SETTLEMENT AGREEMENT

---

The Hunterdon County Agriculture Development Board (herein referred to as "CADB") and Peter LeCompte (herein referred to as "Mr. LeCompte"), agree to the following settlement in the matter of LeCompte vs. Hunterdon County Agriculture Development Board, OAL Docket No. ADC 09378-2010 S:

1. The CADB recognizes that the CADB's denial of the Fisher Application for a Site Specific Agricultural Management Practice ("SSAMP") which is the subject matter of this appeal, does not preclude Mr. LeCompte for applying to the CADB for relief involving a similar operation, as each matter before the CADB is fact sensitive.
2. Should Mr. LeCompte choose to make an application before the CADB, he would have the opportunity to provide evidence and present testimony in support of his position that his operation is a protected farm practice under the Right-to-Farm Act.

3. The CADB would review the application and render a determination based upon the

statutes, rules, and regulations in effect at that time.

4. Should the CADB determine that Mr. LeCompte is not entitled to Right-to-Farm protection, the Mr. LeCompte would be entitled to an appeal based upon the record specific to him.
5. Mr. LeCompte agrees to withdraw his appeal of the Fisher SSAMP determination.
6. Mr. LeCompte agrees that he has entered into this settlement willingly and has not been coerced, and is satisfied with the services provided by his attorney.
