Report of the Chairman

Mr. Atchison stated the department is excited for the implementation of the Statewide Formula Value and the impact it will have on landowner offers.

Report of the Executive Director

Public Comment

Ms. Patricia Springwell stated that she is disappointed regarding the final soil protection standards rule.

Katelyn Katzer, Somerset County, thanked the SADC for partnering in the Farmers Resource Fair. The fair received a lot of positive feedback and the county is considering making it a yearly event. Ms. Katzer raised concerns from her community regarding the length of the SADC's closing process and asked staff and the committee to find ways to shorten the timeframe

Old Business

A. Stewardship

1. Soil and Water Conservation Cost-Share Grant Revisions (N.J.A.C. 2:76-5)

Mr. Roohr stated the Soil and Water Conservation Cost-Share Grant amendments were presented to the committee at the March meeting and today's draft includes one revision from the March document. The March draft allows the SADC to provide farmers with cost share grants up to \$10,000 to hire professionals for their projects. In light of NRCS announcing it will no longer be able to provide any technical/engineering assistance, staff recommends revising the rule to allow professional cost-share grants up to \$20,000. Mr. Roohr stated the SADC would use the NRCS's standard rates to calculate the cost shares. Mr. Norz suggested staff provide a list of approved professionals to farmers to ensure they are hiring the appropriate consultants. Mr. Rosen stated the committee has a responsibility to participate on a financial level and this has the potential to help the farming community in a big way.

It was moved by Mr. Norz and seconded by Mr. Schilling to amend the rule proposal and increase the cost share grants for consultants from \$10,000 to \$20,000. The motion was unanimously approved.

It was moved by Mr. Norz and seconded by Mr. Kumpel to approve the proposed soil and water cost share grant rules for publication. The motion was unanimously approved.

D. 2025 Appraisal Handbook

Ms. Czerniecki stated the Appraisal Handbook provides guidance to appraisers and enhances the quality of their submissions. This year's handbook has been revised to incorporate the introduction of the new formula value and how it affects the appraisals. The handbook also provides instruction on how to review and include analyses of bona fide purchase offers. Revisions were also made to the Pinelands and Highlands sections regarding the valuation of agricultural improvements. Ms. Czerniecki asked for staff approval so that this handbook can be issued at the appraiser's conference.

It was moved by Mr. Kumpel and seconded by Mr. Ellis to approve the 2025 Appraisal Handbook. The motion was unanimously approved.

Mr. Norz referred to the comment made earlier by Ms. Katzer regarding the length of time that it takes to close a farm after it has received final approval. He expressed his concerns and stated that the timeframe needs to be shortened. Mr. Roohr stated staff is reviewing ways to expedite closings. Mr. Norz also commented that the Farmers Resource Fair was very successful, and he looks forward to SADC staff attending more outreach events.

Public Comment

Ms. Ashley Kerr, New Jersey Farm Bureau, stated the success of the Somerset Fair was discussed at a recent Mercer County meeting and Mercer County expressed interest in doing a similar event next year. Ms. Kerr noted SADC staff volunteered immediately to help coordinate the event.

Ms. Amy Hansen, New Jersey Conservation Foundation, stated NJCF is very happy about the new formula value increasing the pace of Farmland Preservation and appreciates the potential impacts the voluntary impervious cover limits will have on natural resource protections and the voluntary house size limits will have on farm affordability. She noted NJCF is still very concerned that farms with aquifer recharge areas, forests and wetlands are awarded more money without additional restrictions. She urged the SADC to closely monitor these areas over the next two years to see if these natural resources are being protected and any discrepancies should warrant future modifications as to how the points are awarded in the formula calculation.

Mr. Rosen stated that proper monitoring is extremely important regarding the success of the new formula. He understands the strain on staff regarding limited resources and an

increase in applications but expressed concern with third party monitoring prioritizing the same elements as SADC staff.

CLOSED SESSION

At 10:30 a.m. Mr. Roohr read the following resolution to go into Closed Session:

In accordance with the provisions of the Open Public Meetings Act, N.J.S.A. 10:4-13, it is hereby resolved that the SADC shall now go into executive session to discuss the certifications of values of development easements on properties in Clinton Township, Hunterdon County and Medford Township, Burlington County under the SADC's direct easement purchase program; and to discuss any other matters under N.J.S.A. 10:4-12(b) that arose during the public portion of the meeting. The minutes of such meeting shall remain confidential until the Committee determines that the need for confidentiality no longer exists.

NOW, THEREFORE, BE IT RESOLVED:

1. The WHEREAS paragraphs above are incorporated herein by reference.
2. The SADC has reviewed the Owner's application for approval to construct a 1,568 sq./ft., 2-bedroom, 1 kitchen, and 2-bathroom, no basement, ranch style manufactured residential unit, in the location shown on Schedules "A" and "B", to house two (2) full-time, year round agricultural laborers on the Premises, and finds that utilizing the proposed agricultural labor unit, as described by the Owner, is consistent with agricultural uses on the Premises; and:
 - a) The size and location of the proposed unit minimizes adverse impacts on the agricultural operation;
 - b) Onsite labor housing is necessary due to the volume and intensity of agricultural production on the Premises of approximately 6 acres in pasture for cattle requiring 24-hour care, 15 acres of field nursery stock, 5 acres of mums, 3 acres of pumpkins, 5 acres of corn, and the farm management unit which includes the adjacent preserved farm with 55 acres of field nursery stock and a nearby preserved farm with a winery which includes a 35-acre vineyard;
 - c) The production aspects of the operation are eligible for agricultural labor housing on the Premises and warrants the need for two (2), full-time laborers throughout the year;
 - d) The Owner's proposal to construct agricultural labor housing on the Premises for purposes of housing on-site labor who are regularly engaged in the production aspects of this operation is consistent with the requirements of the Deed of Easement and enhances the economic viability of the Owner's agricultural business; and
3. Only agricultural laborers employed on the Premises, in production aspects of the operation, and their immediate family, may live in the agricultural labor unit. Agricultural labor housing shall not be used as housing for the Owner, Owner's spouse, Owners' parents, Owners' lineal descendants, adopted or natural, Owners' spouses' parents, or the Owners' spouses' lineal descendants, adopted or natural.
4. The agricultural laborers shall be engaged in the day-to-day production activities on the Premises, which at this time includes planting, maintenance and harvesting of field nursery stock, and around the clock care of cattle, and assisting in agricultural production on other properties in the Owner's farm management unit.

5. As a condition of this approval, the Committee reserves the right to annually require the Owner to provide a list of names of all residents of the agricultural labor housing unit and to produce documentation supporting the production aspects of the operation to ensure that there is sufficient production activity occurring on the farm to continue to warrant use of the agricultural labor housing unit.
6. The Owner's construction and use of any structures for housing agricultural laborers shall comply with all applicable Federal, State, County, and local regulations.
7. This approval is non-transferable.
8. This approval is valid for a period of three years from the date of this resolution, during which the Owner shall initiate the requested action; for the purpose of this provision "initiate" means applying for applicable local, state, or federal approvals necessary to effectuate the approved SADC action; and
9. This approval is considered a final agency decision appealable to the Appellate Division of the Superior Court of New Jersey.
10. This approval is not effective until the Governor's review period expires pursuant to N.J.S.A. 4:1C-4f.

STATE AGRICULTURE DEVELOPMENT COMMITTEE

RESOLUTION #FY2025R4(10)

**Preliminary Approval of SADC Easement Purchase on an "OTHER" FARM on the Property of
Harcarik, Michael and Roelant, Jessica- SADC ID#: 10-0307-DE**

APRIL 24, 2025

WHEREAS, pursuant to N.J.A.C. 2:76-11.3(a), an owner of farmland may offer to sell to the State Agriculture Development Committee ("SADC") a development easement on the farmland; and

WHEREAS, on January 24, 2025, the SADC received a development easement sale application from Michael Harcarik and Jessica Roelant, hereinafter "Owner," for the property identified as Block 25, Lots 7, 7.03, 7.04, and 7.05 Delaware Township, Hunterdon County, hereinafter "the Property," totaling approximately 25.09 gross acres, identified in (Schedule A); and

WHEREAS, the Property includes one (1), approximately 0.3 acre non-severable exception area for and limited to zero (0) single family residential units and to afford future flexibility of uses resulting in approximately 24.79 net acres to be preserved; and

WHEREAS, the portion of the Property outside the exception area includes one (1) single family residential unit, zero (0) agricultural labor units, and no pre-existing non-agricultural uses; and

WHEREAS, at the time of application, the Property was in hay production; and

WHEREAS, the Owners' application has been evaluated in accordance with N.J.A.C. 2:76-6.16, SADC Policy P-14-E, Prioritization criteria, and the State Acquisition Selection Criteria approved by the SADC on August 6, 2024, which categorizes applications into "Priority", "Alternate" and "Other" groups; and

WHEREAS, the Property, has a quality score of 59.87 and contains approximately 24.79 net acres (Schedule B); and

WHEREAS, the Property does meet the SADC's Hunterdon County minimum score criteria for the "Alternate" category which requires a quality score of at least 47, but the property does not meet the minimum size criteria for "Priority" or "Alternate" farm designation, which requires a minimum size of 42 and 30 respectively; therefore, this farm is categorized as an "Other" farm, pursuant to N.J.A.C. 2:76-11.5(c)3, requiring SADC preliminary approval in accordance with N.J.A.C. 2:76-11.6(c)1i. through iii; and

WHEREAS, the Property meets the minimum eligibility criteria as set forth in N.J.A.C. 2:76-6.20 and, pursuant to N.J.A.C. 2:76-11.5(b), (c)1 and (c)2, there are no "priority" or "alternate" ranked applications that have not already been selected for processing at this time; and

NOW THEREFORE BE IT RESOLVED:

1. The WHEREAS paragraphs set forth above are incorporated herein by reference.

2. The SADC approves selecting the Property for processing as an "Other" farm, pursuant to N.J.A.C. 2:76-11.5 (b) and (c)2 because the farm:
 - a. has a quality score of 59.87, which is above minimum ranking criteria for a "Alternate" farm in Hunterdon County;
 - b. has approximately 15% Prime soils and 69% Statewide Important soils; and
 - c. is within the County Agriculture Development Area.
 - d. is located immediately adjacent to another preserved farm and is in a community with a significant investment in farmland preservation.
 - e. the SADC believes that the conversion of the farm to non-agricultural use would likely cause a substantial negative impact on the public investment made in farmland preservation within the project area
3. The SADC grants preliminary approval to the Property for an easement acquisition and authorizes staff to proceed with the following:
 - a. Enter into a 120-day option agreement with the Landowner;
 - b. Secure two independent appraisals to estimate the fair market value of the Property;
 - c. Review the two independent appraisals and recommend a certified fair market easement value of the property to the SADC
4. This approval is considered a final agency decision appealable to the Appellate Division of the Superior Court of New Jersey.
5. This action is not effective until the Governor's review period expires pursuant to N.J.S.A. 4:1C-4f.
