Price quote for hand railing repairs on the ferry loading pier:

Price includes replacement of missing balusters and replacement of balusters that can't be straightened. Also includes straitening slightly bent balusters. Repair railing connections and hardware. Paint new balusters to match (as close as possible to current color- current color is faded) Clean up and dispose of all waste. Price does not include replacing or repairing every damaged baluster, only the ones that do not conform to 4 inch pass-thru specifications.

Total price includes all labor and materials.

\$ 17,495.00

Price is based on prevailing wage rates.

Repairs will require approximately 10 days to complete.

No expressed warranty that the paint color will be match able due to weathering.

Thank you for the opportunity to provide this proposal.
