TITLE: Program Specialist Trainee
SALARY: $46,431.86 – $48,531.07
WORKWEEK: 35 hours (NE)
EXISTING VACANCIES: Three (3)
OPENING DATE: October 6, 2023
CLOSING DATE: October 27, 2023
DIVISION/LOCATION: Division of Clean Energy

*The Board of Public Utilities is a great place to work*

You will be part of a highly effective and collaborative team working to achieve New Jersey’s ambitious and important clean energy goals in the areas of offshore wind, electric vehicles, solar, energy efficiency and more! This position is a great opportunity for the right candidate looking to start a career in the clean energy field.

You will be working alongside a team of dedicated professionals in the Division of Clean Energy at the New Jersey Board of Public Utilities working to achieve 100 % clean energy for the State, managing, and coordinating the clean energy initiatives of the State of New Jersey.

You will be working to implement the State’s Energy Master Plan, statutory guidance, and Executive Orders, and will work with colleagues at other agencies and departments across State government to achieve New Jersey’s clean energy goals.

You will also be helping to grow the clean energy economy in New Jersey that will lead to long-term careers in clean energy for our residents, stimulate the economic growth of the state, and develop programs that will serve as a model for other states and the federal government to follow to transition our society to a clean energy future. In addition, through work with the Office of Energy Equity in the Division of Clean Energy, you will help to assure the access to the benefits of the clean energy revolution to all residents of the State.

GENERAL DESCRIPTION: Under the general direction of the Director or other supervisory position in the Division of Clean Energy, will assist in professional, analytical, and administrative work to promote the planning, operation, implementation, monitoring and/or evaluation of our programs.

WORK RESPONSIBILITIES

- Learn to review, analyze and summarize laws, rules, regulations, policies and procedures.
• Learn about renewable energy (including solar and offshore wind), energy efficiency, building electrification, electrified transportation, and more.

• Participate in projects and discussions that will help shape New Jersey’s clean energy policies, and develop reports comparing existing and alternative program policy designs and recommendations.

• Collaborate with other New Jersey Departments and Agencies, with other states and federal agencies, and engage with and learn from professionals across the country and world.

• Learn and participate in the Stakeholder processes and assist with constituent services and outreach.

• Perform research, data collection and analysis on various clean energy programs in New Jersey, other states and other countries.

• Perform other tasks to advance New Jersey’s clean energy agenda.
