

PAWSITIVE CARE PROJECT

2026 STATE
Day of Service

REGISTRATION

Chapters must register students for this event through the State FFA Convention Registration.

Students who volunteer will receive a FREE Day of Service t-shirt and chapters will receive a certificate of participation.

INFORMATION

The Burlington County Animal Shelter ensures the best possible quality of life for all animals. They work hard to promote respect and reverence by establishing a "no kill" philosophy. By working with committed volunteers and rescues, over a thousand animal's lives are saved each year. They strive to place animals in loving, responsible, committed permanent homes, following a comprehensive adoption process. Animals in their care receive veterinary care while they await placement.

RECOGNITION

Chapters that participate in the Statewide Community Service Project and/or State Day of Service activity will be recognized during the 2nd General Session of the 97th New Jersey State FFA Convention.
