AND TELECOMMUNICATIONS

IN THE MATTER OF THE PETITION OF COMCAST )  
OF CENTRAL NEW JERSEY, LLC FOR A RENEWAL ) RENEWAL CERTIFICATE OF  
CERTIFICATE OF APPROVAL TO CONTINUE TO ) APPROVAL  
CONSTRUCT, OPERATE, AND MAINTAIN A CABLE )  
TELEVISION SYSTEM IN AND FOR THE TOWNSHIP )  
OF EAST WINDSOR, COUNTY OF MERCER, STATE )  
OF NEW JERSEY ) DOCKET NO. CE24050293

**Parties of Record:**

**Stan Barrett, Esq.**, Brach Eichler LLC, on behalf of Comcast of Central New Jersey, LLC  
**Allison Quigley, Clerk**, Township of East Windsor, New Jersey

**BY THE BOARD:**

On October 12, 1979, the New Jersey Board of Public Utilities ("Board") granted Futurevision Cablevision Enterprises, Inc. ("Futurevision") a Certificate of Approval ("Certificate") in Docket No. 797C-6517 for the construction, operation and maintenance of a cable television system in the Township of East Windsor ("Township"). On July 1, 1988, the Board approved an internal corporate reorganization of Futurevision which, among other things, allowed Futurevision to change its name to Storer Cable Communications of Central New Jersey, Inc. d/b/a Storer Cable Communications ("Storer") in Docket No. CM86050542. On August 28, 1990, the Board granted Storer a Renewal Certificate of Approval ("Renewal Certificate") for the Township in Docket No. CE89070657. Due to a series of transfers with required Board approvals, Comcast Cablevision of Central New Jersey, Inc. ("Comcast") became the holder of the Renewal Certificate. On July 11, 1997, the Board issued a Renewal Certificate to Comcast in Docket No. CE97050336. Based on a name change, Comcast is currently known as Comcast of Central New Jersey, LLC ("Petitioner"). On October 23, 2008, the Board issued a Renewal Certificate to the Petitioner in Docket No. CE08070469. Although, by its terms, the Petitioner's above referenced Renewal Certificate expired on October 12, 2021, the Petitioner is authorized to continue to provide cable television service to the Township pursuant to N.J.S.A. 48:5A-25, pending disposition of proceedings regarding the renewal of its Certificate.

The Petitioner filed an application for the renewal of its municipal consent with the Township on or about January 12, 2021, pursuant to N.J.S.A. 48:5A-23 and N.J.A.C. 14:18-13.1 to 9. On May

23, 2023<sup>1</sup>, the Township, after public hearing, adopted an ordinance granting renewal municipal consent to the Petitioner ("Ordinance").<sup>2</sup> The Petitioner formally accepted the terms and conditions of the Ordinance on April 10, 2024. On May 3, 2024, pursuant to N.J.S.A. 48:5A-16, the Petitioner filed with the Board for a renewal of its Certificate for the Township.

### **DISCUSSION AND FINDINGS**

The Board has reviewed the application for municipal consent, the Ordinance, and the petition for a Renewal Certificate. Based upon this review and the recommendation of the Office of Cable Television and Telecommunications, the Board **HEREBY FINDS** the following:

1. The Petitioner possesses the requisite legal, character, financial, and technical qualifications for the awarding of a Certificate. Further, these qualifications were reviewed by the Township in conjunction with the municipal consent process.
2. The design and technical specifications of the system shall ensure that the Petitioner provides safe, adequate, and proper service.
3. The Petitioner has represented that all previously required construction within the franchise territory is complete.
4. The franchise period as stated in the Ordinance is ten (10) years, pursuant to N.J.S.A. 48:5A-19 and 25. The Board finds this franchise period reasonable.
5. The Township has reserved the right to review the Petitioner's performance with regard to the Ordinance. In the event that the Township shall find that the Petitioner has not substantially complied with the material terms and conditions of the Ordinance, the Township shall have the right to petition the Board for appropriate administrative action, pursuant to N.J.S.A. 48:5A-47, provided, however, that the Township shall first have given the Petitioner written notice of all alleged instances of non-compliance and an opportunity to cure the same within ninety (90) days of that notification. If, after such reasonable notice and opportunity to cure, the Petitioner has not cured any such findings of non-compliance, the Township may petition the Board for appropriate administrative action, including modification and/or termination of the Certificate.
6. The Petitioner shall be required to offer service to any present or future dwelling unit, school, institution, and business located and to be located along any public rights-of-way in the Primary Service Area at no cost beyond standard and non-standard installation charges as set forth in the Petitioner's application. The Petitioner shall utilize the line extension policy attached to the Certificate (Appendix "I") for any extension of plant outside of the Primary Service Area. The minimum homes per mile ("HPM") figure is thirty-five (35).

---

<sup>1</sup> On April 3, 2025, the Petitioner filed an amendment to the Petition that corrected an error which misstated the Ordinance adoption date. The correction clarified that the Ordinance was adopted May 23, 2023.

<sup>2</sup> The ordinance adopted on May 23, 2023, erroneously stated the Petitioner's name as Comcast of Central New Jersey, L.P. On January 23, 2025, the Office of Cable Television and Telecommunications notified the Township and the Petitioner that the Renewal Certificate would reflect the correct name as Comcast of Central New Jersey, LLC.

7. The Petitioner shall maintain an informational schedule of prices, terms and conditions for unregulated service, and promptly file any revisions thereto.
8. Pursuant to statutory requirements, the Ordinance specifies a complaint officer to receive and act upon complaints filed by subscribers in the Township. In this case, it is the Township Manager or his designee. All complaints shall be received and processed in accordance with any applicable rules.
9. During the term of this franchise, and any renewal thereof, the Petitioner shall maintain a local business office or agent for the purpose of receiving, investigating, and resolving complaints regarding the quality of service, equipment malfunctions, and similar matters. The Petitioner currently maintains a local office located at 3371 U.S. Route 1, Lawrenceville, New Jersey.
10. Pursuant to N.J.S.A. 48:5A-30, the franchise fee to be paid to the Township is specified to be three-and-one half percent (3.5%) of the Petitioner's gross revenues, as defined in N.J.S.A. 48:5A-3(x), derived from cable television charges or fees paid by subscribers for its cable television service in the Township. Additional regulatory fees shall be paid to the State in an amount not to exceed two percent (2%) of Petitioner's gross operating revenues derived from intrastate operations. The Board finds these fees to be reasonable.
11. The Petitioner shall provide public, educational, and governmental ("PEG") access channels and facilities in accordance with its renewal application and the Ordinance. Specifically, the Petitioner shall continue to make available one (1) governmental access channel and one (1) dedicated public access channel. The Petitioner will maintain the cable, modulators and equipment necessary for the Township or its designee to send signal to the Petitioner, and to receive the return feed of the signal.
12. Within six (6) months of the effective date of this Certificate, the Petitioner shall provide to the Township a one-time educational and governmental Access Capital Grant in the amount of \$75,000 to meet the Access capital needs of the community. Upon completion, the Petitioner shall submit proof to the Office of Cable Television and Telecommunications indicating its compliance with this provision.
13. The Petitioner shall continue to provide, free of charge, basic cable television service to one (1) outlet to each qualified existing school and library in the Township, public and private, elementary, intermediate and secondary, provided the school building is within 200 feet of active cable distribution plant or through customer owned conduit. Each additional outlet installed, if any, shall be paid for on a materials plus labor basis by the school or library requesting service.<sup>3</sup>
14. The Petitioner shall continue to provide, free of charge, basic cable television service to one (1) outlet to each qualified municipal building in the Township, including Township Hall, Police Headquarters, Fire Department, Senior Center and First Aid building, provided they are within 200 feet of active cable distribution plant or through

---

<sup>3</sup> On January 23, 2025, the Petitioner confirmed that the provision of cable television service to the qualified existing school and library will be provided to the Township as stipulated in the Ordinance, free of charge.

customer owned conduit. Each additional outlet installed, if any, shall be paid for on a materials plus labor basis by the Township.<sup>4</sup>

Based upon these findings, the Board **HEREBY CONCLUDES**, pursuant to N.J.S.A. 48:5A-17(a) and 28(c), that the Petitioner has the municipal consent necessary to support the petition; that such consent and issuance thereof are in conformity with the requirements of N.J.S.A. 48:5A-1 to 64; that the Petitioner has complied or is ready, willing, and able to comply with all applicable rules and regulations imposed by or pursuant to State and federal law as preconditions for engaging in the proposed cable television operations; that the Petitioner has sufficient financial and technical capacity, and meets the legal, character and other qualifications necessary to construct, maintain and operate the necessary installations, lines and equipment; and that the Petitioner is capable of providing the proposed service in a safe, adequate and proper manner.

Therefore, the Petitioner is **HEREBY ISSUED** this Renewal Certificate as evidence of Petitioner's authority to construct and operate a cable television system within the entirety of the Township.

This Renewal Certificate is subject to all applicable State and federal laws, the rules and regulations of the Office of Cable Television and Telecommunications, and any such lawful terms, conditions, and limitations as currently exist or may hereafter be attached to the exercise of the privileges granted herein. The Petitioner shall adhere to the operating standards set forth by the Federal Communications Commission's rules and regulations, 47 C.F.R. § 76.1 et seq., including, but not limited to, the technical standards 47 C.F.R. § 76.601 through § 76.630. Any modifications to the provisions thereof shall be incorporated into this Certificate.

Failure to comply with all applicable laws, rules, regulations, and orders of the Board or the Office of Cable Television and Telecommunications and/or the terms, conditions, and limitations set forth herein may constitute sufficient grounds for the suspension or revocation of this Certificate.

This Renewal Certificate is issued on the representation that the statements contained in the Petitioner's applications are true, and the undertakings therein contained shall be adhered to and be enforceable unless specific waiver is granted by the Office of Cable Television and Telecommunications pursuant to the authority contained in N.J.S.A. 48:5A-1 to 64.

---

<sup>4</sup> On January 23, 2025, the Petitioner confirmed that the provision of cable television service to the qualified municipal buildings will be provided to the Township as stipulated in the Ordinance, free of charge.

Agenda Date: 4/23/25  
Agenda Item: IIIA

This Certificate shall expire on October 12, 2031.

This Order shall be effective on April 30, 2025.

BOARD SECRETARY

I HEREBY CERTIFY that the within  
document is a true copy of the original  
in the files of the Board of Public Utilities.

**APPENDIX "I"**  
**Office of Cable Television and Telecommunications**  
**Line Extension Policy**

Company: Comcast of Central New Jersey, LLC  
Municipality: Township of East Windsor, County of Mercer

A cable operator is required to absorb the cost of extensions to the system in the same proportion that the extension is to the remainder of the system.

Actual subscribers served by the extension are required to absorb the remainder of the cost.

If new subscribers are added to the extension, the cost is adjusted and those who previously paid receive an appropriate rebate.

1.  $\frac{\text{\# of homes in extension}}{\text{mileage of extension}} = \text{homes per mile ("HPM") of extension}$
2.  $\frac{\text{HPM of extension}}{\text{Minimum HPM that company actually constructs in the system*}} = \text{ratio of the density of the extension to the minimum density that the company constructs in the system ("A")}$
3.  $\text{Total cost of building the extension times "A"} = \text{company's share of extension cost}$
4.  $\text{Total cost of building extension less company's share of extension cost} = \text{total amount to be recovered from subscribers}$
5.  $\frac{\text{Total amount to be recovered from subs}}{\text{Total subscribers in extension}} = \text{each subscriber's share}$

In any case, the company shall extend its plant along public rights of way to:

1. All residences and businesses within 150 aerial feet of the operator's existing plant at no cost beyond the normal installation rate.
2. All residences and businesses within 100 underground feet of the operator's plant at no cost beyond the normal installation rate.

\* The minimum HPM that the company actually constructs in the system or municipality is the minimum number of homes that the company has historically constructed at its own cost. This is a function of the operator's breakeven point and its rate of return. Unbuilt systems will use the primary service area rather than construction.

The operator's installation policies shall apply to construction beyond the public right of way.

Detailed accounting or financial information to support the minimum HPM shall be supplied to the Office for its approval in such form as required. The minimum HPM shall be updated as appropriate.

When a request for service is received, and unless good cause is shown, cable companies shall:

1. Provide a written estimate within thirty (30) days of such a request.
2. Begin construction within sixty (60) days of receipt of any deposit monies from potential subscribers.
3. Complete construction within six (6) months of receipt of any deposit monies from potential subscribers.
4. Inform each home passed along the extension of the potential costs for subscribers.

Subscribers who pay for an extension shall be entitled to rebates in the following manner:

1. If the company acquires new subscribers subsequent to the initial calculation of step 5 above, the formula will be adjusted and those who have previously paid for the extension will be entitled to an appropriate rebate. In no event shall the amount of the rebate exceed the subscriber's contribution.
2. The company shall keep accurate records of the cost of the extension, the amounts paid by subscribers, and any appropriate adjustments.
3. The company shall notify subscribers in the extension of their rights and responsibilities concerning the extension.
4. Once an individual dwelling has paid its share of the extension cost, future reconnections or installations shall be made at the company's standard rates.
5. After a period of five (5) years from the installation of the first dwelling unit in the extension, no further adjustments shall be made. Installations after five (5) years shall be at the company's standard rate.
6. Once a subscriber is installed, that person shall not normally be entitled to a refund of any monies paid for the installations, except in accordance with the rebate procedure outlined in this policy.

## **Definitions**

### Primary Service Area

The Primary Service Area ("PSA") can be an entire municipality, but in many instances the PSA is a limited area within a community outside of which a line extension policy may apply. The PSA is depicted by a franchise map and narrative, presented and recorded during the franchise proceedings. It normally remains a fixed geographic area throughout the life of the franchise.

### Line Extension Survey

Potential subscribers residing outside the PSA who request service are entitled to an estimate of their share of the cost to secure service. When conducting a survey and estimating costs, a cable company should factor in all potential subscribers who could practicably be included in the extension and give consideration to apparent residential construction in areas contiguous to the proposed extension.
