BY THE BOARD:

The New Jersey Board of Public Utilities' (the "Board") SMARTSTART Buildings Program ("SSBP" or "SMARTSTART"), Direct Install Program and Pay-for-Performance Program offer financial incentives to New Jersey property owners to encourage the installation of energy efficient products and technologies. Eligible applicants may receive incentives for a portion of the cost of installing energy efficient technologies such as lighting, HVAC, water heating or other measures in new or existing buildings.

The Township of Parsippany/Troy Hills WWTP, Parsippany, NJ, has submitted an application for a monetary incentive in the amount of \$1,000,000 under the Pay-for-Performance program, for a project located at 1139 Edwards Road, Parsippany, NJ 07054. This rebate application, Docket Number EO11010040V, has a 45% energy savings above the base line, and is receiving an incentive of \$33,535 for the energy reduction plan (ERP); \$579,879 for installation of new aeration tank blowers and mixers, installation of new return activated sludge (RAS) pumps with premium efficiency motors, removal of existing filter equipment as a result of new systems installed, and installation of new variable frequency drives (VFDs) and premium efficiency motors on influent pumps; and an estimated \$386,586 for the one year true up of its ERP.

TRC, the Market Manager engaged by the Board to manage the New Jersey Clean Energy Program C&I energy efficiency programs, has submitted a certification that the incentives for which TRC now seeks approval to commit have been calculated in accordance with the program policies and procedures, and that the listed amounts are the true and accurate estimated incentives for which each applicant is eligible. Further, Applied Energy Group, in its role as the NJCEP Program Coordinator, has reviewed the application and submitted a

certification that the incentives for which TRC now seeks approval to commit have been calculated in accordance with the program policies and procedures, and that the listed amounts are the true and accurate estimated incentives for which each applicant is eligible. Based on the above, the Staff recommends that the Board approve the above referenced application.

The Board **HEREBY APPROVES** the aforementioned application for the incentive amounts requested and **AUTHORIZES** issuance of a standard commitment letter to the applicant identified above, setting forth the terms and conditions of these commitments.
