### **NEW JERSEY LICENSE & CERTIFICATION GUIDE**

Occupations and business activities often require some form of registration, license or certification by the State of New Jersey. This booklet compiles, in a single document, a listing of these requirements with the appropriate agency contact. It has been prepared by the Business Action Center in response to requests from the business and professional communities for this type of information.

All State regulatory agencies have reviewed and verified this material to ensure completeness and accuracy. Inevitably, changes will occur and the Business Action Center strives to keep this document current with frequent updates.

Users of this information should also contact the county and municipal clerks in order to satisfy possible local permitting requirements.

Sincerely,

Donald Newman  
Business Action Center
