

NOTICE TO PUBLIC SERVICE ELECTRIC AND GAS COMPANY GAS CUSTOMERS

**IN THE MATTER OF PUBLIC SERVICE ELECTRIC AND GAS COMPANY’S
2024/2025 ANNUAL BGSS COMMODITY CHARGE FILING FOR ITS RESIDENTIAL
GAS CUSTOMERS UNDER ITS PERIODIC PRICING MECHANISM AND FOR
CHANGES IN ITS BALANCING CHARGE**

Notice of Filing and Public Hearings

Docket No. GR24050364

PLEASE TAKE NOTICE that, on May 31, 2024, Public Service Electric and Gas Company (“Public Service”, or “Company”) filed a petition and supporting testimony with the New Jersey Board of Public Utilities (“Board” or “BPU”) requesting that the Board permit Public Service to decrease its Basic Gas Supply Service (“BGSS-RSG”) Commodity Charge applicable to its Residential Service (“RSG”) customers and to increase its Balancing Charge, which is based on winter gas usage, to customers receiving service under RSG, General Service (“GSG”), Large Volume Service (“LVG”) and Contract Service (“CSG”) where applicable effective October 1, 2024, or earlier should the Board deem it appropriate (“Petition”). Approval of the Company’s request would result in a decrease in annual BGSS-RSG revenues of approximately \$98.8 million (excluding losses and New Jersey Sales and Use Tax or “SUT”). The requested decrease in the BGSS-RSG Commodity Charge is from \$0.397497 per therm (including losses and SUT) to \$0.327799 per therm (including losses and SUT), and the requested increase in the Balancing Charge is from \$0.097914 per balancing use therm (including losses and SUT) to \$0.101236 per balancing use therm (including losses and SUT).

Based upon rates effective June 1, 2024, the combined effects of the requested decrease in the BGSS-RSG and Balancing Charges on typical residential gas winter monthly bills, if approved by the Board, are shown in Table #1.

Based on the filing, the average monthly impact of the proposed rates to the typical residential gas customer using 172 therms in a winter month and 87 average monthly therms (1,040 annually) would be a decrease in the average monthly bill from \$95.98 to \$90.13, or \$5.85, or approximately 6.10%. On an annual basis, the typical residential customer using 1,040 therms annually would see a decrease in their annual bill from \$1,151.70 to \$1,081.52, or \$70.18, or approximately 6.09%.

In addition, the Board, in its Order in Docket No. GX01050304 dated January 6, 2003, granted Public Service approval to increase its Commodity Charge rates to be effective December 1st of this year, 2024, and/or February 1st of next year, 2025, on a self-implementing basis; each increase is subject to a maximum rate increase of 5% of the average rate based on a typical residential customer’s monthly bill of 100 therms on average (or 1,200 therms annually). Such rate increases shall be preconditioned upon written notice by Public Service to BPU Staff and the New Jersey Division of Rate Counsel (“Rate Counsel”) no later than November 1, 2024 and/or January 1, 2025 of its intention to apply a December 1st or a February 1st self-implementing rate increase, respectively, and the approximate amount of the increases based upon then current market data. These increases, if requested and implemented, would be in accordance with the Board-approved methodology.

Should it become necessary to apply the December 1, 2024 self-implementing 5% increase, the bill impact would be an increase as illustrated in Table #2. Further, if a February 1, 2025 self-implementing 5% increase becomes necessary, then there would be an additional increase as also shown in Table #2.

The above requests will not result in any profit to the Company.

The Board has statutory authority pursuant to N.J.S.A. 48:2-21, to establish the BGSS-RSG and Balancing charges at levels it finds just and reasonable. Therefore, the Board may establish the BGSS-RSG and Balancing charges at levels other than that proposed by Public Service. As a result, the described charges may increase or decrease based upon the Board’s decision. The Company’s electric and gas costs addressed in the Petition and subsequent updates will remain subject to audit by the Board, and Board approval shall not preclude or prohibit the Board from taking any such actions deemed appropriate as a result of any such audit.

A copy of this Notice of Filing and Public Hearings on the Petition is being served upon the clerk, executive or administrator of each municipality and county within the Company’s service territory. The Petition is available for review online at the Public Service website at <http://www.pseg.com/pseandgfilings> and has been sent to Rate Counsel, who will represent the interests of all Public Service customers in this proceeding. The Petition is also available to review online through the Board’s website, <https://publicaccess.bpu.state.nj.us>, where you can search by the above-captioned docket number. The Petition and Board file may also be reviewed at the Board located at 44 South Clinton Avenue, 1st Floor, Trenton, NJ, with an appointment. To make an appointment, please call (609) 913-6298.
