

I. ADMINISTRATIVE ACTIONS:

- A. Announcement of Approval of Destruction Authorizations: Artemis Request # 574205-576958
- B. Imaging Certification Amendments/Annual Reviews/Administrative Actions: Report to the State Records Committee
- **C. Report to the State Records Committee** approved with a change to include "copies of" related to notices, agendas, minutes in records series 0021-0000

II. New Business

- A. Records Retention Schedule:
 - Motor Vehicle Commission Imaging Services Center Imaging Unit/Transaction – S794001 – approved with change, "microfilm recommended' to "microfilm or digitization recommended."
 - 2. Environmental Protection Environmental Safety & Health Discharge Prevention passed with changes to enumeration.
 - 3. Community Affairs NJ Housing and Mortgage Finance tabled pending further consideration
- B. Special Request for Authorization for Records Disposal:
 - 1. **NJ Transit** Approved
 - 2. Bernards Township Approved

III. Other Business: A motion was made to allow other business.

MariaLisa Bazela of Bergen County presented a question to the Committee regarding Daniel's Law, specifically how Bergen County's Tax Board would redact information from microfilm and how the Committee recommends the counties handle it.

Mr. Klett noted the State Records Committee oversees the retention of the records effected, however, does not have control of the legislation regarding Daniel's Law. Mr. Klett described how the State Archives is able to redact information from microfilm housed at the Archives.

There being no further business, the Committee adjourned at 11:02 a.m.

Amanda Truppa Secretary State Records Committee

Damaged Records Report

Agency Name: Northern Valley Regional High School - Demarest

Address: 150 Knickerbocker Road, Demarest, NJ 07627

Phone: 201-768-2200

Email: capizzim@nvnet.org

Contact Person: Marc A. Capizzi

Date the Damage Occurred: September 2, 2021

Date the Damage was Discovered: September 3, 2021

Complete the following. (Answer field will expand to accommodate all answers)

1. Describe circumstances of how the damage occurred.

On September 2, 2021, a district employee placed eleven students' medical files on a garbage can next to a filing cabinet in a locked office.

2. Describe circumstances of how the damage was discovered.

On September 3, 2021, it was discovered that the eleven files were missing and it was determined that they were inadvertently discarded by a member of the custodial staff the night before.

3. What salvage attempts were made?

On September 3, 2021, an attempt was made to retrieve the files from the sanitation company but the files were unrecoverable. On September 3rd, the parents of the students whose medical records were discarded were called by a district staff member to inform them the records were inadvertently discarded; and that there might be information that we would request from them so that their students' files could be current.

4. Were any of the records affected by this event salvageable?

No, since they were inadvertently disposed of and taken away by the sanitation company.

5. Why are these records unsalvageable?

They were disposed of by the sanitation company.

6. Who determined that the records could not be salvaged?

The school nurse.

7. Are there other copies of the damaged records in other locations or are there ways to reconstruct the damaged records (i.e. payroll records could be recovered from your payroll service provider)?

The school nurse has reached out to the parents of the students whose records were lost and is in the process of obtaining copies of the required records.

8. Are there additional records still maintained in the building? If yes, how are these records being protected?

Yes, the following recommendations were documented in a letter in the responsible employee's personnel file, as mitigating factors to prevent a similar incident from occurring in the future.

- The staff member will use an additional locked storage cabinet to secure medical records.
- Carefully review the office before leaving it unattended to ensure that confidential records are secured and not placed where unauthorized persons can access them.

9. What measures are being taken to prevent future damage to the agency's records?

Please see response to 8. above for mitigating actions being taken. A pdf document containing certain emails and a letter to the employee responsible are attached to this form as supplemental information to provide further clarification on the sequence of the aforementioned events that occurred and mitigation actions being taken going forward.

DATE: December 3, 2021

SUBJECT: Accidental, Premature Disposal of Active, Current Student Records:

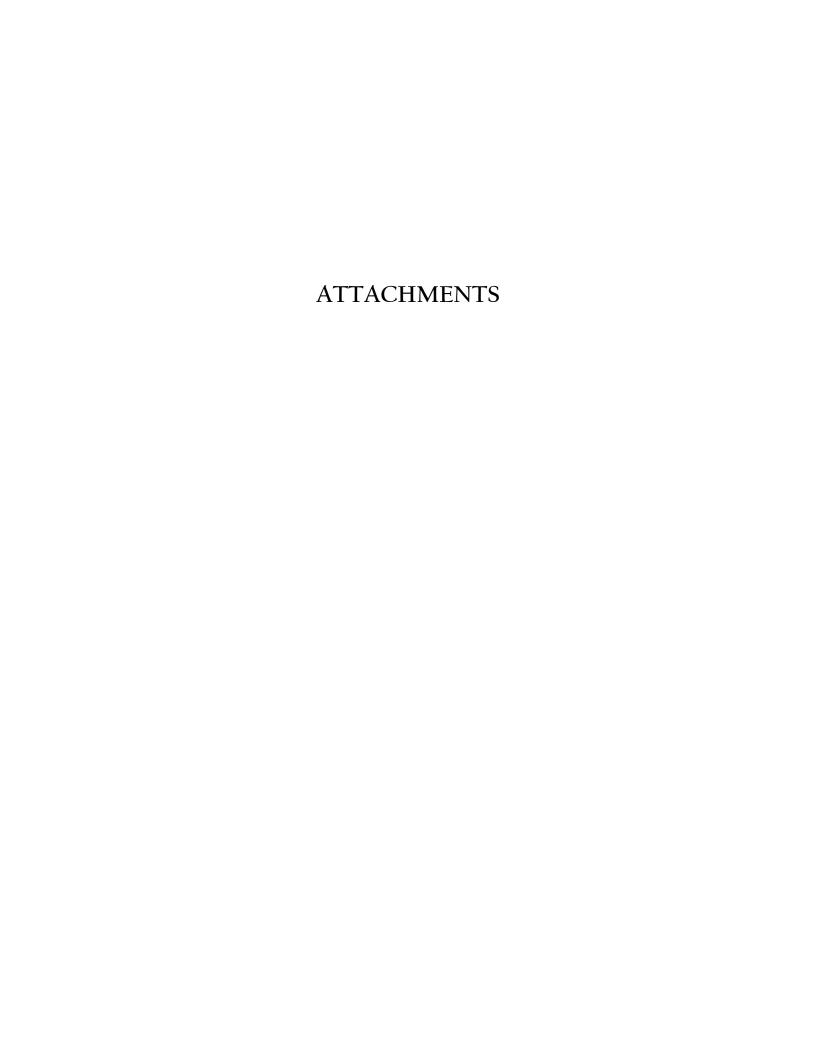

Student A-45 Health History Records From approximately 9/2008 To 9/2021

I hereby certify that Student A-45 Health History Records from the approximate period of September, 2008 to September, 2021 were accidentally, destroyed. All attempts to salvage said records were proven unsuccessful.

However, successful measures have been implemented to recreate the medical document history of the associated students from their parents.

In addition, district-wide revised Document Security policies have been instituted to uphold records safety, confidentiality and the continued retention of all Student Records maintained by the Northern Valley Regional School District.

Dan notified Tim immediately (around 4 pm) leaving messages on both of his phones, and by way of a follow up email. He let Tim know that the notification to parents about their child's records being mistakenly disposed of needed to occur

It is vital that this mistake is revealed by Tim. It would be absolutely horrific, if somehow parents or students become aware that sensitive medical records about their child have gotten into the wrong hands without first hearing from us. I agree that this error in protocol needs to be formally addressed, but the proactive notification must occur immediately, if it has not already been addressed.

Yes, parents should be notified that the records were disposed of. Any new records that are needed must be acquired.

Hello Debby and or James,

We have had a loss of medical records for approximately 8 to 10 Access Students. They were in a box apparently too close to the garbage and were mistakenly disposed of. The dumpster was picked up prior to the discovery of the missing files and the truck has already moved past the transfer station with the files being believed to be out of state.

I have not seen this occur before, I assume we need to notify the parents regarding the loss of the records and to request additional copies of the records as needed by the Nurse.

Please confirm this is the course of action to take.

Dear

Thank you for meeting with Gaetano and me on Thursday, September 9th, 2021. I am sending you-this letter to capture our discussion so that we may have a common understanding of expectations concerning the security of students' medical records.

On September 2nd, you placed eleven students' medical files on a garbage can next to a filing cabinet. You stated the day was very hectic with lots of paperwork, phone calls, and your managing Covid-19 protocols. When you finished work on September 2nd, you ensured the windows and doors to your office were locked. On September 3rd, you noticed the eleven files were missing. You later found out they were discarded by a member of the custodial staff the night before. You attempted to retrieve the files from the sanitation company but learned the files were unrecoverable. You notified the administration regarding the files. You explained that they were en route to a transfer station in Closter, NJ. On September 3rd, you communicated the contact information with Gaetano of the parents whose students' records were discarded. He called all of the parents with you present to inform them the records were inadvertently discarded; and that there might be information that we would request from them so that their students' files could be current.

During our September 9th meeting, we noted that in your 26 years of service medical files have never been inappropriately discarded. We discussed further the implications of inappropriately discarding medical files and possible unauthorized access of medical records and how this violates our Board Policy (File code 5125).

To ensure this never happens again, we discussed ways of moving forward to improve the security of our students' medical records. Along with continued vigilance on securing the office and its contents, you agree to implement the below recommendations:

- 1. You will use an additional locked storage cabinet to secure unfiled medical records. Use this additional locked storage unit placed in the nurses' office or locked cabinet in the administrative conference room so medical records that have not been filed can be stored in a secure location.
- Carefully review your office before leaving it unattended to ensure that confidential records are secured and not placed where unauthorized persons can access them.

Securing medical records is a legal obligation for school districts. Any further violation of properly securing medical records may result in further disciplinary action.

If you have any questions or concerns, please do not hesitate to ask me.

Hi Karen,

The staff has been working diligently with the families to obtain the required medical records document replacements and I believe we are down to one more student out of the 11 total. We're hoping to get the last one completed shortly and then I'll be able to certify that we've successfully obtained all of the records. Thank you.

Hi Karen,

Per our phone conversation this afternoon, please see the email thread below detailing the incident regarding the loss of medical records. Further to the sequence of events described below, members of the NVRHS Administrative team met with the staff member responsible for the incident on September 9, 2021, and a letter of reprimand was issued to the staff member and filed. The following recommendations were documented in the letter as mitigating factors to prevent a similar incident from occurring in the future.

- The staff member will use an additional locked storage cabinet to secure medical records.
- Carefully review the office before leaving it unattended to ensure that confidential records are secured and not placed where unauthorized persons can access them.

Please let me know if you have any questions or require additional information as is it relates to compliance with the document retention rules and regulations. Thank you for your time.
