Document Change Announcement

2004 Standard Supplementary Specifications

Local Material Sources, Excavation and Embankment

DCA2009SS-20

November 9, 2009

Subject: Revisions to Section 105 Control of Materials, Subsections 105.01 Materials, 105.02 Local Material Sources, Section 202 Roadway Excavation, Subsections 202.03 Methods of Construction, Section 203 Embankment, 203.02 Materials, 203.03 Methods of Construction, 203.04 Measurement and 203.05 Payment

The following relates to local material sources for borrowfill, excavation and embankment.

Instructions to NJTA Staff, Designers and Consultants

Effective immediately, all contracts currently in the design phase shall incorporate the revisions listed herein. For advertised contracts awaiting the opening of bids this revision may be incorporated via addendum. Attached revision is noted in *italics*.

Designers may access these revisions in the Standard Supplementary Specification, which is available on the following Authority Web Page: <http://www.state.nj.us/turnpike/nj-buss.htm>
These additions have been incorporated into the 2004 Standard Supplementary Specification, which is available on the S:/drive. Please distribute the information to your Project Managers and have them direct their consultants appropriately.
