*Document Change Announcement*

*2007 Design Manual*

**DCA2009-DM-04**

**September 2, 2009**

**Subject: Revision to Design Manual – Creation of New Section**

**Description of Change**

Creation of new section for Design Manual, **SECTION 12** entitled **ENVIRONMENTAL ENGINEERING** to specify Design Consultants' responsibilities regarding environmental investigations that should be undertaken during the design of a project to ascertain the presence of environmental contamination. This will ensure that presence of contamination is appropriately considered in the project design and that the construction contract documents appropriately address the contamination.

**Instructions to Designers and Consultants**

Effective immediately, the revisions contained in this announcement shall be applied to all projects in every phase of design. For advertised contracts awaiting the opening bids, this revision shall be incorporated via addendum, if applicable. Contact your NJTA Project Manager for instructions. Attached revision is noted in italics.

Designers may access these revisions in the NJTA Design Manual, which is available on the Authority's Web Page: <http://www.state.nj.us/turnpike/NJTA-Design-Manual.htm>

**Information for In-House Staff**

The revisions have been incorporated into the Design Manual, which is available on the S drive @ S:\Project Files\Design-Procedure Manual. Please distribute the information to your respective Project Managers and have them direct their consultants appropriately.
