IN THE MATTER OF PUBLIC SERVICE ELECTRIC AND GAS COMPANY'S 2023/2024 ANNUAL BGSS COMMODITY CHARGE FILING FOR ITS RESIDENTIAL GAS CUSTOMERS UNDER ITS PERIODIC PRICING MECHANISM AND FOR) CHANGES IN ITS BALANCING CHARGE

DECISION AND ORDER APPROVING STIPULATION FOR **PROVISIONAL RATES**

BPU DOCKET NO. GR23060331

Parties of Record:

Brian O. Lipman, Esq., Director, New Jersey Division of Rate Counsel Matthew M. Weismann, Esq., on behalf of Public Service Electric and Gas Company

BY THE BOARD:

On June 1, 2023, Public Service Electric and Gas Company ("PSE&G" or "Company") filed a petition with the New Jersey Board of Public Utilities ("Board") seeking approval to decrease its Basic Gas Supply Service ("BGSS") Residential Gas Service ("BGSS-RSG") rate as well as its Balancing Charge rate ("2023 BGSS Petition"). By this Order, the Board considers a stipulation of settlement ("Stipulation") executed by PSE&G, Board Staff ("Staff"), and the New Jersey Division of Rate Counsel ("Rate Counsel") (collectively, "Parties") requesting that the Board approve changes to the BGSS-RSG and Balancing Charge rates on a provisional basis, subject to refund with interest.

BACKGROUND/PROCEDURAL HISTORY

By Order dated January 6, 2003 in Docket No. GX01050304, the Board directed each of New Jersey's four (4) gas distribution companies ("GDCs") to submit to the Board, by June 1, its annual BGSS gas cost filing for the BGSS year beginning October 1.¹ In addition, the January 2003 BGSS Order authorized each GDC to self-implement, with one (1) month advance notice to the Board and Rate Counsel, up to a five percent (5%) BGSS rate increase effective December 1 of the year of filing. The January 2003 BGSS Order further authorized each GDC to implement a second five percent (5%) increase, effective February 1 of the following year, with one (1) month's

¹ In re the Provision of Basic Gas Supply Service Pursuant to the Electric Discount and Energy Act N.J.S.A. 48:3-49 et seq. – BGSS Pricing, BPU Docket No. GX01050304, Order dated January 6, 2003, ("January 2003 BGSS Order").

advance notice to the Board and Rate Counsel. Finally, the 2003 BGSS Order authorized each GDC to decrease its BGSS rate at any time upon five (5) days' notice to the Board and Rate Counsel.

2023 BGSS PETITION

Pursuant to the January 2003 BGSS Order, on June 1, 2023, PSE&G filed the 2023 BGSS Petition requesting authority to decrease the Company's current per therm BGSS-RSG rate from \$0.471718 per therm to \$0.397497 effective October 1, 2023.² PSE&G estimated the BGSS ending balance will be approximately \$72.9 million over-recovered as of September 30, 2023. With the rates currently in effect, the BGSS-RSG customer class is expected to be over-recovered by approximately \$101 million by September 30, 2024.

Natural gas prices were extremely volatile during the recent BGSS period, reaching their highest levels since 2008, followed by a dramatic decline through the 2022/2023 winter. The NYMEX strip used in the 2023 BGSS Petition shows that average prices are 54% lower than last year's NYMEX strip.

PSE&G also proposed to decrease its Balancing Charge from \$0.100691 per therm to \$0.097914 per therm. According to PSE&G, the decrease is the result of a decrease in the cost of the Company's storage inventory due to the decrease in gas prices as well as a projected decrease in the costs of interstate pipeline transportation services that make up the Company's gas supply portfolio.

Following publication of notices in newspapers in general circulation in the Company's service territory, public hearings were conducted on August 31, 2023 at 4:30 pm and 5:30 pm.³ Four (4) members of the public appeared and spoke at the 4:30 p.m. public hearing to express concerns about the high levels of compensation paid to the Company's officers, and to express general opposition to rate increases and disconnections. No members of the public attended the 5:30 p.m. public hearing.

STIPULATION

Following an initial review and discussions, the Parties determined that additional time is needed to complete a review of the 2023 BGSS Petition. Accordingly, the Parties executed the Stipulation, which provides, in part, as follows:⁴

1. The Company's BGSS Commodity Service, tariff rate BGSS-RSG, shall provisionally be decreased to \$0.397497 per therm through September 30, 2024. This BGSS-RSG Commodity Charge is on a provisional basis, subject to refund, with interest on any net over-recovered BGSS-RSG balance.

² All rates quoted herein include losses and Sales and Use Tax ("SUT") unless otherwise stated.

³ Due to the COVID-19 pandemic, public hearings were held virtually.

⁴ Although described at some length in this Order, should there be any conflict between this summary and the Stipulation, the terms of the Stipulation control, subject to the findings and conclusion in this Order. Paragraphs are numbered to coincide with the Stipulation.

- 2. The Company's Balancing Charge shall provisionally be decreased to \$0.097914 per balancing therm, subject to refund, with interest on any net over- or under-recovered balance.
- 3. There will be an opportunity for full review of all the changes requested by the Company at the Office of Administrative Law, if applicable and necessary, and final approval by the Board.
- 4. The monthly residential customer impact of the Stipulation is as follows: A residential customer using 100 therms per month during the winter months, and 610 therms on an annual basis, would see a decrease in their monthly winter bill of \$7.65 or 6.84%, and a residential customer using 172 therms per month during the winter months, and 1,040 therms on an annual basis would see a decrease in their monthly winter bill of \$13.17 or 7.07%. These calculations are based upon rates in effect on August 1, 2023 and assuming the customer receives BGSS service from PSE&G. The Parties agree that the provisional BGSS-RSG rate and Balancing Charge will become effective as of October 1, 2023, or as soon as possible upon the issuance of a Board Order approving the Stipulation.

DISCUSSION AND FINDINGS

The Board carefully reviewed the record to date in this proceeding, including the 2023 BGSS Petition and the attached Stipulation, and <u>HEREBY</u> FINDS the Stipulation to be reasonable and in accordance with the law. Accordingly, the Board <u>HEREBY</u> <u>ADOPTS</u> the Stipulation in its entirety, and <u>HEREBY</u> <u>INCORPORATES</u>, its terms and conditions as though fully set forth herein, subject to any terms and conditions set forth in this Order.

The Board <u>HEREBY</u> <u>APPROVES</u> on a provisional basis, subject to refund with interest on any net over-recovered balance, a per therm BGSS-RSG rate of \$0.397497 and a Balancing Charge rate of \$0.097914, effective for services rendered on and after October 1, 2023.

Based upon the Stipulation, a typical residential heating customer using 172 therms per month during the winter months and 1,040 therms on an annual basis would see a monthly decrease of \$13.17, or approximately 7.07%.

The Board <u>HEREBY</u> <u>DIRECTS</u> PSE&G to file revised tariff sheets conforming to the terms of this Order by September 30, 2023.

The Company's costs, including those related to the BGSS and Balancing Charge, will remain subject to audit by the Board. This Decision and Order shall not preclude, nor prohibit, the Board from taking any actions determined to be appropriate as a result of any such audit.

The effective date of this Order is September 27, 2023.

APPEARANCES:

Matthew M. Weissman, Esq., Managing Counsel, State Regulatory, for the Petitioner, Public Service Electric and Gas Company

Maura Caroselli, Esq., Managing Attorney – Gas, Sarah H. Steindel, Esq., Assistant Deputy Rate Counsel and Megan Lupo, Esq., Assistant Deputy Rate Counsel and Mamie W. Purnell, Esq., Assistant Deputy Rate Counsel, for the New Jersey Division of Rate Counsel (Brian O. Lipman, Director)

Matko Ilic, Deputy Attorney General, for the Staff of the New Jersey Board of Public Utilities (Matthew J. Platkin, Attorney General of New Jersey)

On June 1, 2023, PSE&G made a filing with the New Jersey Board of Public Utilities

("Board" or "BPU") in the above-referenced matter requesting approval to decrease the current Boardapproved Basic Gas Supply Service ("BGSS") rate through September 30, 2024, and to decrease its Balancing Charge ("2023 Petition"). Specifically, the Company requested authority to: 1) decrease the per therm BGSS Commodity Charge to Residential Service Customers ("BGSS-RSG") of \$0.471718 [including losses and Sales and Use Tax ("SUT")] to \$0.397497 (including losses and SUT); 2) decrease its Balancing Charge, which recovers the cost of providing storage and peaking services, from the current charge of \$0.100691 per balancing use therm (including losses and SUT) to \$0.097914 per balancing use therm (including losses and SUT); and 3) modify its Tariff for Gas Service, B.P.U.N.J. No. 16 Gas, pursuant to N.J.S.A. 48:2-21 and 48:2-21.1, as set forth in Attachment B of the Company's filing.

In its generic Order in Docket No. GX01050304 dated January 6, 2003, the Board granted approval to increase the BGSS-RSG Commodity Charge to be effective December 1 of the year of the

annual BGSS filing, and/or February 1 of the year following the annual BGSS filing, on a selfimplementing basis, with each such increase being subject to a maximum rate increase of 5% of the average rate based upon a typical 100 therms per month average (1,200 therms annual usage) residential customer's total bill. Such rate increases shall be preconditioned upon written notice by PSE&G to BPU Staff and Rate Counsel, no later than November 1 and/or January 1, of its intention to apply a December 1 or a February 1 self-implementing rate increase, respectively, and of the approximate amount of the increases based upon then-current market data. The Company is permitted to decrease its BGSS-RSG Commodity Charge at any time, upon five (5) days' notice to the Board and Rate Counsel. Pursuant to the Board's January 2003 Order, any self-implementing increases or decreases would be provisional, and subject to reconciliation during the Company's next annual BGSS filing.

As filed in the 2023 Petition, the bill impact of the proposed changes for a typical residential gas heating customer using 100 therms in a winter month and 51 average monthly therms (610 annually) is a decrease in the winter monthly bill of \$7.65 or 6.84%, and for a typical residential gas heating customer using 172 therms in a winter month and 86.7 average monthly therms (1,040 annually) is a decrease in the winter monthly bill of \$13.17 or 7.07%, based upon rates effective August 1, 2023.

Notice of public hearings regarding the Company's request to decrease the current BGSS Commodity Charge and Balancing Charge were placed in newspapers having a circulation within the Company's gas service territory, and was served on the county executives and clerks of all municipalities within PSE&G's gas service territory.¹ Public hearings were conducted virtually on September 5, 2023 at 4:30 p.m. and 5:30 p.m. Four members of the public appeared and spoke at the

¹The public hearings were held virtually due to the COVID-19 pandemic.

4:30 p.m. public hearing to express concerns about the high levels of compensation paid to the Company's officers, and to express general opposition to rate increases and disconnections. No members of the public attended the 5:30 p.m. public hearing. Written comments were not submitted.

PSE&G, Board Staff, and the New Jersey Division of Rate Counsel ("Rate Counsel") (collectively, "Parties") determined that additional time is needed to complete the review of the 2023 Petition. However, the Parties also agree that action with respect to the Company's BGSS-RSG Commodity Charge for the 2023-2024 BGSS year and Balancing Charge, on a provisional basis, is reasonable at this time.

As such, the Parties HEREBY AGREE as follows:

1. The Company's BGSS Commodity Service, tariff rate BGSS-RSG, shall provisionally be decreased to \$0.397497 per therm (including losses and SUT) through September 30, 2024. This BGSS-RSG Commodity Charge is on a provisional basis, subject to refund, with interest on any net over-recovered BGSS-RSG balance.

2. The Company's Balancing Charge shall provisionally be decreased to \$0.097914 per balancing therm (including losses and SUT), subject to refund, with interest on any net over- or under-recovered balance.

3. There will be an opportunity for full review of all the changes requested by the Company at the Office of Administrative Law, if applicable and necessary, and final approval by the Board.

4. The monthly residential customer impact of this action is as follows: A residential customer using 100 therms per month during the winter months, and 610 therms on an annual basis, would see a decrease in their monthly winter bill of \$7.65 or 6.84%, and a residential customer using 172 therms per month during the winter months, and 1,040 therms on an annual basis would see a decrease in their monthly winter bill of \$13.17 or 7.07%. These calculations are based upon rates in

effect on August 1, 2023 and assuming the customer receives BGSS service from PSE&G. The parties agree that the provisional BGSS-RSG rate and Balancing Charge will become effective as of October 1, 2023, or as soon as possible upon the issuance of a Board Order approving this Stipulation of Settlement ("Stipulation").

5. The Company will provide updated tariff sheets within five (5) business days of the effective date of the Board's Order in this docket reflecting the provisional decreases. The proposed tariff sheets are attached hereto as Exhibit A to this Stipulation.

6. The undersigned Parties recommend to the Board that this matter be transmitted to the Office of Administrative Law for an opportunity for full review of all issues, including the provisional rates if approved by the Board.

7. The undersigned agree that this Stipulation for a Provisional BGSS-RSG Commodity Charge and Balancing Charge contains mutually balancing and interdependent provisions and is intended to be accepted and approved in its entirety. If any particular aspect of this Stipulation is not accepted and approved by the Board, this Stipulation shall be null and void, and the Parties shall be placed in the same position that they were immediately prior to execution.

8. The undersigned further acknowledge that a Board Order approving this Stipulation will become effective upon the service of said Board Order, or upon such date after the service thereof as the Board may specify, in accordance with N.J.S.A. 48:2-40.

9. The undersigned Parties further HEREBY AGREE that this Stipulation for a Provisional BGSS-RSG Commodity Charge and Balancing Charge has been made exclusively for the purpose of this proceeding and that this Stipulation, in total or by specific item, is in no way binding upon them in any other proceeding, except to enforce the terms of this Stipulation for a Provisional BGSS-RSG Commodity Charge and Balancing Charge.

	<u>0.027530</u>
Adjusted Cost of Gas	<u>0.365343</u>
	0.433560
Commodity Charge after application of losses: (Loss Factor = 2.0%)	\$ <u>0.372799</u> 0.442408

Commodity Charge including New Jersey Sales and Use Tax (SUT)	<u>\$0.397497</u>
	<u>0.471718</u>

The above Commodity Charge will be established on a level annualized basis immediately prior to the winter season of each year for the succeeding twelve-month period. The estimated average Non-Gulf and Gulf Coast Cost of Gas will be adjusted for any under- or over-recovery together with applicable interest thereon which may have occurred during the operation of the Company's previously approved Commodity Charge filing. Further, the Company will be permitted a limited self-implementing increase to the Commodity Charge on December 1 and February 1 of each year. These limited self-implementing increases, if applied, are to be in accordance with a Board of Public Utilities approved methodology. Commodity Charge decreases would be permitted at any time if applicable.

The difference between actual costs and Public Service's recovery of these costs shall be determined monthly. If actual costs exceed the recovery of these costs, an underrecovery or a negative balance will result. If the recovery of these costs exceeds actual costs, an overrecovery or a positive balance will result. Interest shall be applied monthly to the average monthly cumulative deferred balance, positive or negative, from the beginning to the end of the annual period. Monthly interest on negative deferred balances (underrecoveries) shall be netted against monthly interest on positive deferred balances (overrecoveries) for the annual period. A cumulative net positive interest balance at the end of the annual period is owed to customers and shall be returned to customers in the next annual period. A cumulative net negative interest balance shall be zeroed out at the end of the annual period. The sum of the calculated monthly interests shall be added to the overrecovery balance or subtracted from the underrecovery balance at the end of the annual period. The positive interest balance shall be rolled into the beginning under- or over-recovery balance of the subsequent annual period.

Pursuant to the Board's January 6, 2003 Order approving the BGSS price structure under Docket No. GX01050304 and the BGSS Pricing Proposal appended as Attachment A to and approved in that Order, Public Service Electric and Gas Company may issue a bill credit for its BGSS-RSG customers as detailed below.

INFRASTRUCTURE IMPROVEMENT PROGRAM CHARGE

These charges are designed to recover the revenue requirements associated with the Company's Infrastructure Improvement Programs (IIPs) in accordance with the New Jersey Board of Public Utilities' rules on IIPs, N.J.A.C. 14:3-2A.

For detail concerning individual rate class base distribution charges, see individual rate class tariff sheets.

B.P.U.N.J. No. 16 GAS

XXX Revised Sheet No. 65 Superseding XXX Revised Sheet No. 65

RATE SCHEDULE RSG RESIDENTIAL SERVICE

APPLICABLE TO USE OF SERVICE FOR:

Firm delivery service for residential purposes. Customers may either purchase gas supply from a Third Party Supplier (TPS) or from Public Service's Basic Gas Supply Service default service as detailed in this rate schedule.

DELIVERY CHARGES:

Service Charge:

\$8.08 in each month [\$8.62 including New Jersey Sales and Use Tax (SUT)].

Distribution Charges:

Charge Charge <u>Including SUT</u> \$0.437491 \$0.466475 per therm

Balancing Charge:

Charge <u>Charge</u> <u>Including SUT</u> \$0.0918300.094435\$0.0979140.100691

per Balancing Use Therm

Distribution charges include Infrastructure Improvement Program Charges (IIP). Refer to Tariff Sheet 60 for details of these charges.

Societal Benefits Charge:

This charge shall recover costs associated with activities that are required to be accomplished to achieve specific public policy determinations mandated by Government. Societal Benefits include: 1) Social Programs, 2) Demand Side Management Programs, 3) Manufactured Gas Plant Remediation, 4) Consumer Education, and 5) Universal Service Fund. Refer to the Societal Benefits Charge sheet of this Tariff for the current charge.

Margin Adjustment Charge:

This charge shall credit net revenue associated with Rate Schedule Non-Firm Transportation Gas Service (TSG-NF) to customers on Rate Schedules RSG, GSG, LVG, SLG and TSG-F. Refer to the Margin Adjustment Charge sheet of this Tariff for the current charge.

Green Programs Recovery Charge:

This charge is designed to recover the revenue requirements associated with the PSE&G Green Programs as approved by the Board. Refer to the Green Programs Recovery Charge sheet of this Tariff for the current charge.

XXX Revised Sheet No. 112A Superseding XXX Revised Sheet No. 112A

RATE SCHEDULE CSG CONTRACT SERVICE (Continued)

ECONOMICALLY VIABLE BYPASS DELIVERY CHARGES:

Service Charge:

\$902.42 in each month [\$962.21 including New Jersey Sales and Use Tax (SUT)]

Distribution Charge:

Net Alternative Delivery Cost multiplied by the applicable Net Alternative Delivery Cost Factor divided by the Contracted Monthly Therms rounded to the nearest \$0.000000 per therm.

Distribution charges include Infrastructure Improvement Program Charges (IIP). Refer to Tariff Sheet 61 for details of these charges.

Maintenance Charges:

Equals the Alternative Delivery Cost multiplied by the applicable Alternative Delivery Cost Factor divided by the Contract Monthly Therms rounded to the nearest \$0.000000 per therm.

Plus any customer site-specific ongoing or continuing cost not directly related to the operation, maintenance or inspection of the customer's planned by-pass pipeline. This shall include, but not be limited to, periodic payments for rights-of-way, easements, pipeline cost differentials, permits or other such costs. These charges shall be expressed on a monthly levelized basis over the term of service.

Public Service will also take into consideration any operational or deliverability differences that would be reasonably expected between the pipeline and/or service over Public Service's distribution system in determining Delivery Charges. In no event shall the Delivery Charges be lower than an amount sufficient to generate a return on the capital investments made by Public Service and recovery of marginal and embedded costs, including depreciation, to provide service to the customer over the term of each CSG agreement.

Balancing Charge:

Applicable only if the customer is provided Public Service's Basic Gas Supply Service – Firm (BGSS-F) default service.

<u>Charge</u> <u>Charge</u> <u>Including SUT</u> \$<u>0.091830</u>0.094435 \$<u>0.097914</u>0.100691 per Balancing Use Therm

Societal Benefits Charge:

This charge shall recover costs associated with activities that are required to be accomplished to achieve specific public policy determinations mandated by government. In appropriate circumstances, the Board of Public Utilities may approve a discount from the Societal Benefits Charge. Refer to the Societal Benefits Charge sheet of this Tariff for the current charge and applicable exemptions.

Green Programs Recovery Charge:

This charge is designed to recover the revenue requirements associated with the PSE&G Green Programs as approved by the Board. In appropriate circumstances, the Board of Public Utilities may approve a discount from the Green Programs Recovery Charge. Refer to the Green Programs Recovery Charge sheet of this Tariff for the current charge and applicable exceptions.

in Docket No.

Date of Issue: Issued by SCOTT S. JENNINGS, SVP – Finance, Planning & Strategy – PSE&G 80 Park Plaza, Newark, New Jersey 07102 Filed pursuant to Order of Board of Public Utilities dated

Effective:

B.P.U.N.J. No. 16 GAS

XXX Revised Sheet No. 54 Superseding XXX Revised Sheet No. 54

BGSS-RSG BASIC GAS SUPPLY SERVICE-RSG COMMODITY CHARGES APPLICABLE TO RATE SCHEDULE RSG (Per Therm)

	** ** **
Estimated Non-Gulf Coast Cost of Gas	\$0.074813

Estimated Gulf Coast Cost of Gas	0.339920
Adjustment to Gulf Coast Cost of Gas	0.000000
Prior period (over) or under recovery	<u>(0.049390)</u>
Adjusted Cost of Gas	0.365343
Commodity Charge after application of losses: (Loss Factor = 2.0%)	\$0.372799

Commodity Charge including New Jersey Sales and Use Tax (SUT) \$0.397497

The above Commodity Charge will be established on a level annualized basis immediately prior to the winter season of each year for the succeeding twelve-month period. The estimated average Non-Gulf and Gulf Coast Cost of Gas will be adjusted for any under- or over-recovery together with applicable interest thereon which may have occurred during the operation of the Company's previously approved Commodity Charge filing. Further, the Company will be permitted a limited self-implementing increase to the Commodity Charge on December 1 and February 1 of each year. These limited self-implementing increases, if applied, are to be in accordance with a Board of Public Utilities approved methodology. Commodity Charge decreases would be permitted at any time if applicable.

The difference between actual costs and Public Service's recovery of these costs shall be determined monthly. If actual costs exceed the recovery of these costs, an underrecovery or a negative balance will result. If the recovery of these costs exceeds actual costs, an overrecovery or a positive balance will result. Interest shall be applied monthly to the average monthly cumulative deferred balance, positive or negative, from the beginning to the end of the annual period. Monthly interest on negative deferred balances (underrecoveries) shall be netted against monthly interest on positive deferred balances (overrecoveries) for the annual period. A cumulative net positive interest balance at the end of the annual period is owed to customers and shall be returned to customers in the next annual period. A cumulative net negative interest balance shall be added to the overrecovery balance or subtracted from the underrecovery balance at the end of the annual period. The positive interest balance at the end of the annual period. The positive interest balance at the end of the annual period. The positive interest balance at the end of the annual period. The positive interest balance at the end of the annual period. The positive interest balance at the end of the annual period. The positive interest balance at the end of the annual period.

Pursuant to the Board's January 6, 2003 Order approving the BGSS price structure under Docket No. GX01050304 and the BGSS Pricing Proposal appended as Attachment A to and approved in that Order, Public Service Electric and Gas Company may issue a bill credit for its BGSS-RSG customers as detailed below.

Effective	BGSS-RSG Credit (per therm)	BGSS-RSG Credit including SUT (per therm)

Distribution charges include Infrastructure Improvement Program Charges (IIP). Refer to Tariff Sheet 61 for details of these charges.

Maintenance Charges:

Equals the Alternative Delivery Cost multiplied by the applicable Alternative Delivery Cost Factor divided by the Contract Monthly Therms rounded to the nearest \$0.000000 per therm.

Plus any customer site-specific ongoing or continuing cost not directly related to the operation, maintenance or inspection of the customer's planned by-pass pipeline. This shall include, but not be limited to, periodic payments for rights-of-way, easements, pipeline cost differentials, permits or other such costs. These charges shall be expressed on a monthly levelized basis over the term of service.

Public Service will also take into consideration any operational or deliverability differences that would be reasonably expected between the pipeline and/or service over Public Service's distribution system in determining Delivery Charges. In no event shall the Delivery Charges be lower than an amount sufficient to generate a return on the capital investments made by Public Service and recovery of marginal and embedded costs, including depreciation, to provide service to the customer over the term of each CSG agreement.

Balancing Charge:

Applicable only if the customer is provided Public Service's Basic Gas Supply Service – Firm (BGSS-F) default service.

	<u>Charge</u>	
Charge	Including SUT	
\$ <u>0.09183</u> 0	\$0.097914	per Balancing Use Therm

Societal Benefits Charge:

This charge shall recover costs associated with activities that are required to be accomplished to achieve specific public policy determinations mandated by government. In appropriate circumstances, the Board of Public Utilities may approve a discount from the Societal Benefits Charge. Refer to the Societal Benefits Charge sheet of this Tariff for the current charge and applicable exemptions.

Green Programs Recovery Charge:

This charge is designed to recover the revenue requirements associated with the PSE&G Green Programs as approved by the Board. In appropriate circumstances, the Board of Public Utilities may approve a discount from the Green Programs Recovery Charge. Refer to the Green Programs Recovery Charge sheet of this Tariff for the current charge and applicable exceptions.

Date of Issue: Issued by SCOTT S. JENNINGS, SVP – Finance, Planning & Strategy – PSE&G 80 Park Plaza, Newark, New Jersey 07102 Filed pursuant to Order of Board of Public Utilities dated in Docket No.
